(57) **CLAIM**

The ornamental design for a protective electrical wiring device, as shown and described.

**DESCRIPTION**

FIG. 1 is a plan view of the protective electrical wiring device in accordance with a first embodiment of the design, the protective electrical wiring device being depicted in situ within an unclaimed wall cover plate;

FIG. 2 is an isometric view of the design shown in FIG. 1;

FIG. 3 is a plan view of the protective electrical wiring device in accordance with a second embodiment of the design;

FIG. 4 is an isometric view of the design shown in FIG. 3;

FIG. 5 is a plan view of the protective electrical wiring device in accordance with a third embodiment of the design;

FIG. 6 is an isometric view of the design shown in FIG. 5;

FIG. 7 is a plan view of the protective electrical wiring device in accordance with a fourth embodiment of the design;

FIG. 8 is an isometric view of the design shown in FIG. 7;

FIG. 9 is a plan view of the protective electrical wiring device in accordance with a fifth embodiment of the design; and,

FIG. 10 is an isometric view of the design shown in FIG. 9.

The broken lines shown in the drawings represent environmental structure that forms no part of the claimed design.
