(57) **CLAIM**

The ornamental design for a light emitting diode beacon light, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a light emitting diode beacon light of my new design.

FIG. 2 is a front elevational view of the light emitting diode beacon light of FIG. 1. The rear elevational view is the same as FIG. 2.

FIG. 3 is a right side elevational view of the light emitting diode beacon light of FIG. 1. The left side elevational view is the same as FIG. 3.

FIG. 4 is a top plan view of the light emitting diode beacon light of FIG. 1; and,

FIG. 5 is a bottom plan view of the light emitting diode beacon light of FIG. 1.

The broken line showing of spines in the central region of the bottom of the design is included for the purpose of illustrating portions of the "article" and forms no part of the claimed design.
