(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of the first image in a sequence for a display screen with animated graphical user interface showing our new design;

FIG. 2 is the second image thereof;

FIG. 3 is the third image thereof; and,

FIG. 4 is the fourth image thereof.

The subject matter in this patent includes a process or period in which an image changes into another image. This process or period forms no part of the claimed design.

The broken line showings of the remainder of the graphical user interface and display screen are for environmental purposes only and form no part of the claimed design.
