(57) **CLAIM**

We claim the ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front elevation view of a display screen with graphical user interface.

The outer rectangle shown in broken lines represents an unclaimed display screen and forms no part of the claimed design. The other broken lines shown in the drawing represent portions of the display screen with graphical user interface that form no part of the claimed design.

1 Claim, 1 Drawing Sheet
