(57) **CLAIM**

The ornamental design for a tablet computer case, as shown and described.

DESCRIPTION

FIG. 1 is a front-elevational view of the outside of the tablet computer case showing my new design in the closed condition;
FIG. 2 is a rear-elevational view thereof;
FIG. 3 is a right-side elevational view thereof;
FIG. 4 is a bottom-plan view thereof, with the top-plan view being a mirror image thereof;
FIG. 5 is a left-side elevational view thereof;
FIG. 6 is an elevation view of the outside of the tablet computer case showing my new design in the open condition;
FIG. 7 is an elevation view of the inside of the tablet computer case showing my new design in the open condition;
FIG. 8 is a perspective view thereof, with the support compartment shown in an open position; and,
FIG. 9 is a perspective view thereof, with the support compartment shown in a closed position.
The short-segmented broken lines represent stitching which is not claimed. The long-segmented broken lines show part of an electronic device for which the design is used, and form no part of the claim.
