(57) **CLAIM**

The ornamental design for a glove with noise maker, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of an embodiment of a glove with noise maker, in which the design simulates a left hand. The structure shown in phantom lines depicting features of the article to which the design is applied that form no part of the claim;

FIG. 2 is a top plan view thereof;

FIG. 3 is a right side elevation view thereof;

FIG. 4 is a left side elevation view thereof;

FIG. 5 is a front elevation view thereof; and,

FIG. 6 is a rear elevation view thereof.

The unshown embodiment that simulates a right hand is a mirror image of the left-hand embodiment shown in FIGS. 1-6.
