(57) **CLAIM**

The ornamental design for glass reflection wall tile, as shown and described.

FIG. 1 is a front view of a glass reflection wall tile having a central reflection portion and showing my new design;
FIG. 2 is a rear view of the tile of FIG. 1, showing the opaque back side;
FIG. 3 is a front view of a second embodiment of the glass reflection wall tile, having a different shape central reflection portion;
FIG. 4 is a rear view of the tile of FIG. 3, showing the opaque back side;
FIG. 5 is a front view of a third embodiment of the glass reflection wall tile, having a different shape central reflection portion;
FIG. 6 is a rear view of the tile of FIG. 5, showing the opaque back side;
FIG. 7 is a front view of a fourth embodiment of the glass reflection wall tile, having a differently placed central reflection portion;
FIG. 8 is a rear view of the tile of FIG. 7, showing the opaque back side;
FIG. 9 is a front view of a fifth embodiment of the glass reflection wall tile, having a different shape;
FIG. 10 is a rear view of the tile of FIG. 9, showing the opaque back side;
FIG. 11 is a side view of the glass reflection wall tile, showing the back-painted opaque layer and the reflective coating, only on the back side of the tile; and,
FIG. 12 is a partially expanded side view of the tile of FIG. 11, providing a clearer picture of the central portion of the back-painted, opaque layer covering the reflective coating (not necessarily to scale) on the back of the tile.
