(57) **CLAIM**

The ornamental design for a back protector, as shown and  
described.

**DESCRIPTION**

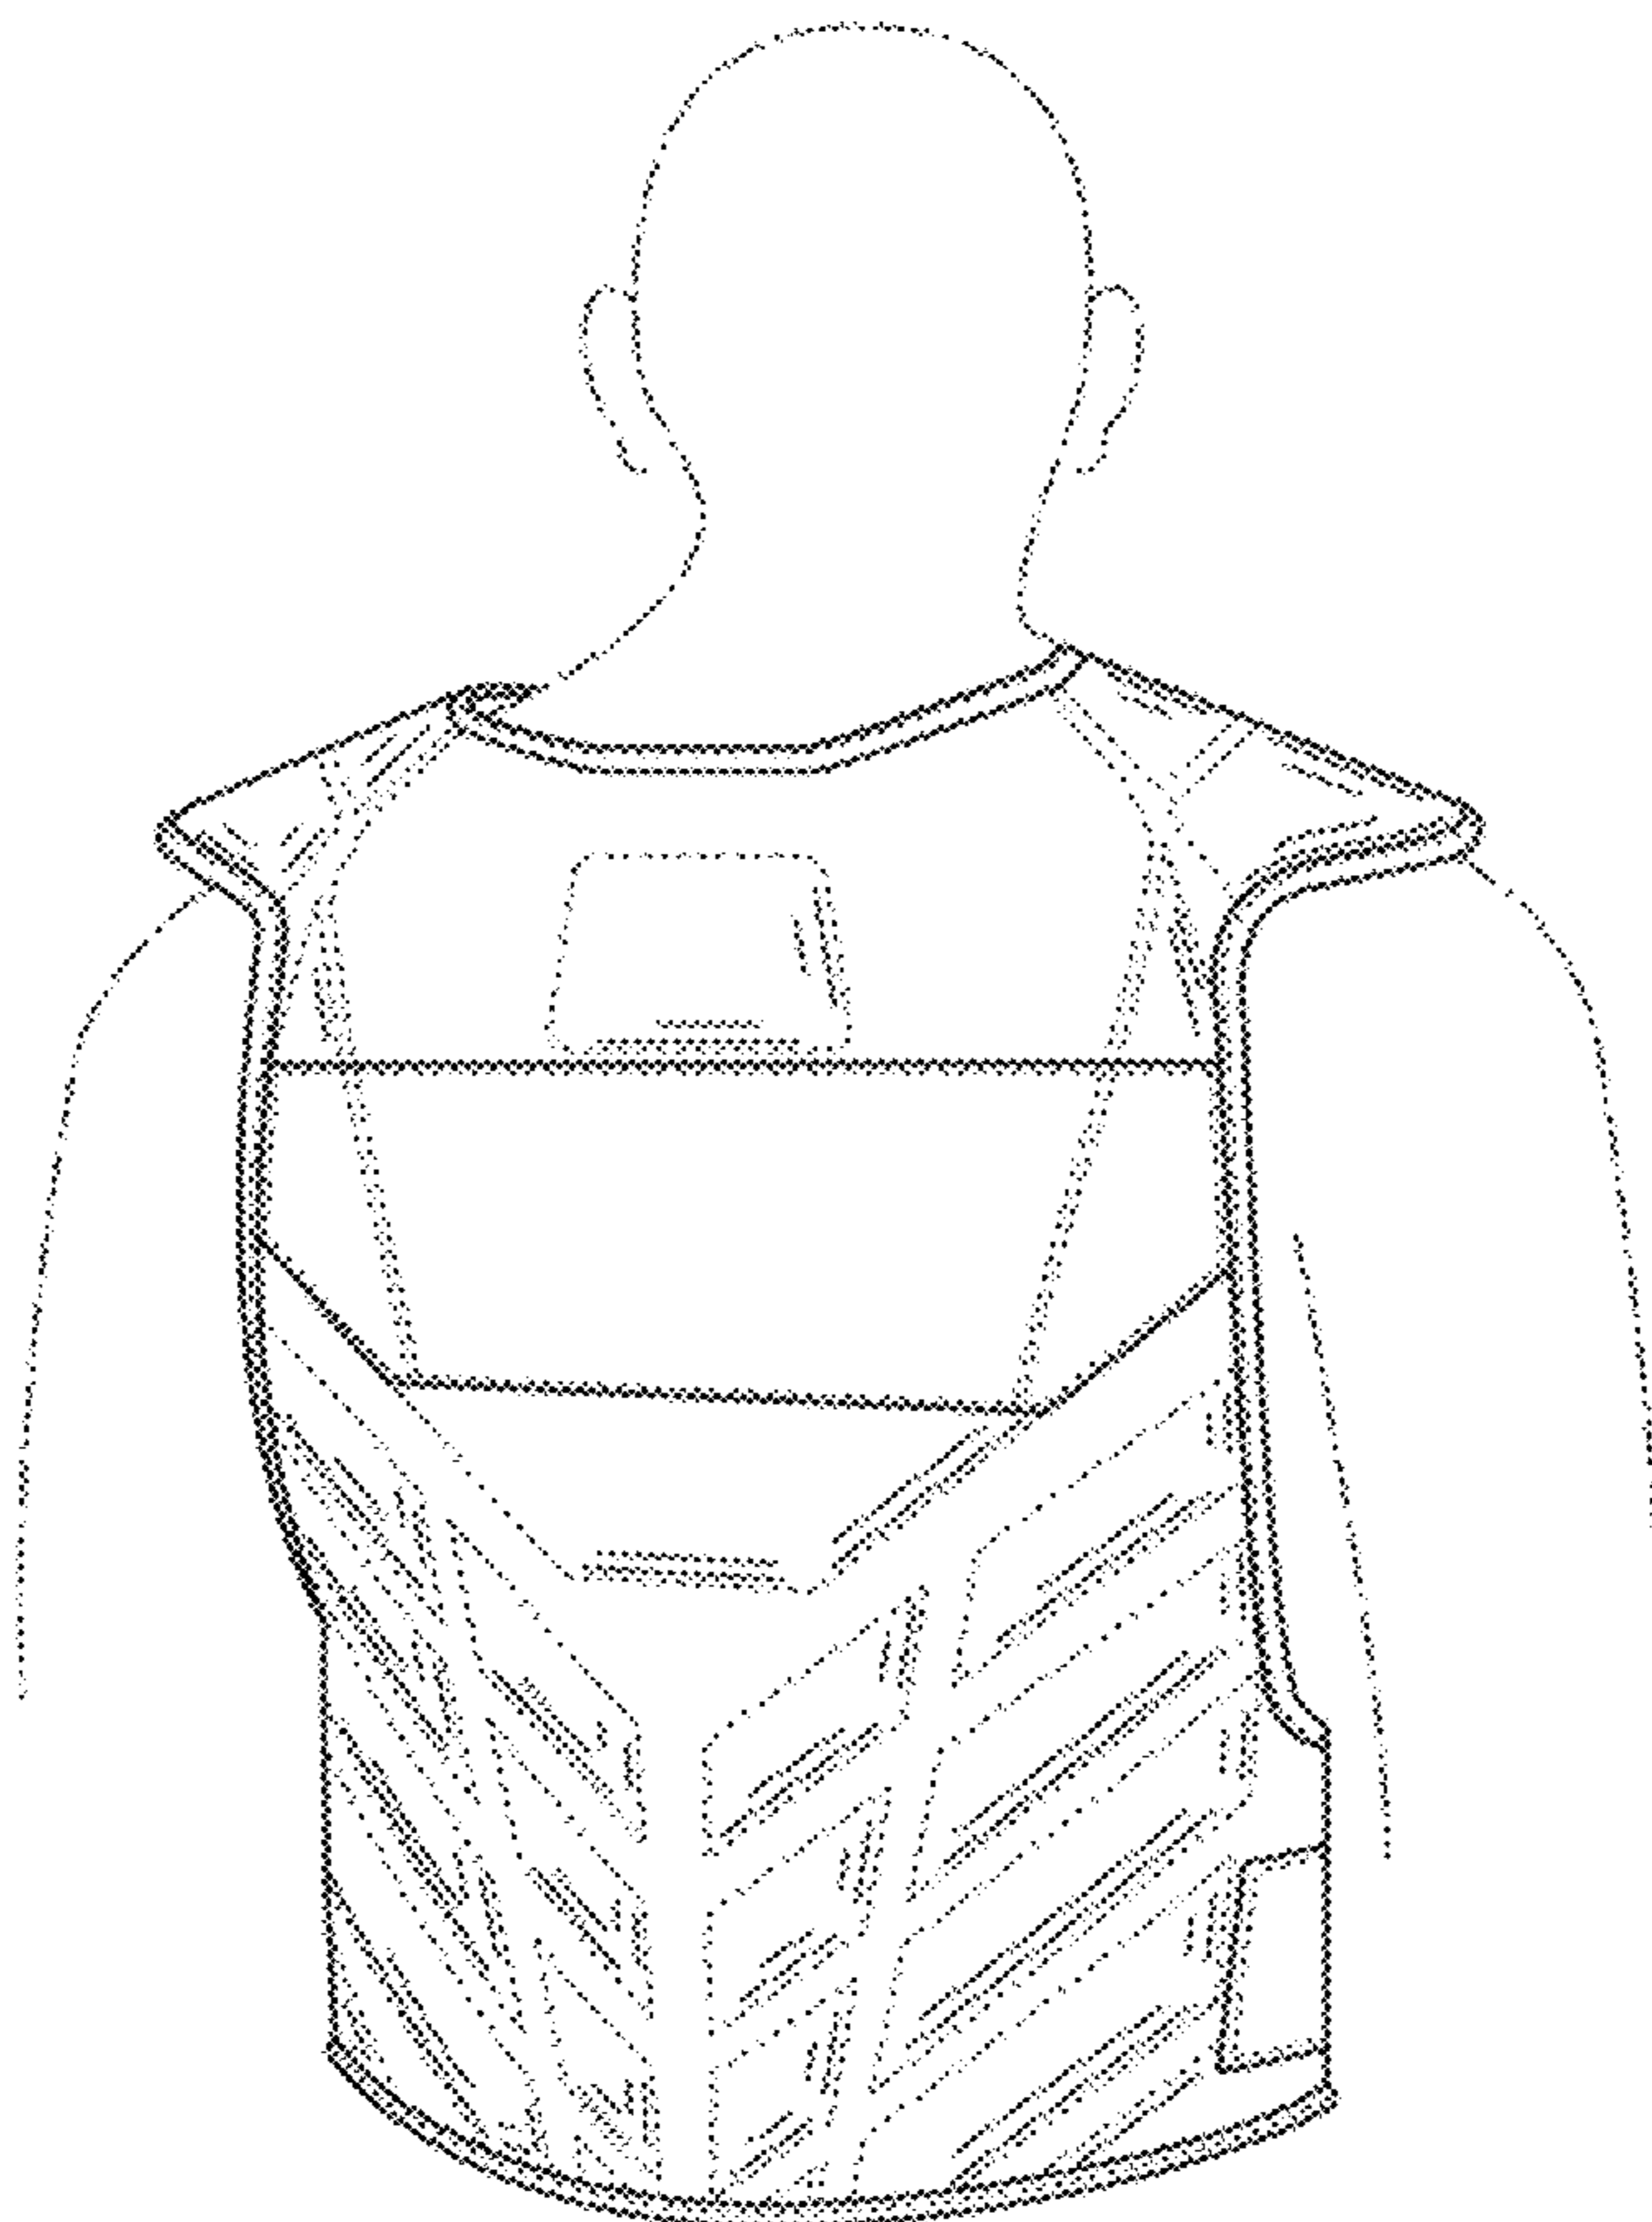

