(57) **CLAIM**

I claim the ornamental design for a removable brand label for a garment, as shown and described.

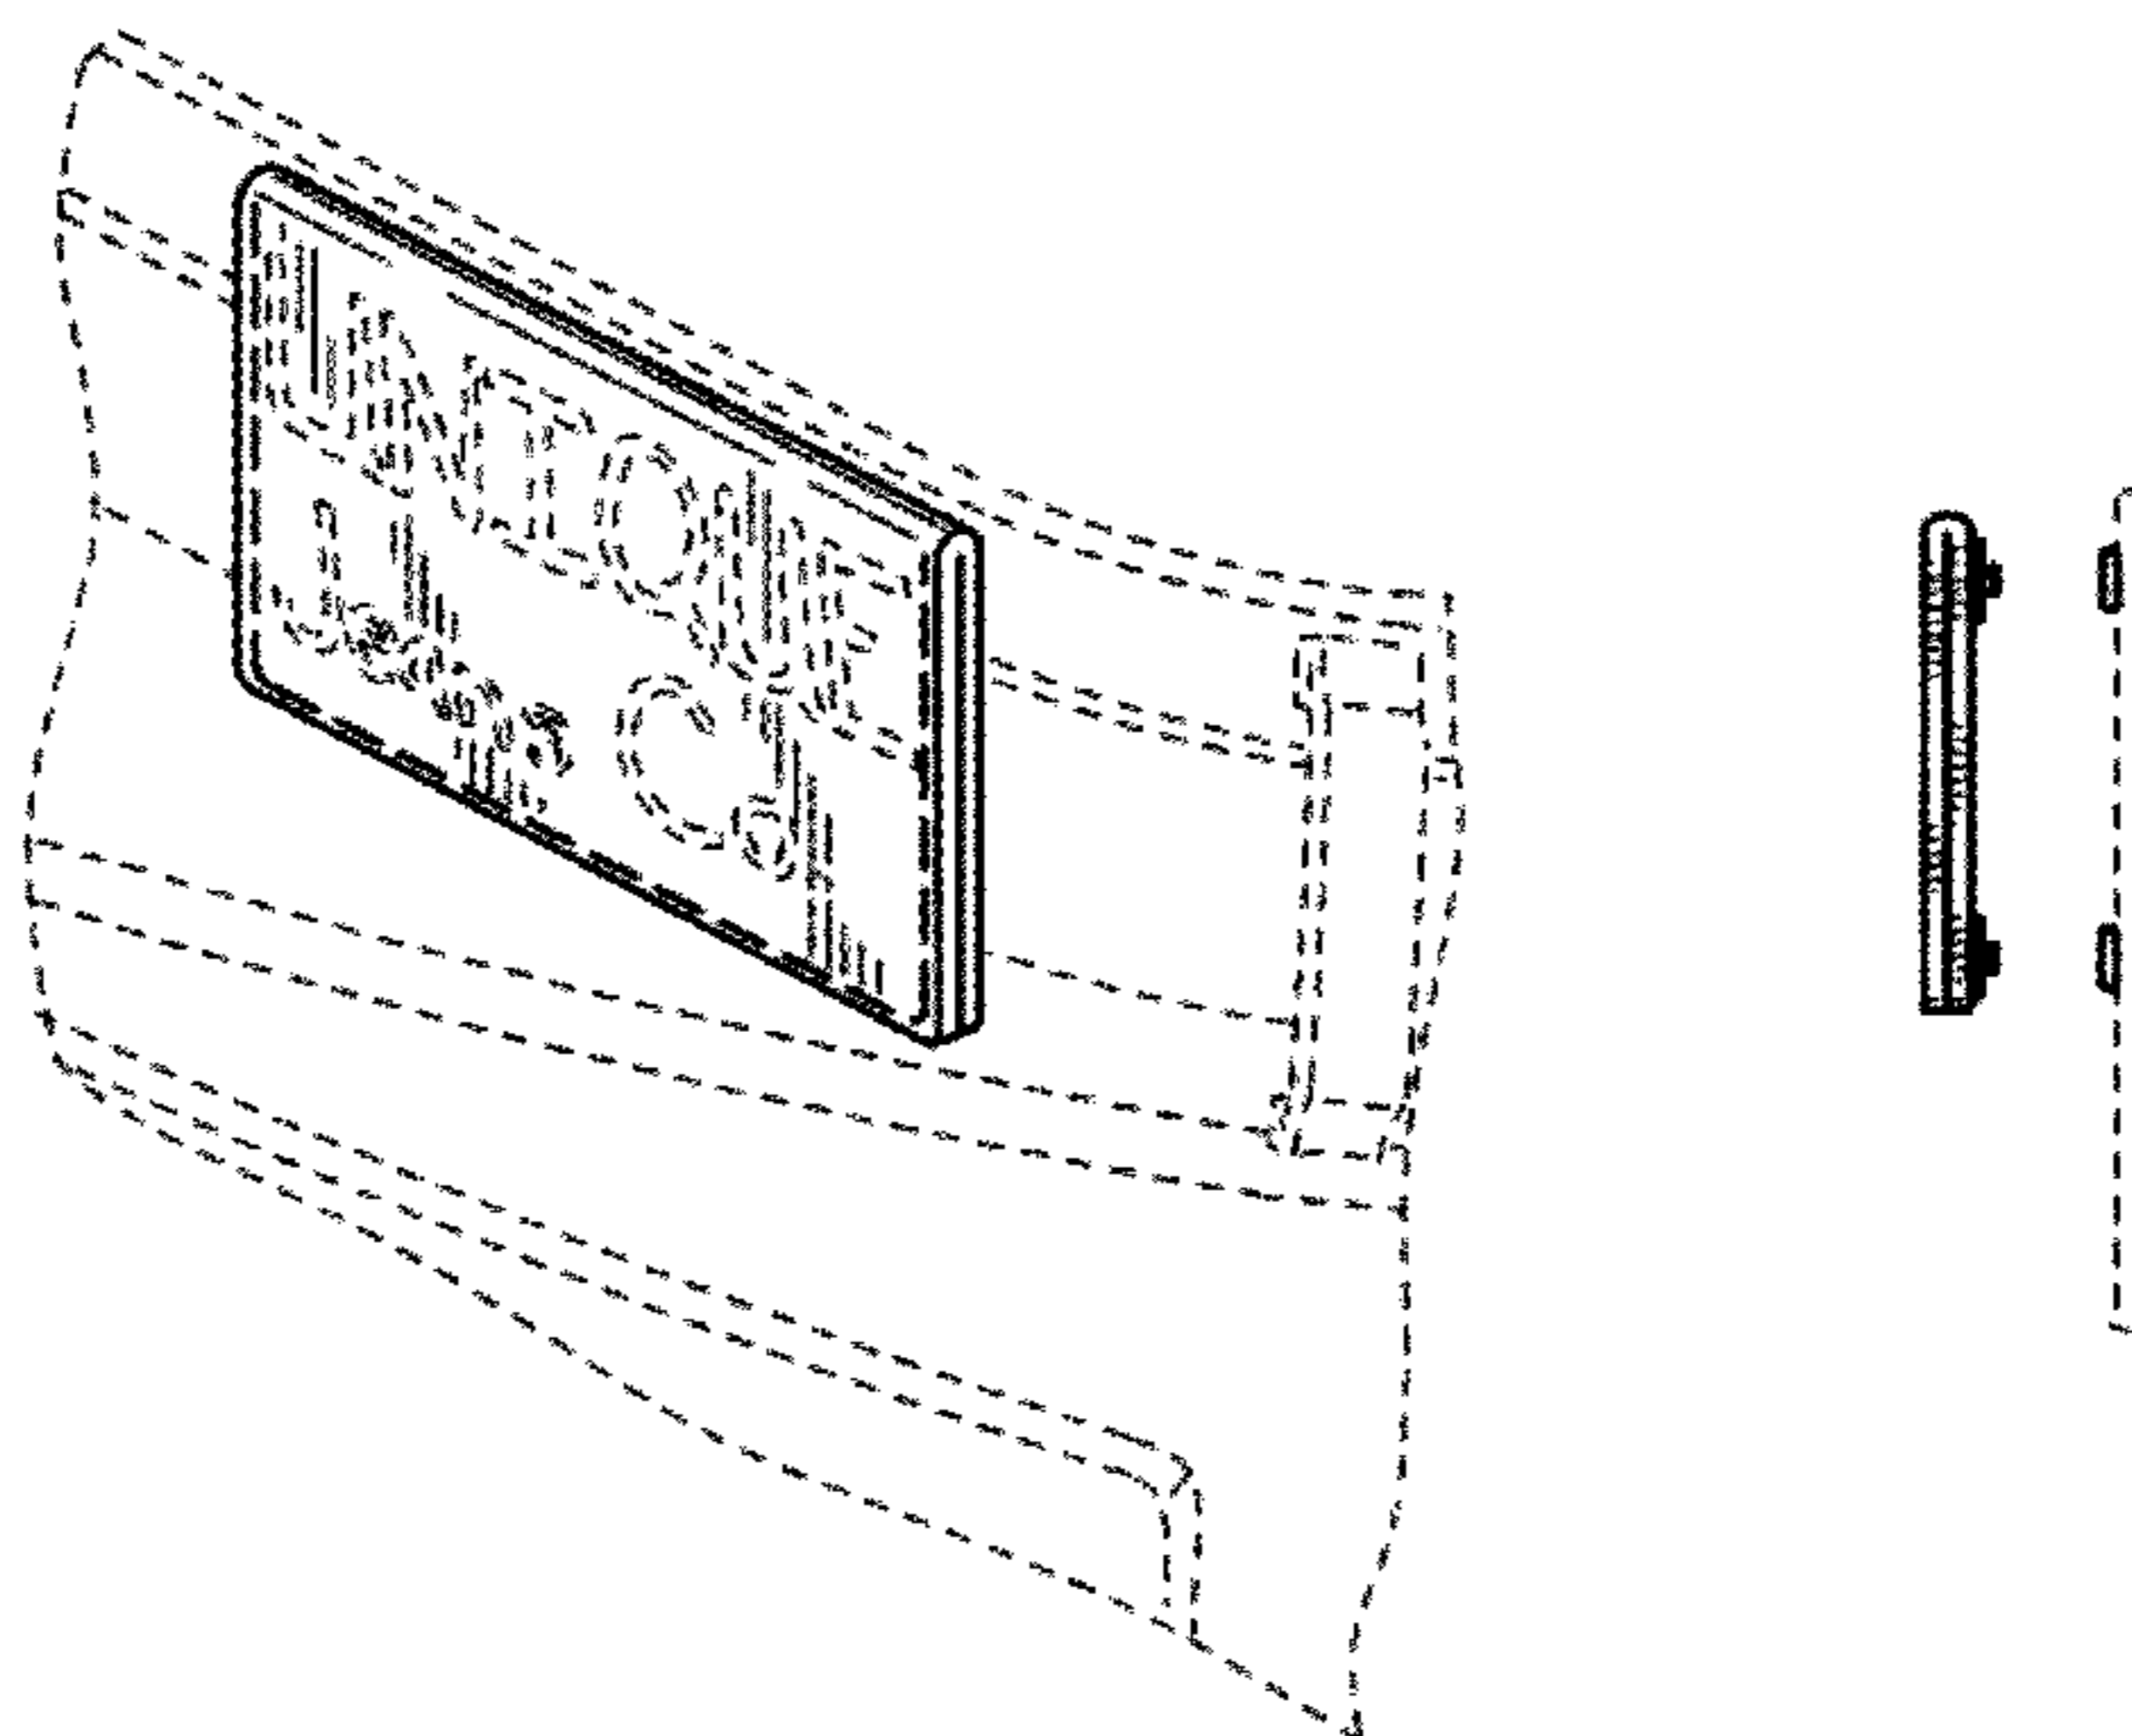

DESCRIPTION

FIG. 1 is a perspective view of a removable brand label for a garment, showing a first embodiment of my new design; FIG. 2 is an exploded front elevational view thereof; FIG. 3 is an exploded rear elevational view thereof; FIG. 4 is an exploded left-side elevational view thereof, the right-side elevational view being a mirror image thereof; FIG. 5 is an exploded top plan view thereof; FIG. 6 is an exploded bottom plan view thereof; FIG. 7 is an exploded rear elevational view of a second embodiment; FIG. 8 is an exploded left-side elevational view of FIG. 7, the right-side elevational view being a mirror image thereof; FIG. 9 is an exploded top plan view of FIG. 7; and, FIG. 10 is an exploded bottom plan view of FIG. 7.

In FIGS. 2-10, the design is shown unsnapped from the garment for clarity of disclosure.

The broken lines showing a pair of jeans and a brand logo in the figures depict environmental matter and form no part of the claimed design. The remaining broken lines on the removable brand label represent stitching, and are part of the claimed design. It is understood that the front view of both embodiments is identical.
