(57) **CLAIM**

The ornamental design for a portable tissue valet holder and dispenser, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a portable tissue valet holder, embodying a new design, wherein the portable tissue valet holder and dispenser is shown in a closed orientation;

FIG. 2 is a top plan view of the portable tissue valet holder and dispenser of FIG. 1;

FIG. 3 is a bottom plan view of the portable tissue valet holder and dispenser of FIG. 1;

FIG. 4 is a top plan view of the portable tissue valet holder and dispenser of FIG. 1, wherein the portable tissue valet holder is shown in an open orientation;

FIG. 5 is an isometric view of the portable tissue valet holder and dispenser of FIG. 1, wherein the portable tissue valet holder is shown in the open orientation;

FIG. 6 is a top plan view of the portable tissue valet holder and dispenser of FIG. 1, wherein the portable tissue valet holder is shown in the open orientation;

FIG. 7 is an isometric view of the portable tissue valet holder and dispenser of FIG. 1, wherein the portable tissue valet holder is shown in the open orientation;

FIG. 8 is a side elevation view of the portable tissue valet holder and dispenser of FIG. 1;

FIG. 9 is an opposite side elevation view of the portable tissue valet holder and dispenser of FIG. 8;

FIG. 10 is a front elevation view of the portable tissue valet holder and dispenser of FIG. 1;

FIG. 11 is a rear elevation view of the portable tissue valet holder and dispenser of FIG. 1;

FIG. 12 is a side elevation view of the portable tissue valet holder and dispenser of FIG. 1 showing a pocket closure;

