(57) **CLAIM**

The ornamental design for mars rover, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a mars rover according to our new design;

FIG. 2 is a rear perspective view of the mars rover according to our new design;

FIG. 3 is a top plan view of the mars rover according to our new design;

FIG. 4 is a bottom plan view of the mars rover according to our new design;

FIG. 5 is a left side elevational view of the mars rover according to our new design;

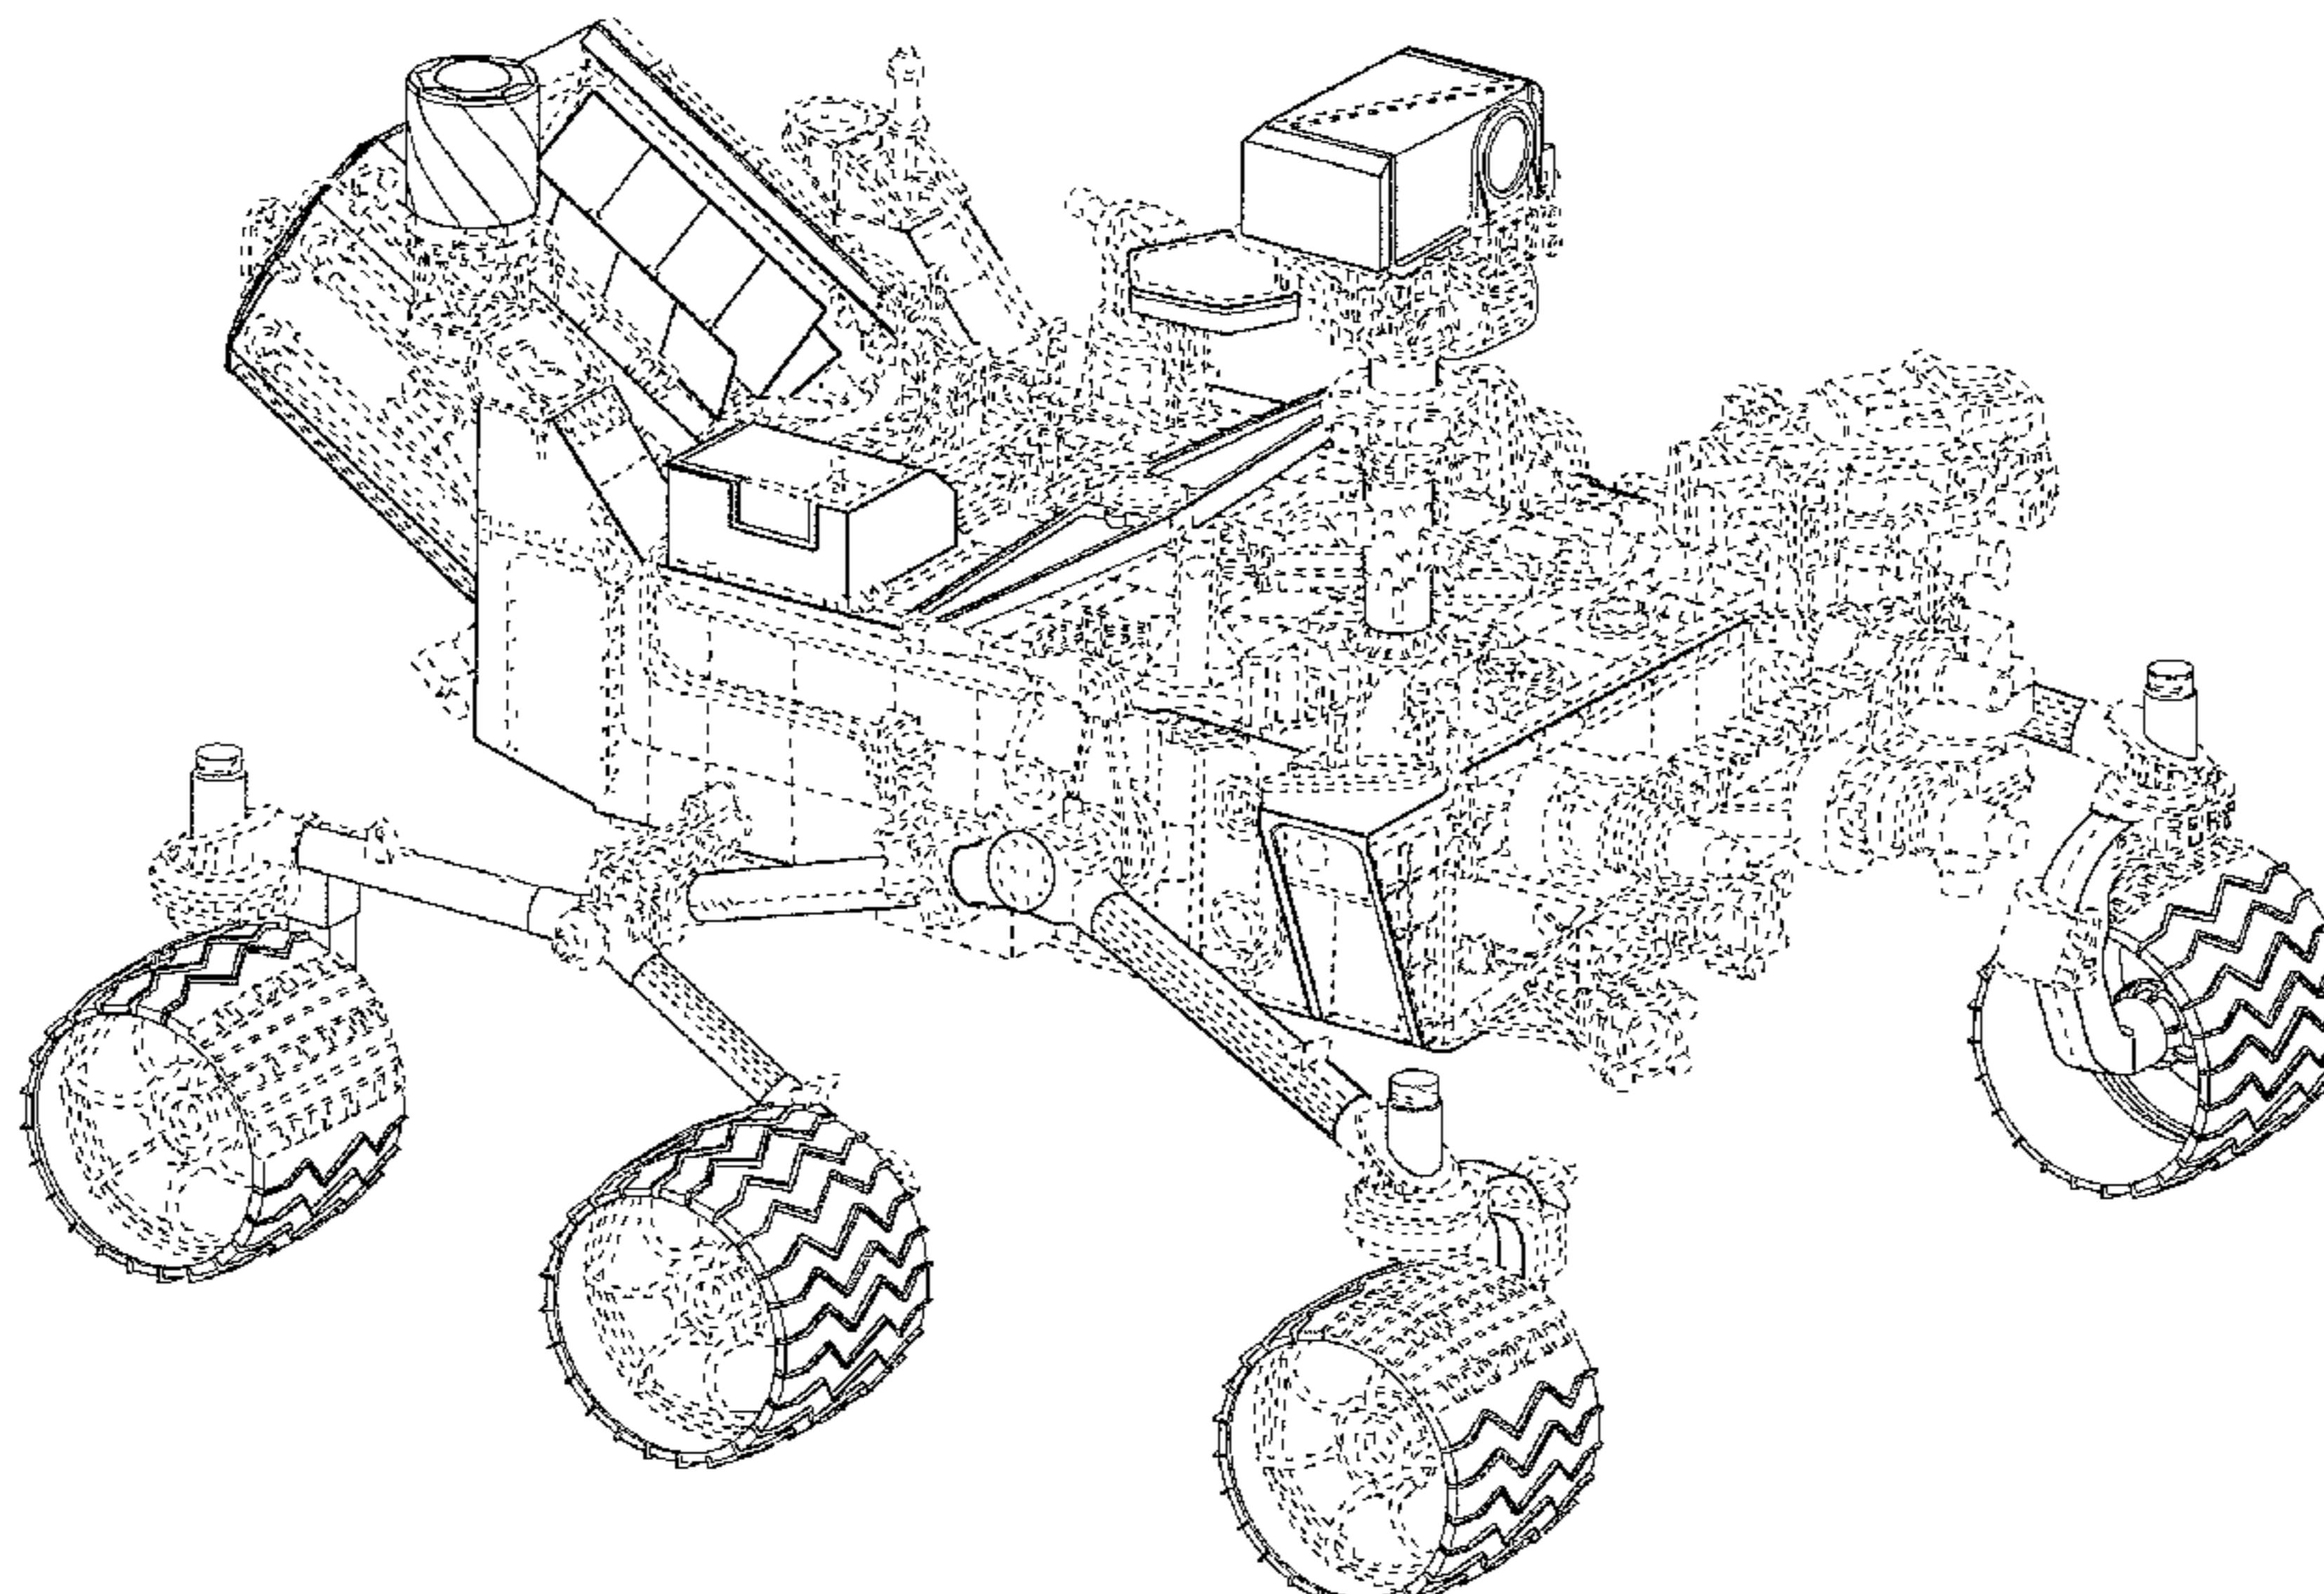

FIG. 6 a right side elevational view of the mars rover according to our new design;

FIG. 7 is a front elevational view of the mars rover according to our new design; and,

FIG. 8 is a rear elevational view of the mars rover according to our new design.

In the drawings, the broken lines depict unclaimed subject matter only and form no part of the claimed design.
