(57) **CLAIM**

The ornamental design for a belt pulley with guide, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawings will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a perspective front view of our belt pulley with guide;

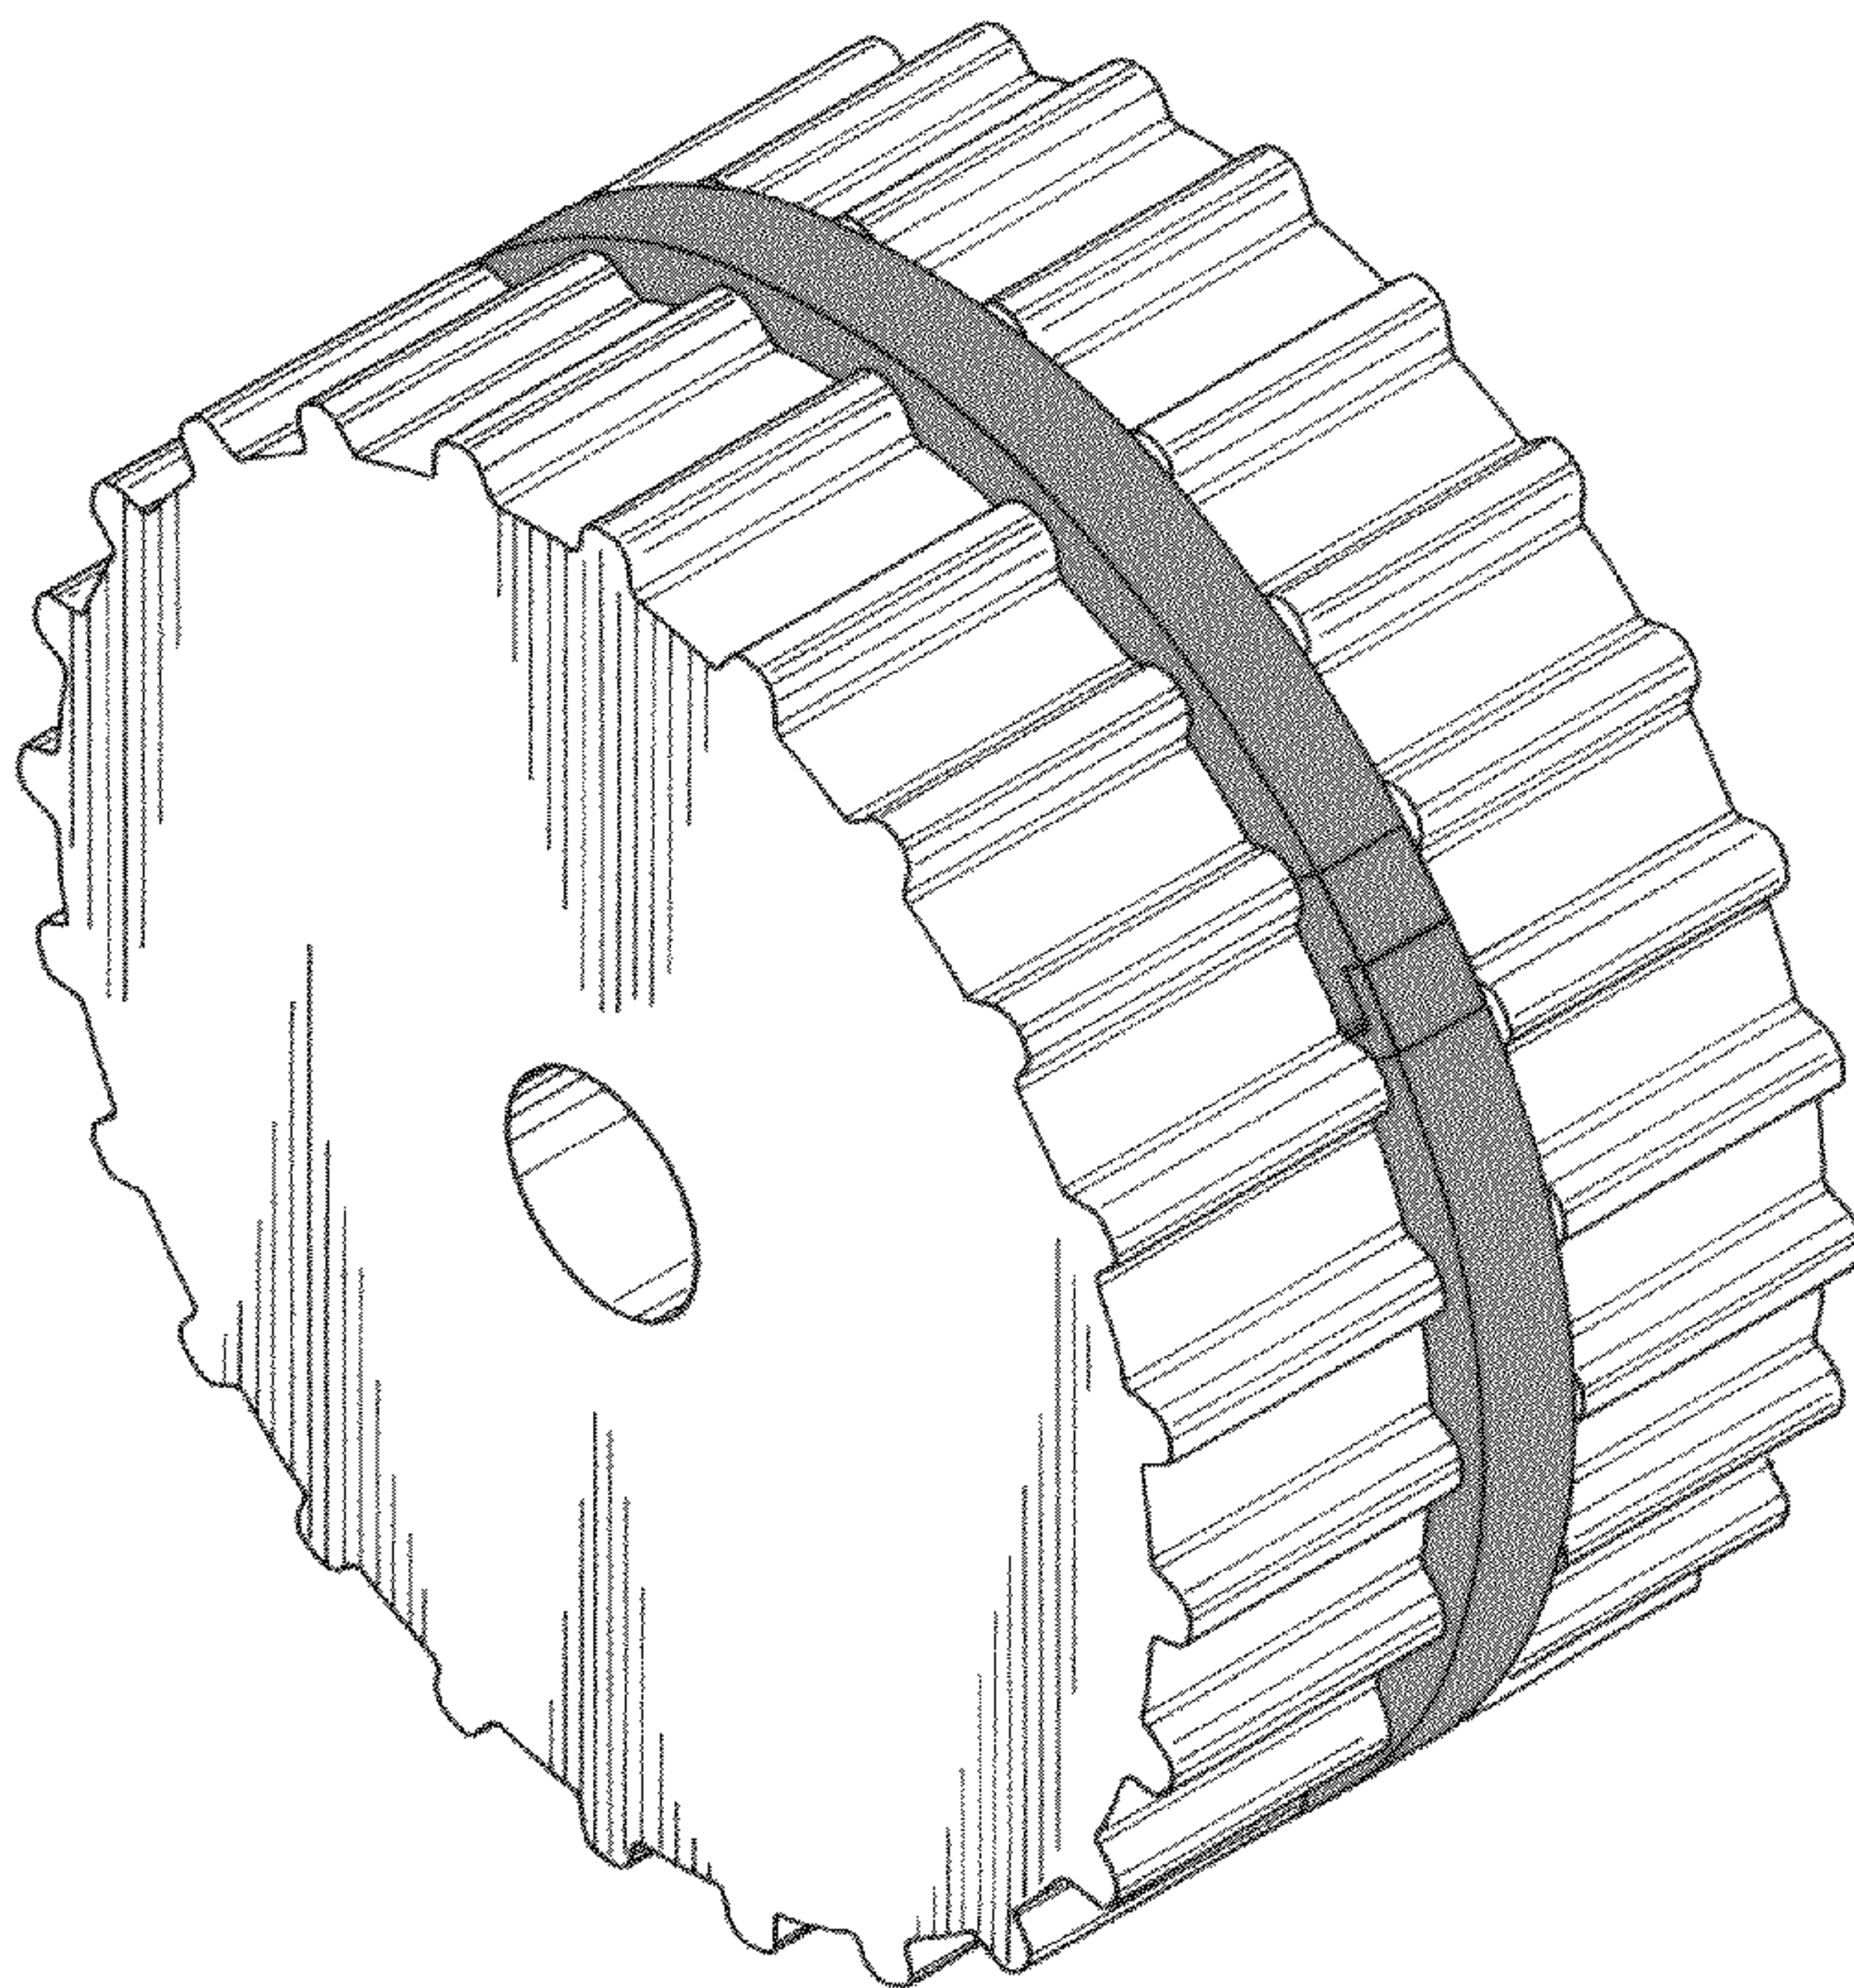

FIG. 2 is a rear side view of our belt pulley with guide, the front side view is a mirror image of the rear side view;

FIG. 3 is a top view of our belt pulley with guide; the bottom view is identical; and,

FIG. 4 is an end view of the right side of our belt pulley with guide, the end view of the left side is identical.

The orange color of the drawings is part of the design and the color is RAL 2010 Orange according to the RAL Classic color space system used in Europe; this color corresponds in the CMYK system approximately to cyan 0, magenta 75, yellow 100, key 0.
