(57) **CLAIM**

The ornamental design for mannequin for CPR training, as shown and described.

DESCRIPTION

FIG. 1 is a top view of an inflated mannequin for CPR training showing in my new design;

FIG. 2 is a back view thereof;

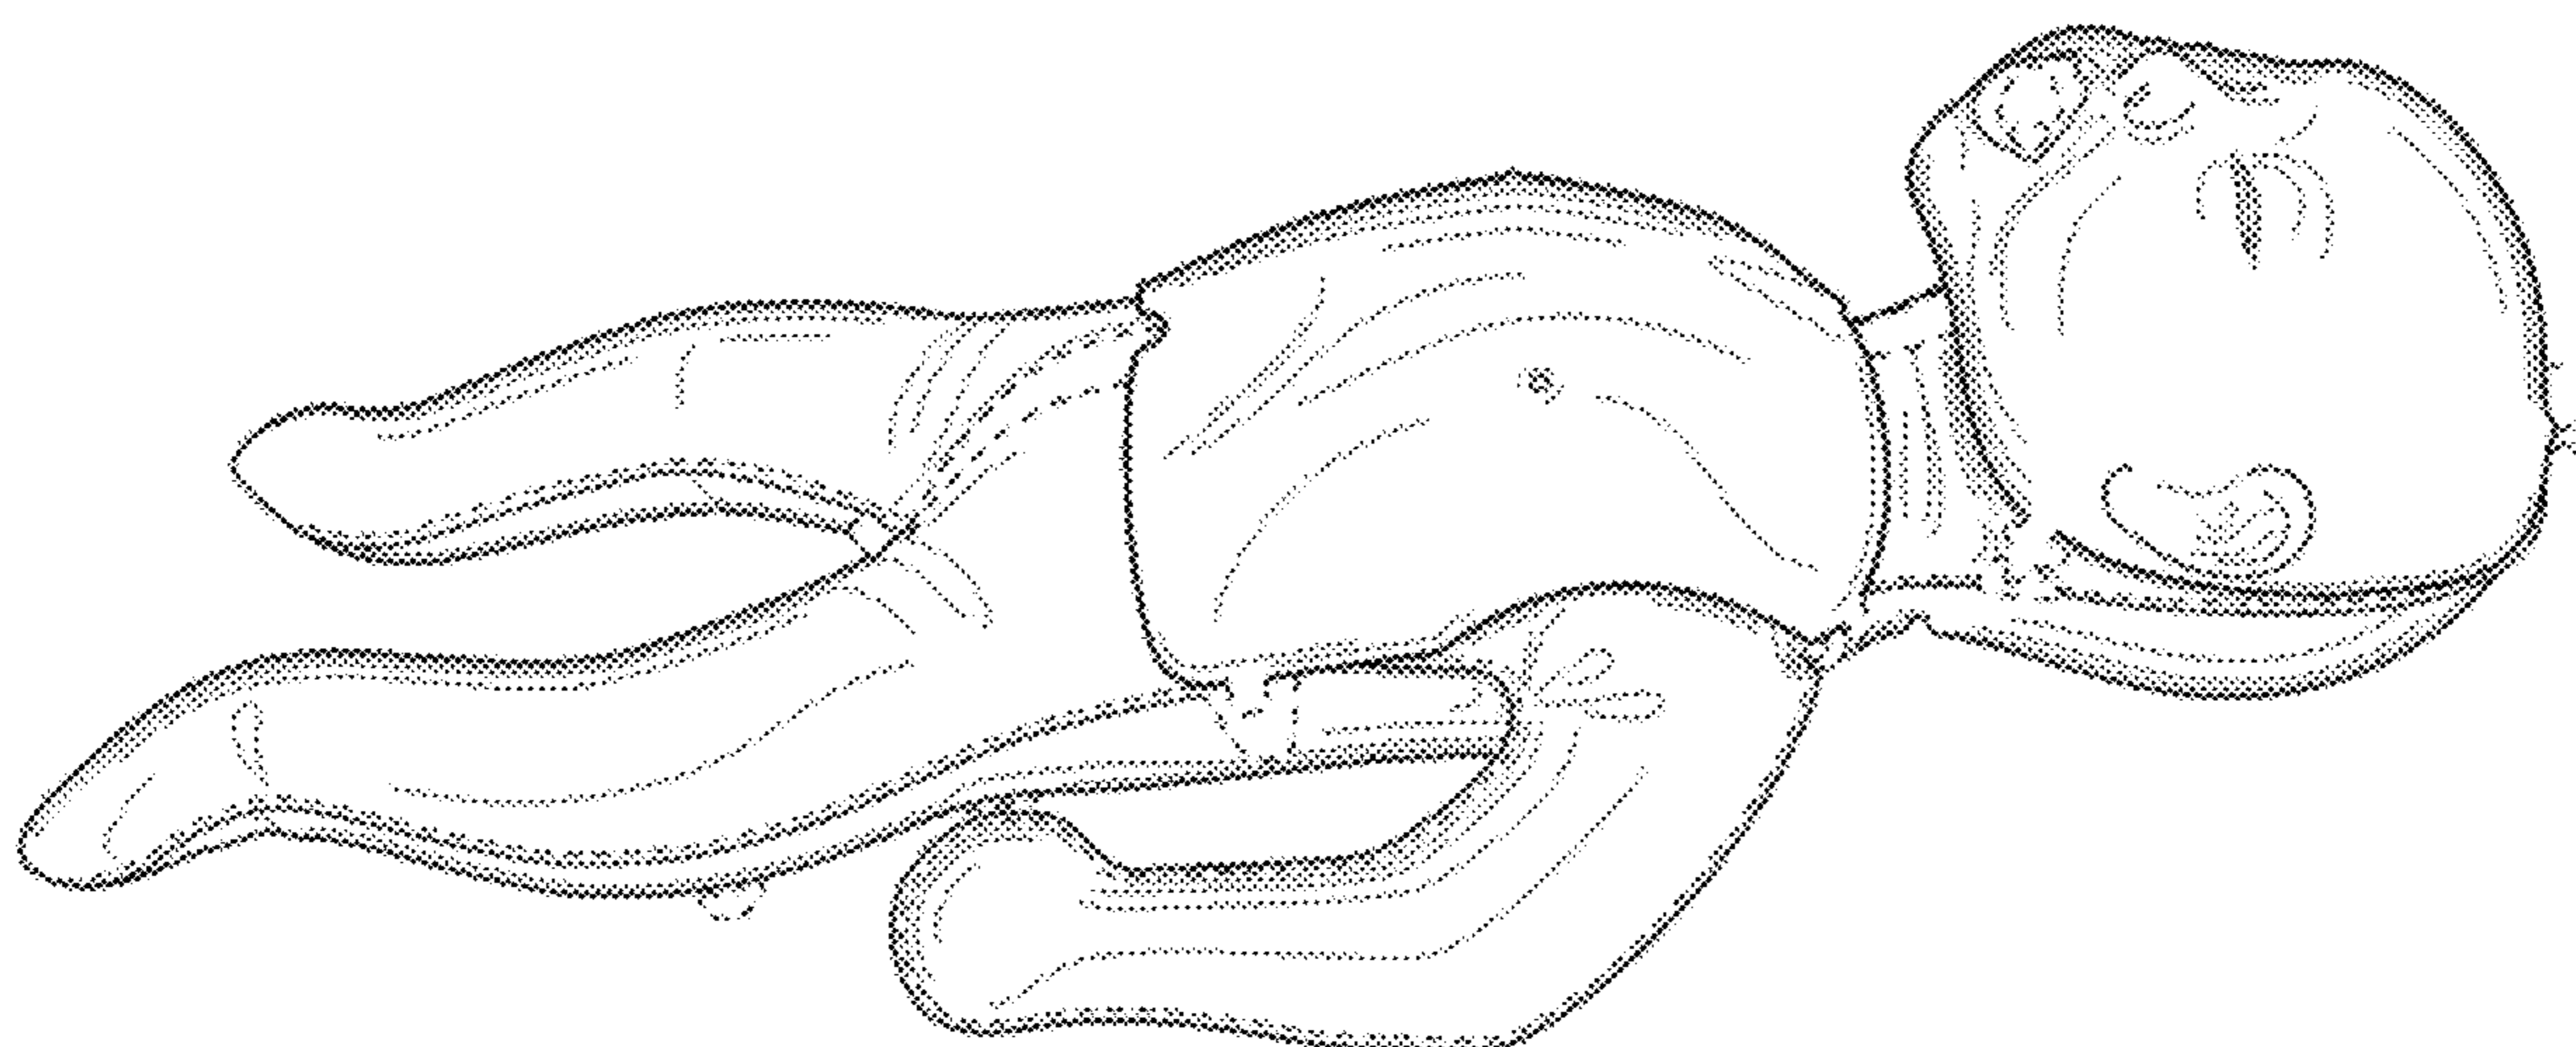

FIG. 3 is a perspective view thereof;

FIG. 4 is a top perspective view of the mannequin for CPR training shown in condition of use depicting a deflated and folded state; and,

FIG. 5 is a back perspective view of the mannequin for CPR training shown in condition of use depicting a deflated and folded state.

The broken lines are included for purposes of illustrating portions of the mannequin for CPR training that form no part of the claimed design. This includes the broken lines located within the perimeter of the mannequin for CPR training representing the inner edge of the “weld seam” of the inflatable portion of the mannequin for CPR training.

1 Claim, 4 Drawing Sheets
