(57) **CLAIM**

The ornamental design for a pneumatic tire, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a pneumatic tire showing our new design.

FIG. 2 is a front elevational view thereof.

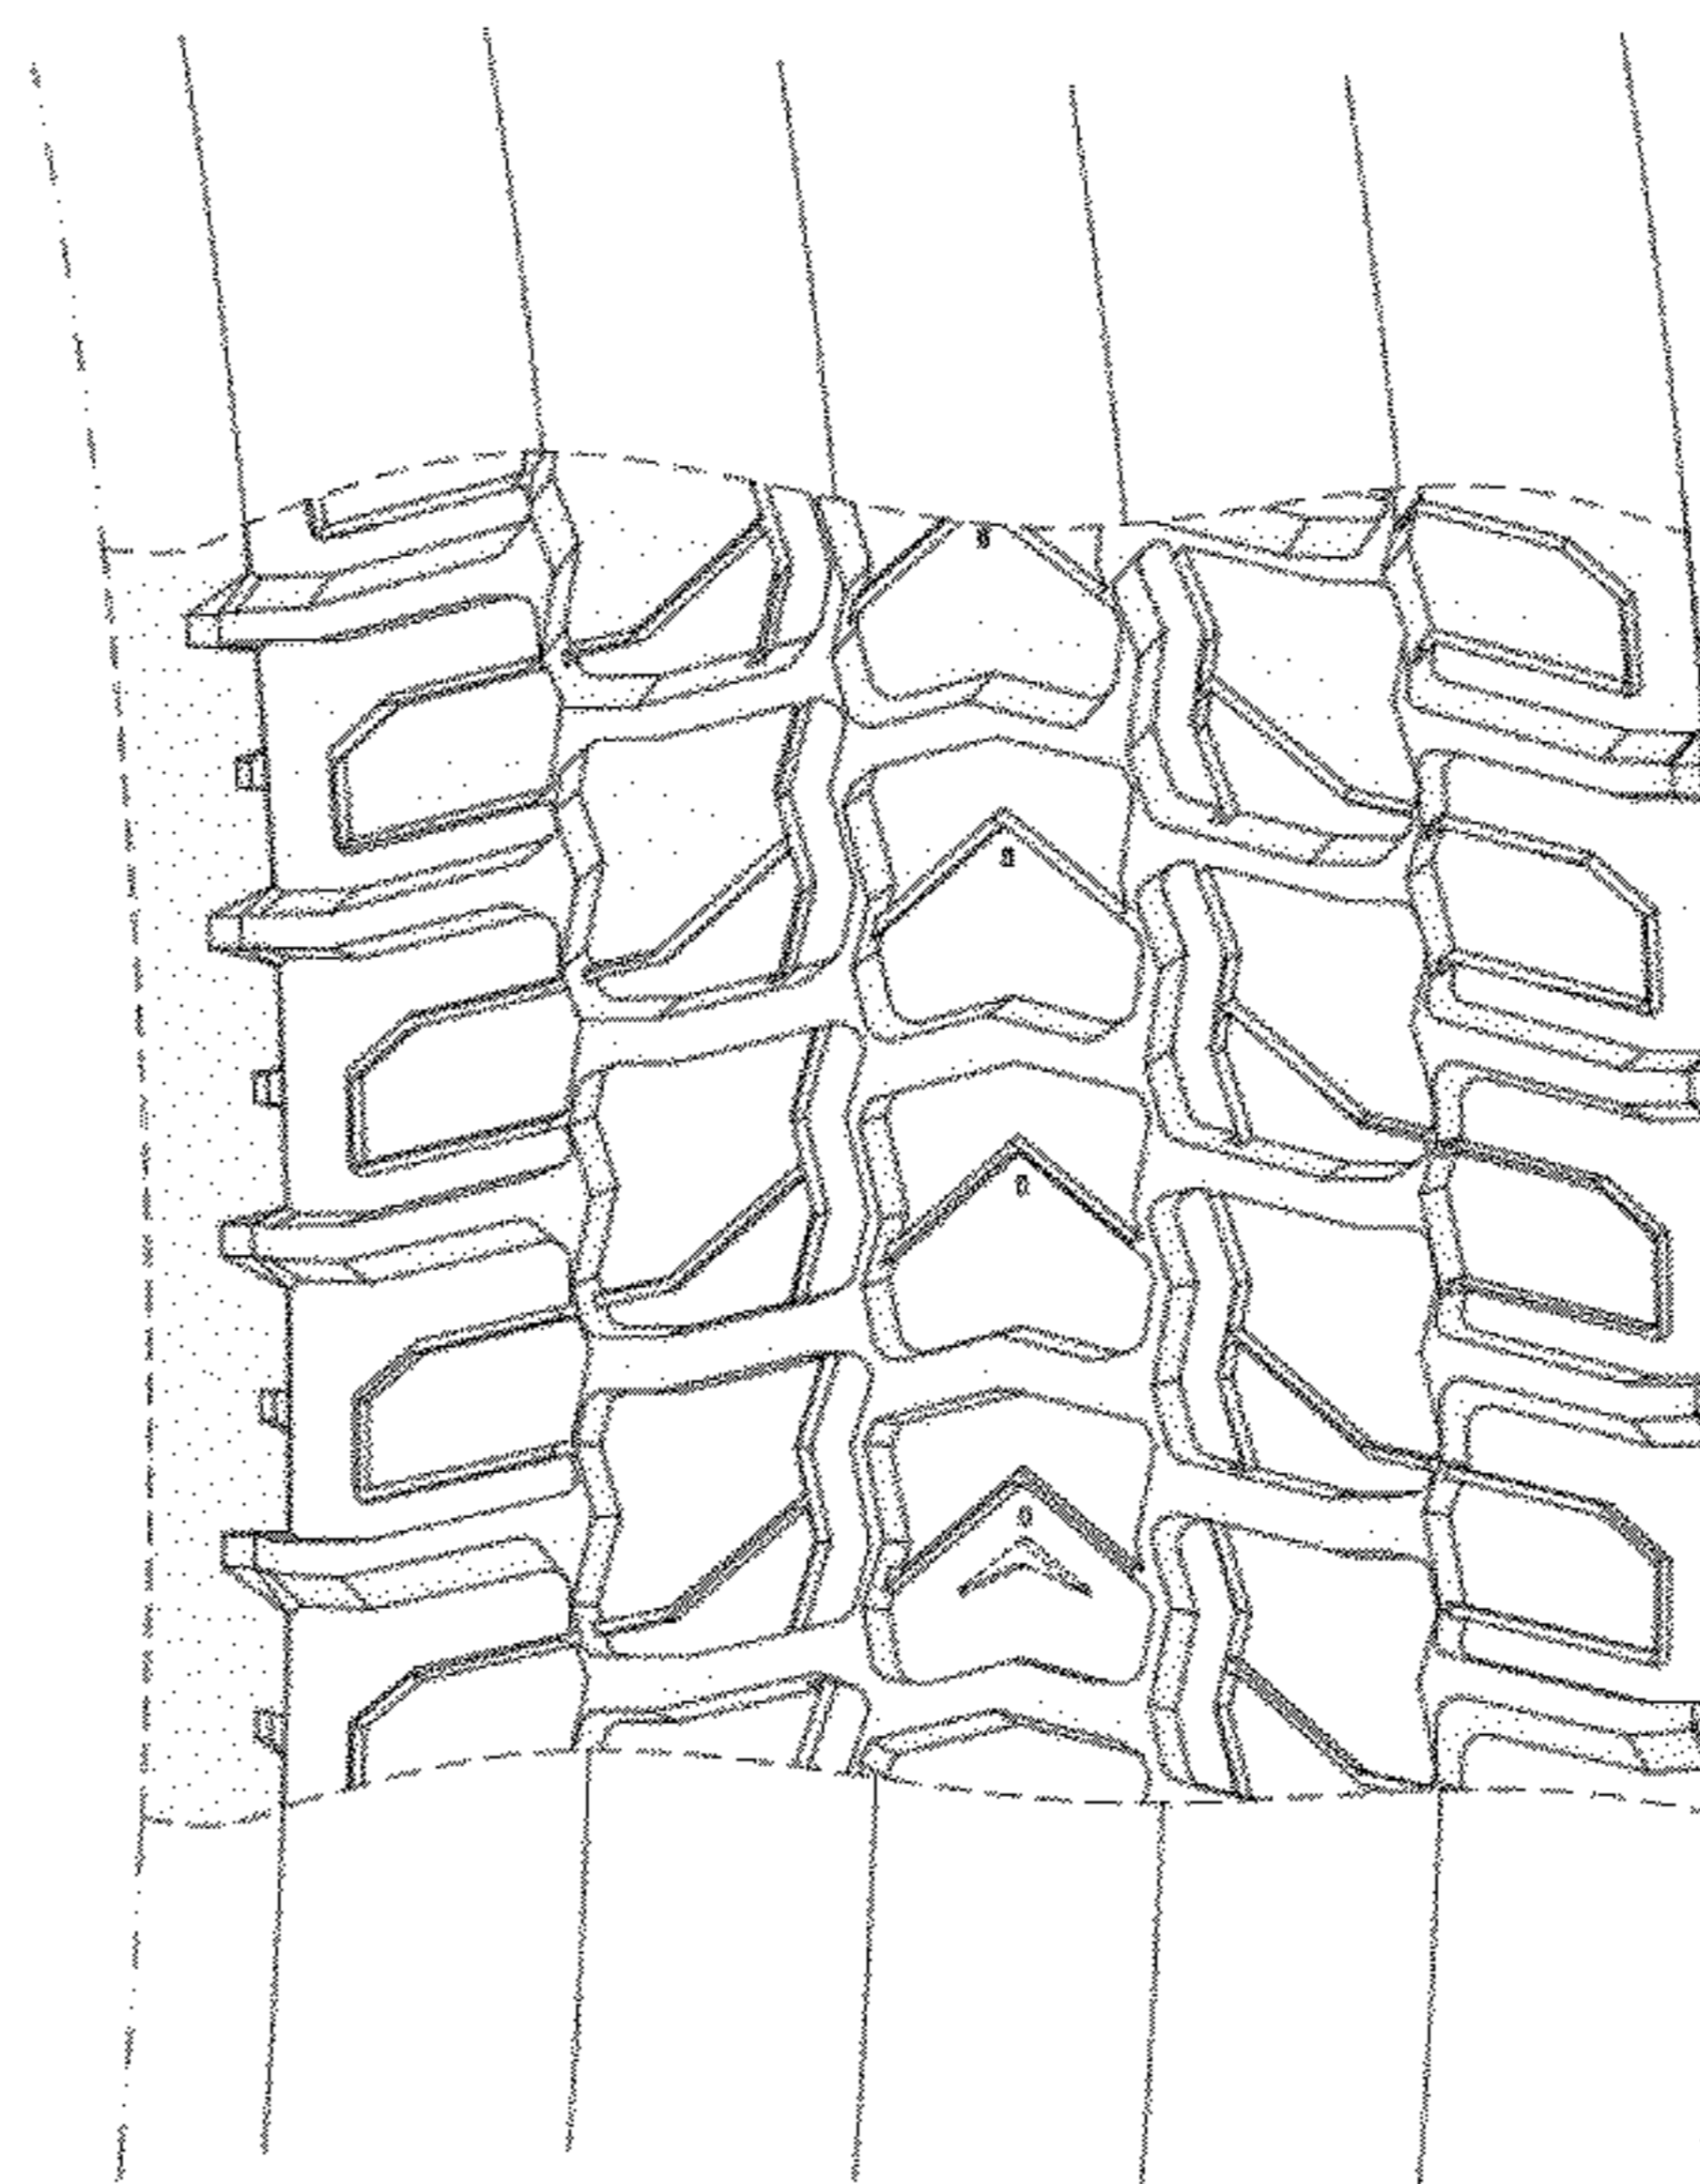

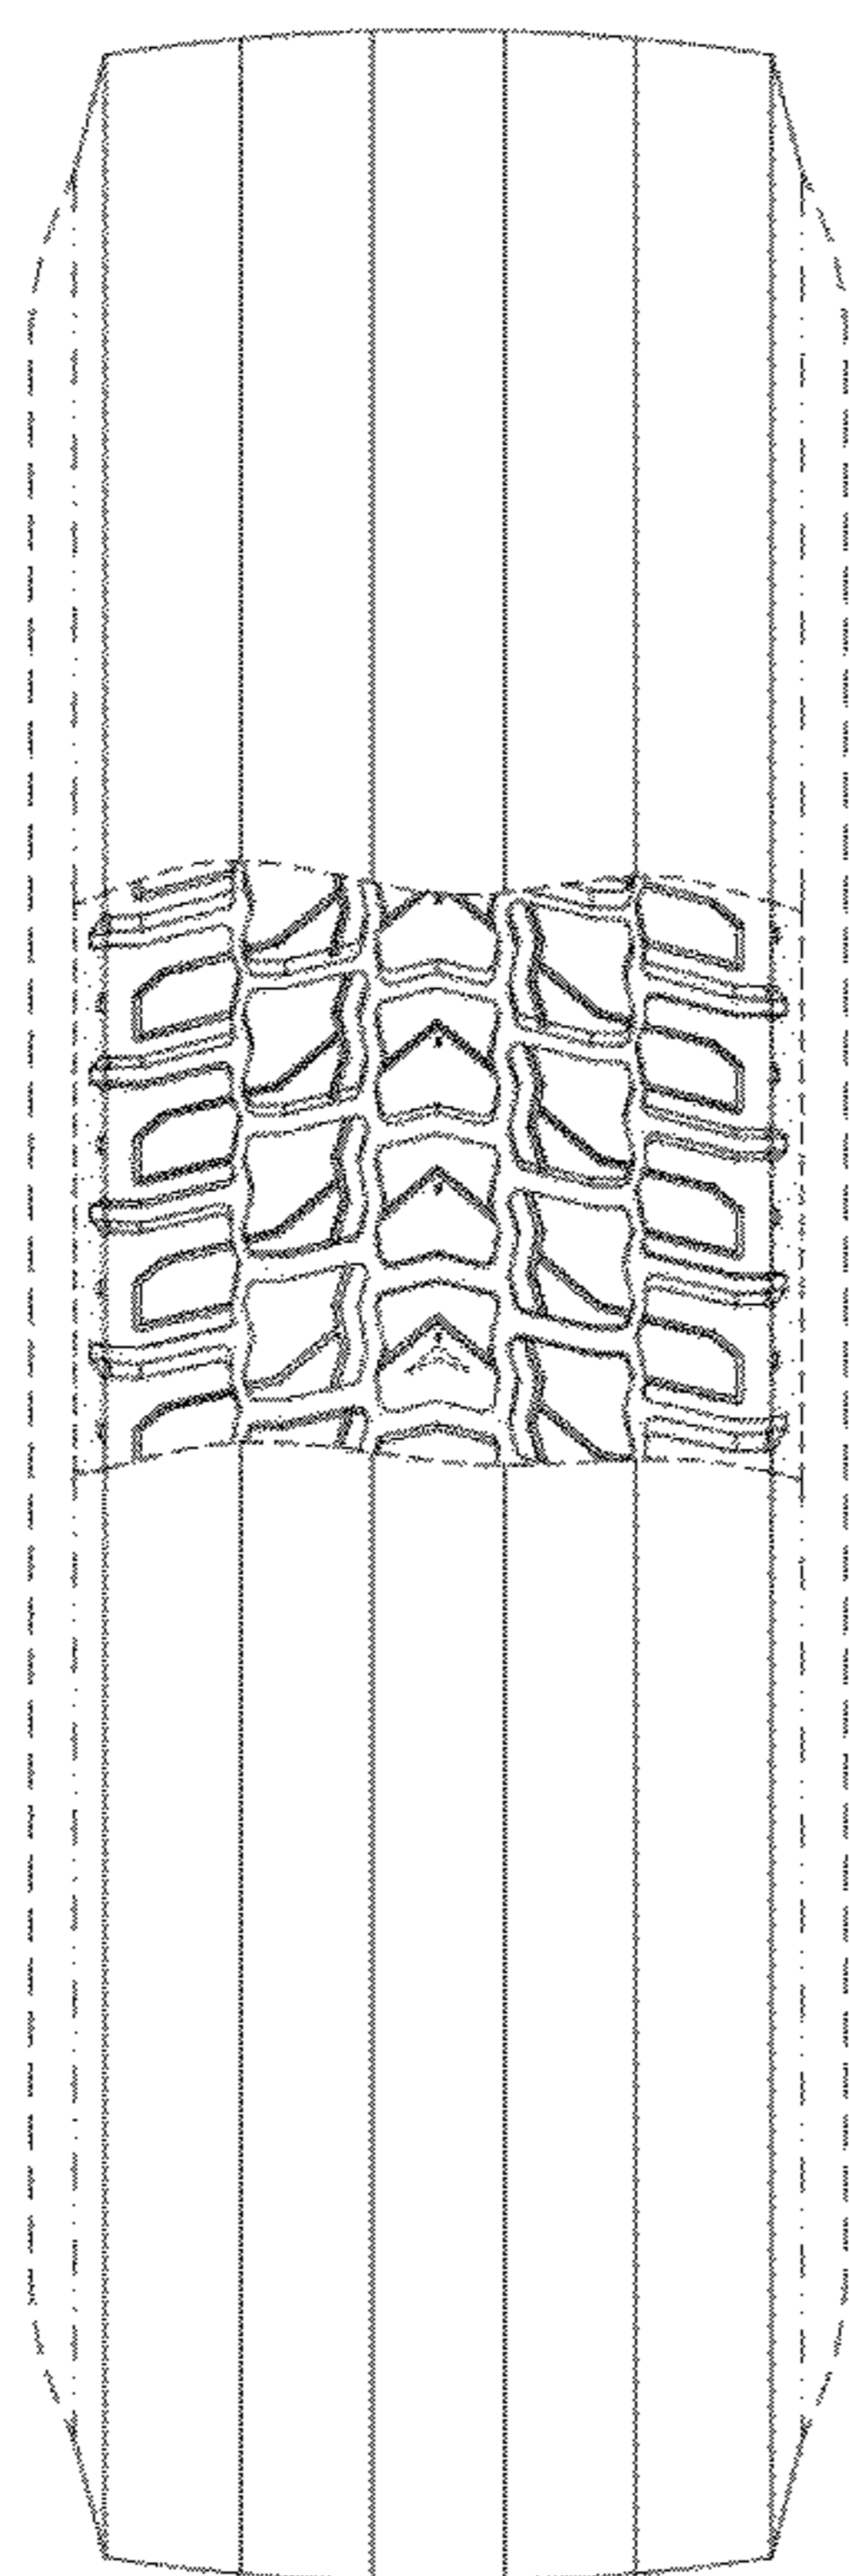

FIG. 3 is a side elevational view thereof, the other side being a mirror image; and,

FIG. 4 is an enlarged perspective view thereof.

In the drawings, the broken lines defining the sidewall, inner bead and the unclaimed sidewall depict environmental subject matter that forms no part of the claimed design.

The tread pattern is understood to repeat uniformly throughout the circumference of the tire, as shown schematically in solid lines.
