(57) **CLAIM**

The ornamental design for a buccal sample collector and container combined, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of the buccal sample collector and container combined showing our new design in an open configuration.

FIG. 2 is a top plan view of the buccal sample collector and container combined of FIG. 1.

FIG. 3 is a bottom plan view of the buccal sample collector and container combined of FIG. 1.

FIG. 4 is a left side view of the buccal sample collector and container combined of FIG. 1.

FIG. 5 is a perspective view of the buccal sample collector and container combined showing our new design in a closed configuration.

FIG. 6 is a top plan view of the buccal sample collector and container combined of FIG. 5; and,

FIG. 7 is a left side view of the buccal sample collector and container combined of FIG. 5.
