(57) **CLAIM**

The ornamental design for a display screen of a communications terminal with graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright rights whatsoever.

The FIGURE is a front view of a display screen of a communications terminal with graphical user interface.

The broken lines shown in the drawings represent portions of the display screen that form no part of the claimed design.
