(57) **CLAIM**

The ornamental design for a container with retaining device, as shown and described.

DESCRIPTION

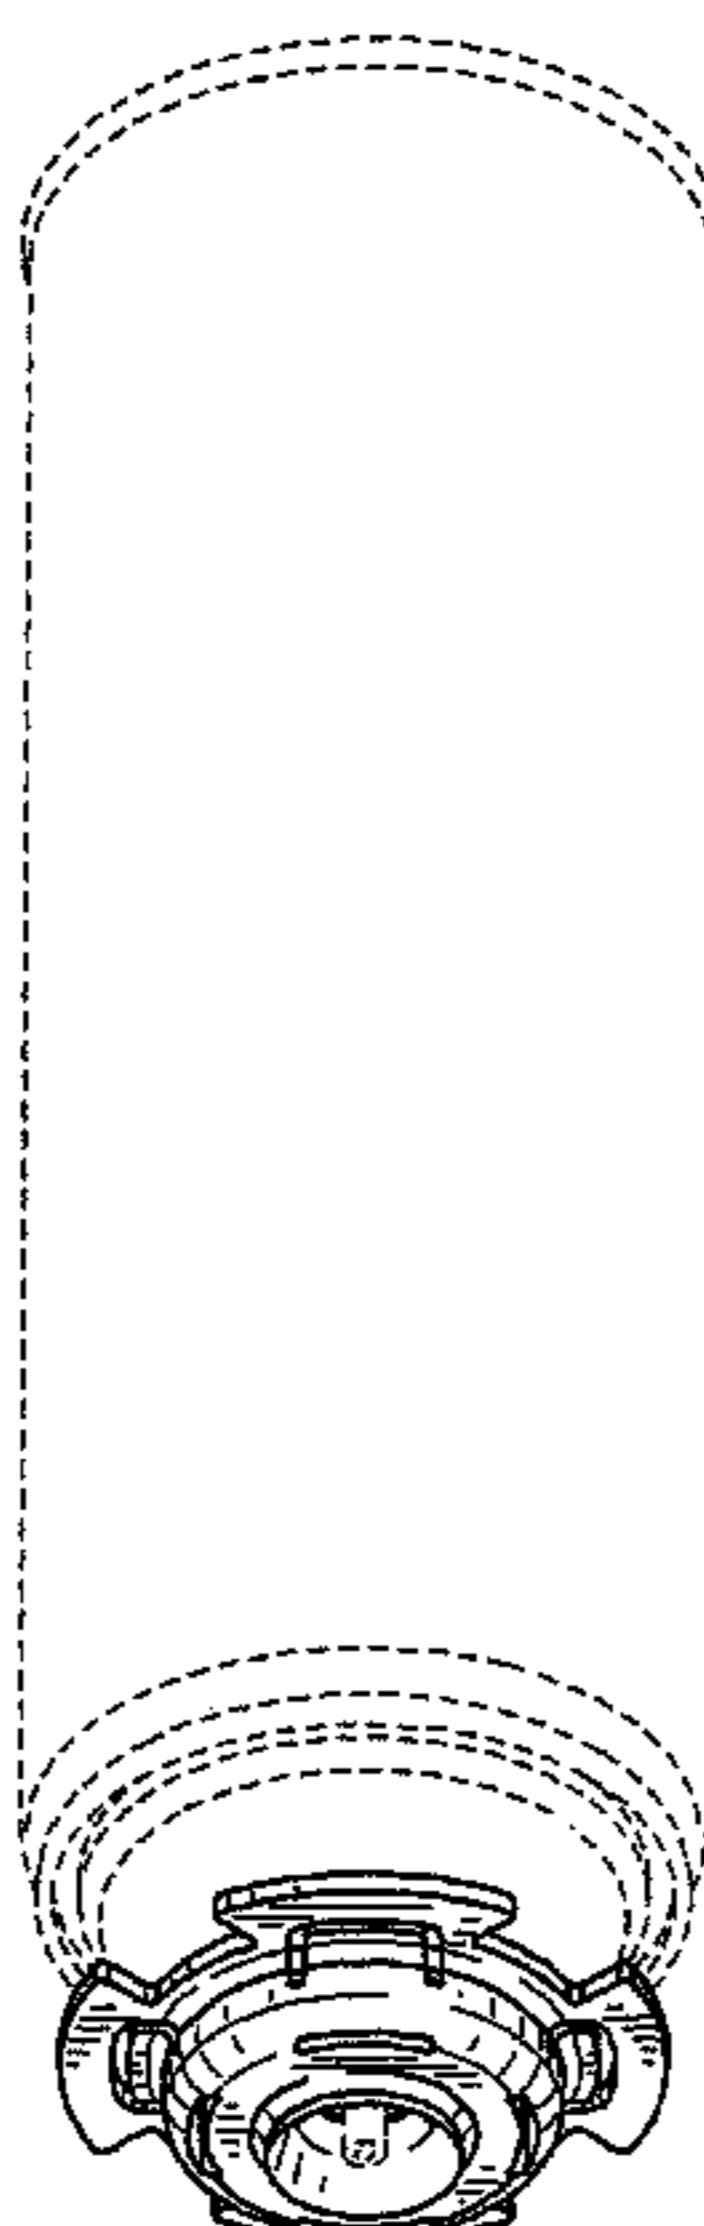

FIG. 1 is a bottom, right, front perspective view of the container with retaining device embodying our new design; FIG. 2 is a front elevational view thereof, the left, right, and rear elevational views being identical to the front elevational view;

FIG. 3 is a top plan view thereof; and, FIG. 4 is a bottom plan view thereof.

The broken lines are included for the purpose of illustrating portions of the container with retaining device that form no part of the claimed design.

In a preferred embodiment, the nature of the product is a container with a retaining device that engages a container holder suitable to be placed in a bathroom. The holder can dispense fluid from the container.