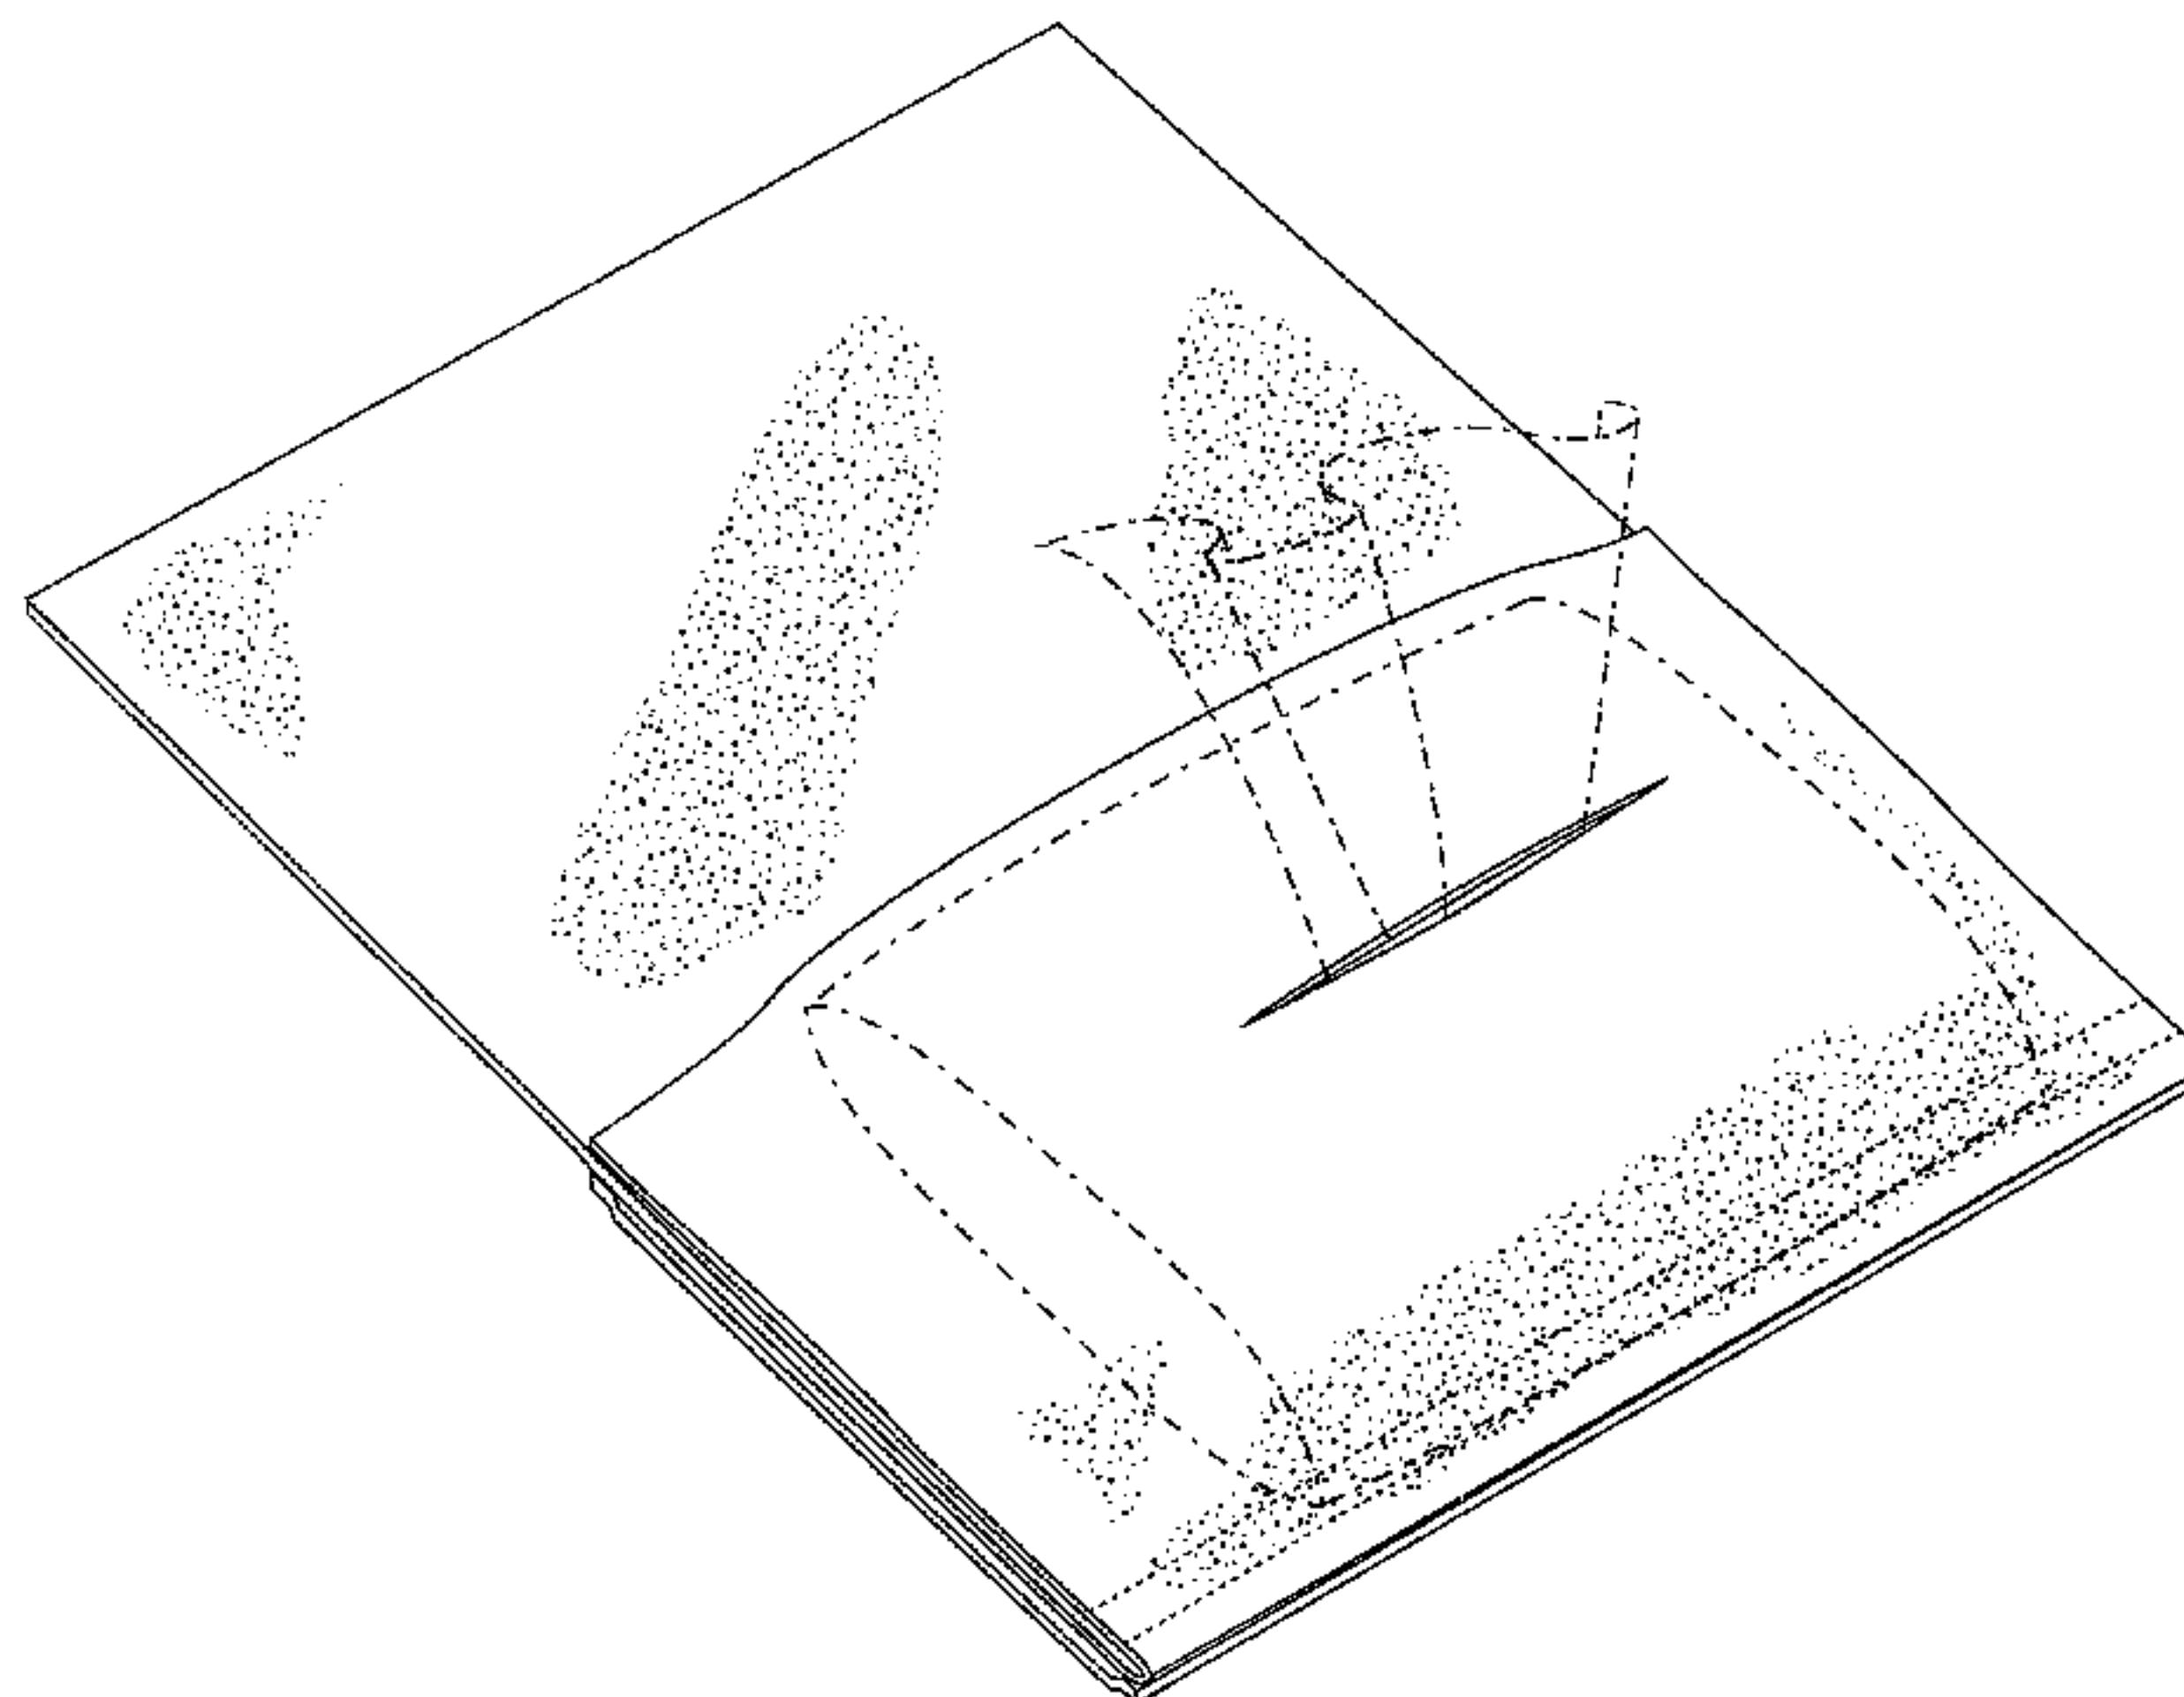

FIG. 13 is an opposite side elevation view of the portable tissue valet holder and dispenser of FIG. 12;

FIG. 14 is a side elevation view of the portable tissue valet holder and dispenser of FIG. 1 showing an alternative pocket closure; and,

FIG. 15 is an opposite side elevation view of the portable tissue valet holder and dispenser of FIG. 14.

The broken lines shown in the drawings are for illustrative purposes only and form no part of the claimed design.
