(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with transitional graphical user interface showing the new design in a first state;

FIG. 2 is a front view of a display screen with transitional graphical user interface showing the new design in a second state;

FIG. 3 is a front view of a display screen showing the design from FIG. 1 with additional disclaimed environment; and,

FIG. 4 is a front view of a display screen showing the design from FIG. 2 with additional disclaimed environment.

The broken line showings of the remainder of the graphical user interface and display screen are for environmental purposes only and form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-2 and FIGS. 3-4.

The process or period in which one image transitions to another image forms no part of the claimed design.
