FIG. 1 is a right side perspective view of a food item container including a food item pocket and a napkin pocket therefor showing my new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a right side view thereof;

FIG. 4 is a left side view thereof;

FIG. 5 is a top plan view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is a rear view thereof; and,

FIG. 8 is a right side perspective view thereof including a broken line depiction of a food item containable by the shown design, as well as a cloth or paper napkin also foldably containable by the shown design.

The broken line showing of depicted items, namely of a food item to be inserted and retained within an inner pocket of the shown design and a napkin to be inserted and retained in an outer pocket of the shown design in FIG. 8, is included for the purpose of showing environmental portions of items such as the food item, and in particular a half of a sandwich, and the napkin that are usable with the food item container including a food item pocket and a napkin pocket thereof and forms no part of the claimed design.
