(57) **CLAIM**

The ornamental design for a portion of a display screen with a graphic user interface, as shown and described.

DESCRIPTION

The file of this patent contains a least one drawing/photograph executed in color. Copies of this patent with color drawings/photographs will be provided by the United States Patent and Trademark Office upon request and payment of the necessary fee.

The FIGURE is a front elevational view of a portion of a display screen with a graphic user interface showing my new design.

The broken line showing of the portion of the display screen forms no part of the claimed design.
