(57) **CLAIM**

The ornamental design for an electronic data module with illuminated region, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of an electronic data module with illuminated region showing our new design; and, FIG. 2 is a front view thereof. The radiating lines emanating from the curved region represent illumination. The broken line showings are for the purpose of illustrating the remainder of the electronic data module and form no part of the claimed design.
