(57) **CLAIM**

The ornamental design for an air freshener housing, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an air freshener housing showing my new design, showing a hinged power element in a straight position;

FIG. 2 is a perspective view thereof, showing the hinged power element in a perpendicular position;

FIG. 3 is a perspective view thereof, showing a hinged enclosure in an open position;

FIG. 4 is a front view, showing a hinged enclosure in a closed position;

FIG. 5 is a rear view thereof;

FIG. 6 is a left view thereof;

FIG. 7 is a right view thereof;

FIG. 8 is a right view thereof, showing the hinged power element in a perpendicular position;

FIG. 9 is a right view thereof, showing the hinged power element in a perpendicular position opposite that shown in FIG. 8;

FIG. 10 is a back view thereof, showing the hinged enclosure in an open position;

FIG. 11 is a right view thereof, showing the hinged enclosure in an open position;

FIG. 12 is a left view thereof, showing the hinged enclosure in an open position.

FIG. 13 is a top view thereof, with the hinged enclosure in a closed position;

FIG. 14 is a top view thereof, with the hinged enclosure in an open position;

FIG. 15 is a bottom view thereof, showing the hinged power element in a straight position; and,

FIG. 16 is a bottom view thereof, showing the hinged power element in a perpendicular position.
