(57) **CLAIM**

The ornamental design for a stand, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of a stand showing our new design, wherein the stand is shown with an arm and arm lever in a first position;

FIG. 2 is a rear elevation view thereof;

FIG. 3 is a left side elevation view thereof, wherein the right side elevation view is a mirror image of FIG. 3;

FIG. 4 is a top plan view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a front right isometric view thereof;

FIG. 7 is an additional left side elevation view thereof, wherein the stand is shown with the arm and arm lever in a second position, and wherein the corresponding right side elevation view is a mirror image of FIG. 7;

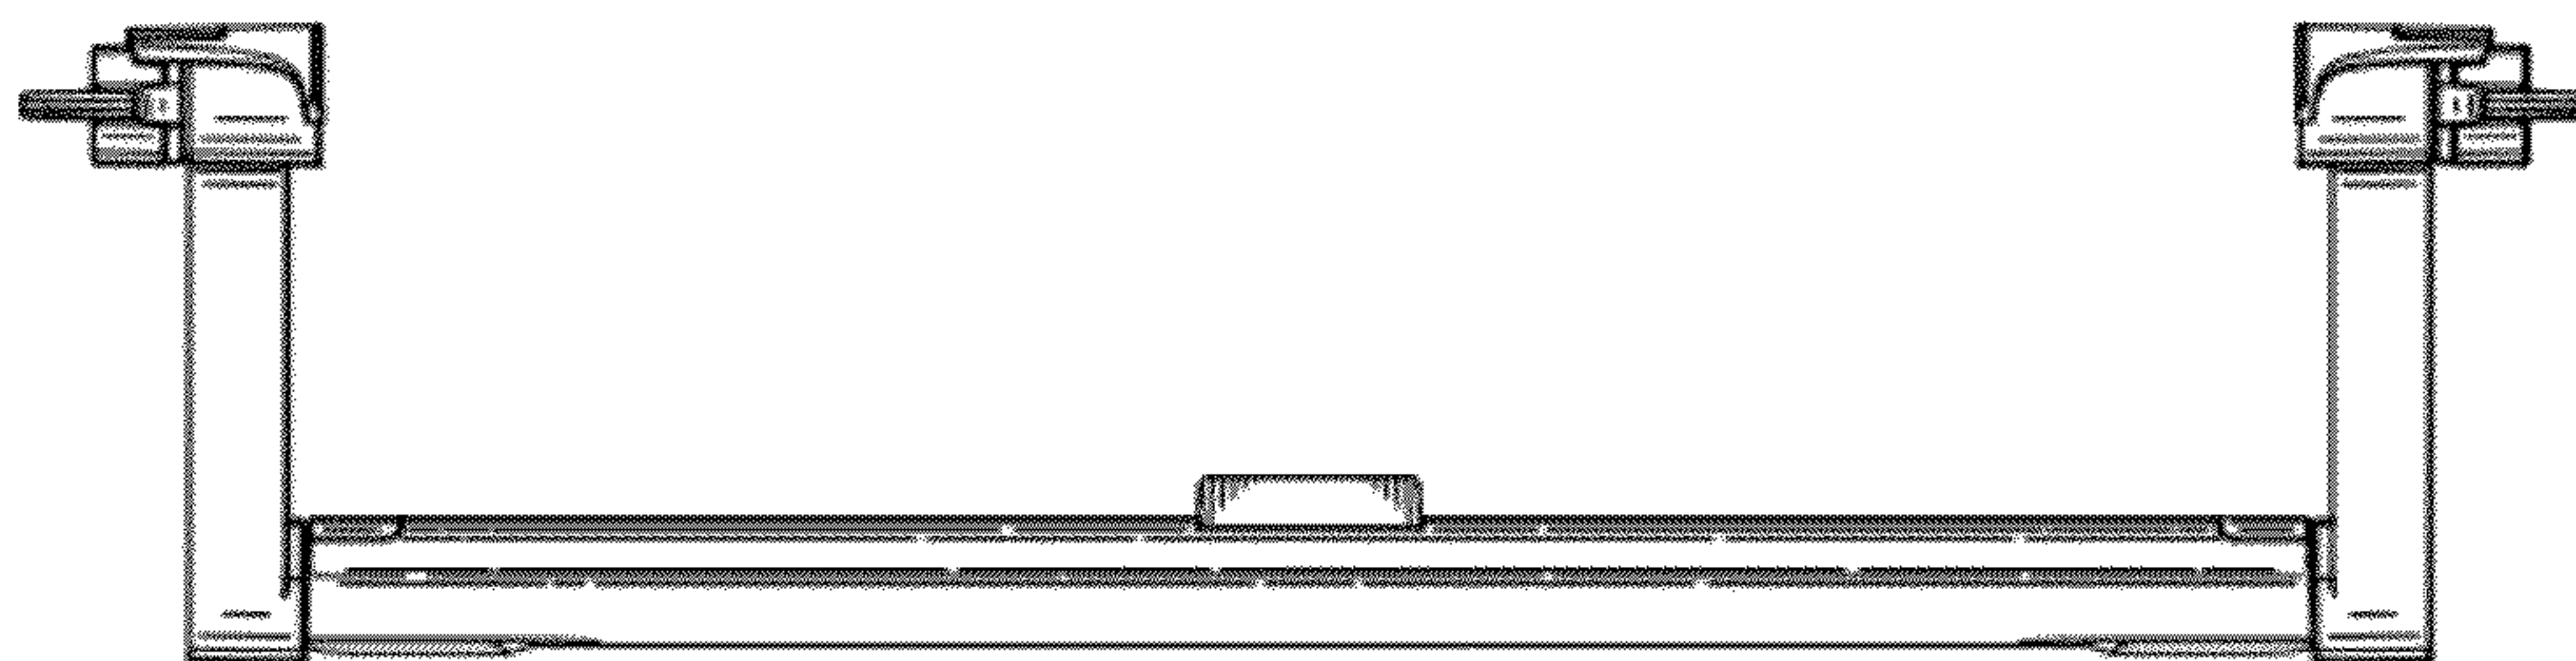

FIG. 8 is an additional left side elevation view thereof, wherein the stand is shown with the arm and arm lever in a third position, and wherein the corresponding right side elevation view is a mirror image of FIG. 8;

FIG. 9 is an additional front right isometric view thereof, further illustrating the stand supporting a display as environmental subject matter, wherein the stand is shown with the arm in the first position and the arm lever in a fourth position; and,

FIG. 10 is an additional front right isometric view thereof, further illustrating the stand supporting a display as environmental subject matter, wherein the stand is shown with the arm and arm lever in the third position.

The broken lines in FIGS. 9 and 10 illustrate environmental subject matter of the display and form no part of the claimed design.

1 Claim, 4 Drawing Sheets
