(57) **CLAIM**

The ornamental design for a partial lid dispensing closure, as shown and described.

**DESCRIPTION**

FIG. 1 is an isometric view, taken from the front and right side, of a partial lid dispensing closure, and FIG. 1 shows my new design with the lid in the closed position as the lid would be initially positioned with the closure body for installation of the closure on a container (not shown) for initial purchase by a consumer;

FIG. 2 is an isometric view thereof as taken from the rear and left side;

FIG. 3 is a top plan view thereof;

FIG. 4 is a front elevational view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a left side elevational view thereof; and,

FIG. 7 is a rear elevational view thereof.