FIG. 1 is a front elevational view of a back protector showing  
our new design, and showing the back protector being worn  
by an individual; and,

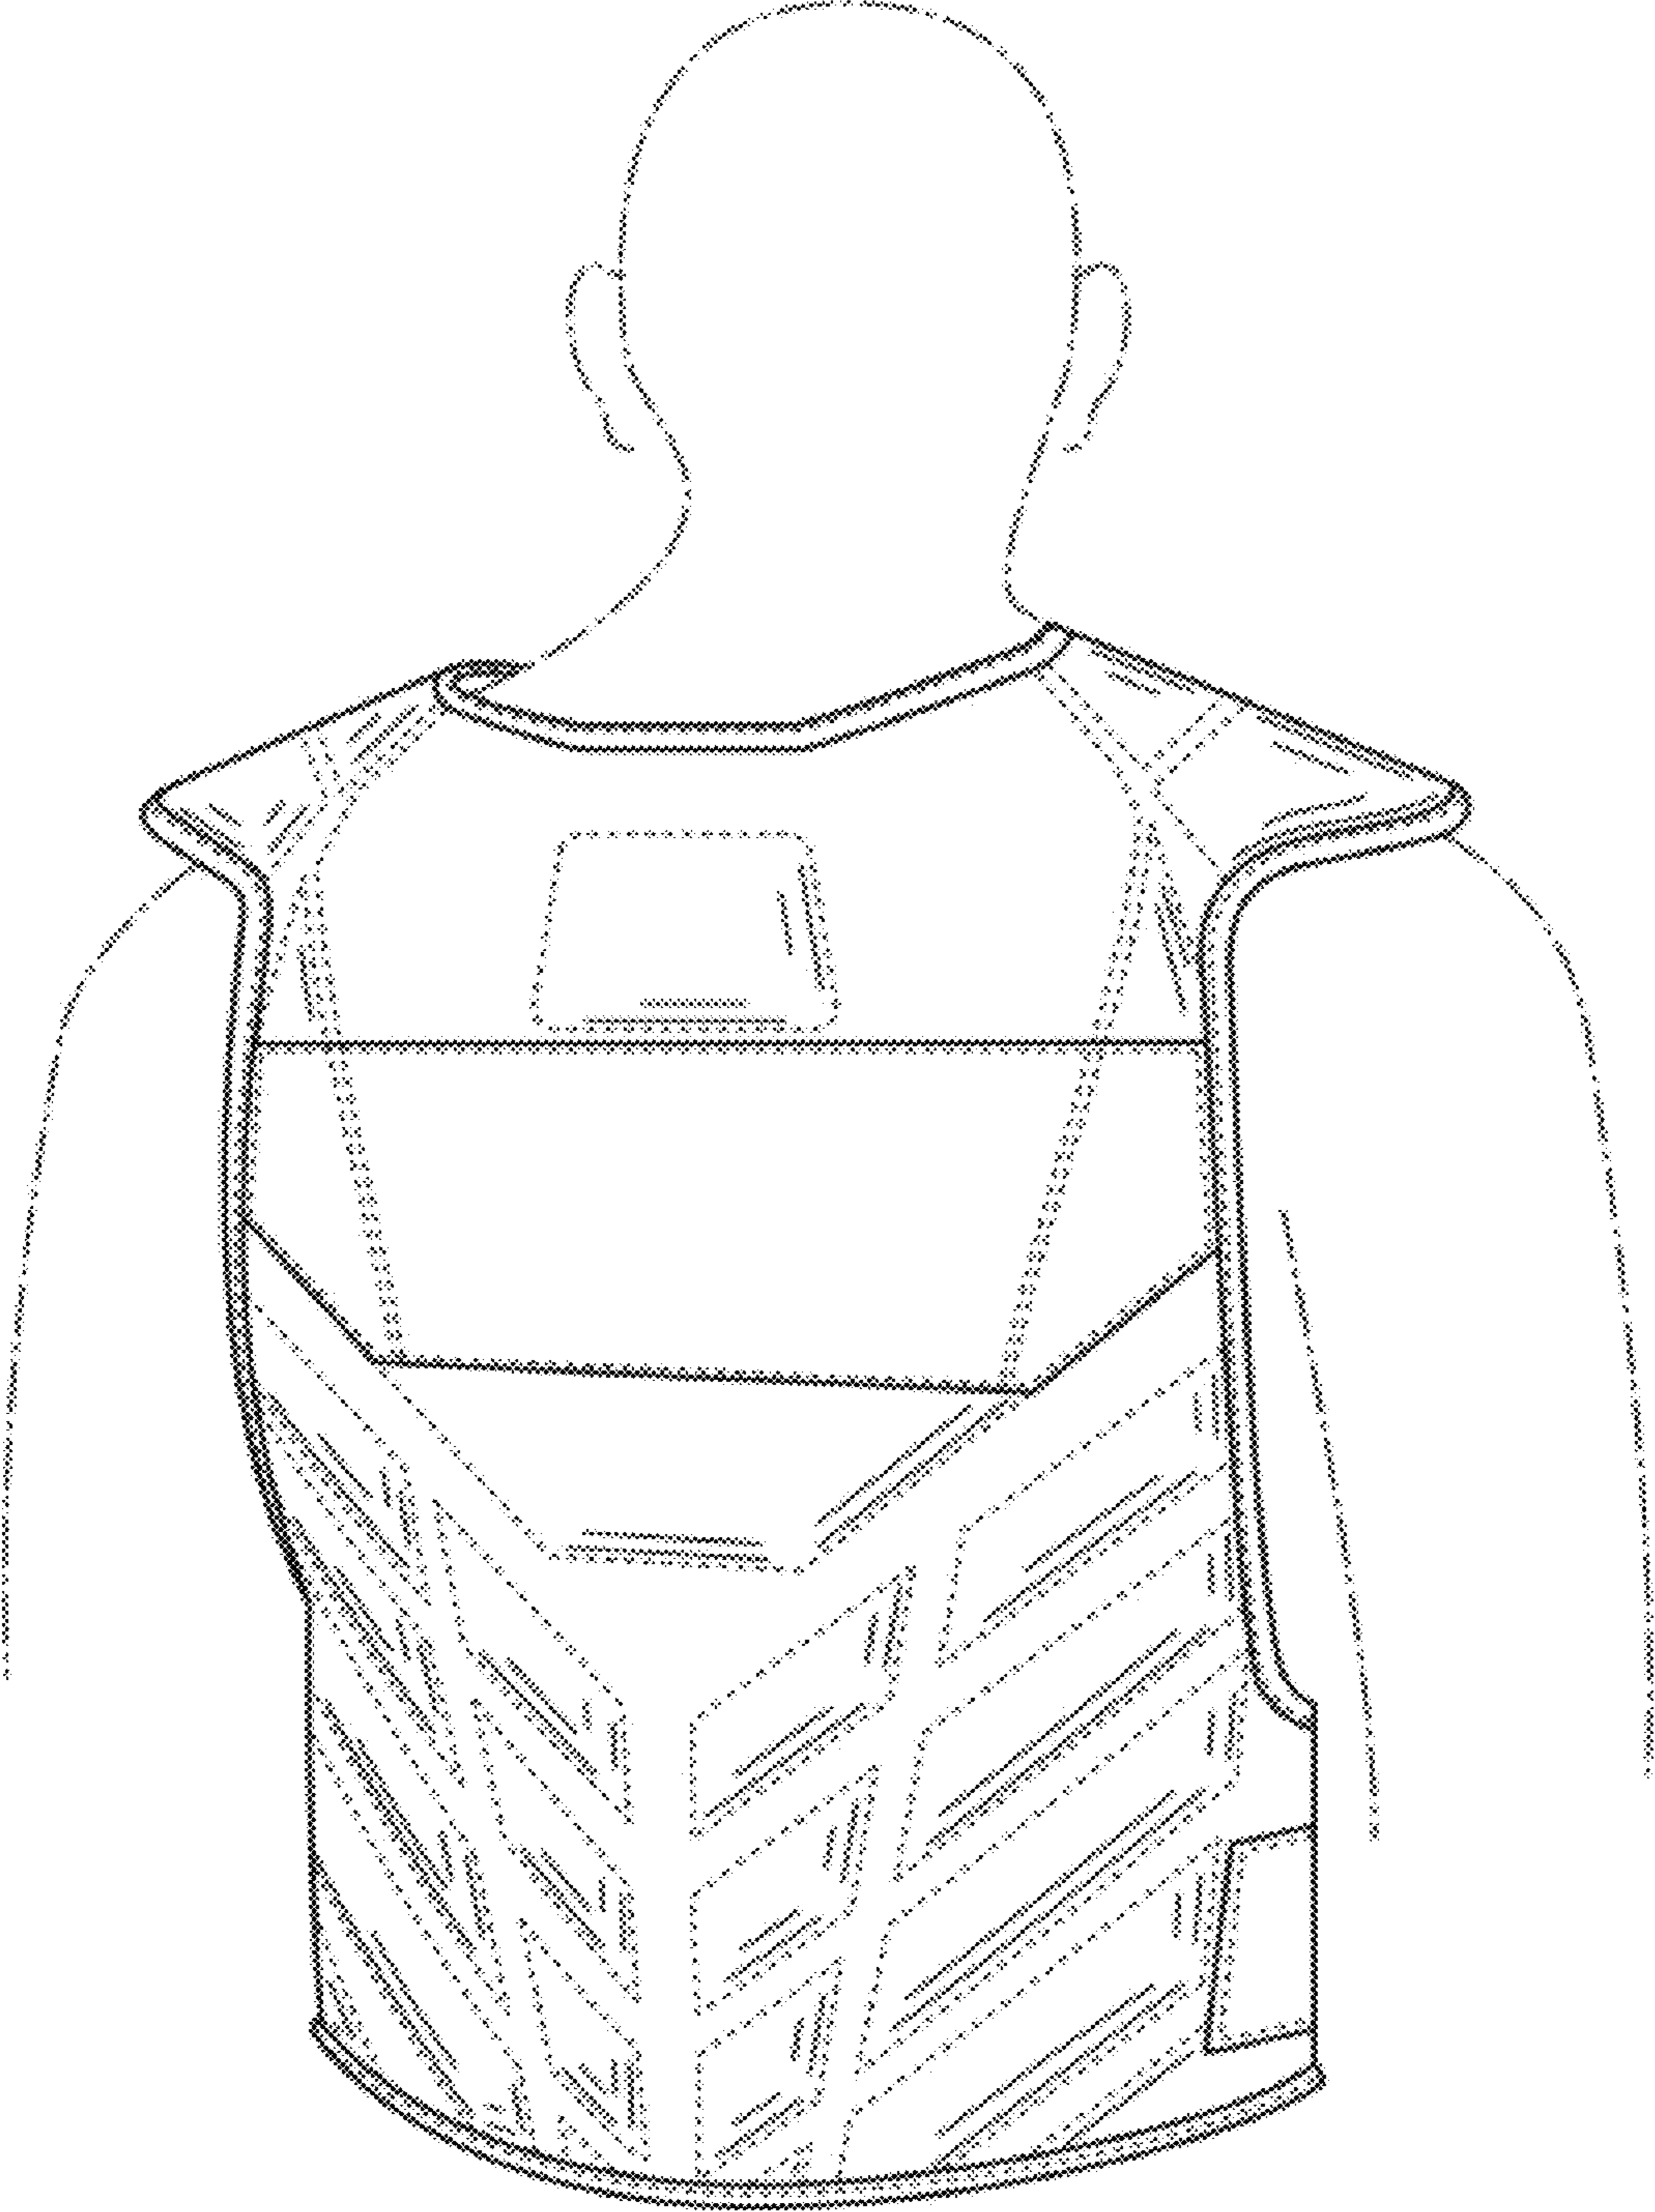

FIG. 2 is another front elevational view thereof, showing the  
back protector laid out flat.

The back of the back protector is not shown and is not visible  
in use; it forms no part of the claimed design.

The short dash, long dash broken line representation of an  
individual in FIG. 1 indicates the use of the claimed design  
and is for illustrative purposes only; these broken lines form  
no part of the claimed design. The regular dashed lines within  
the solid line boundaries of the back protector indicate stitch  
patterns, which form part of the claimed design.
