(57) **CLAIM**

The ornamental design for a secure bushing and connector for universal medical gas delivery, as shown and described.

DESCRIPTION

FIG. 1 is a side elevation view of a secure bushing and connector for universal medical gas delivery showing my new design. All sides are radially equivalent.

FIG. 2 is a top elevation view of the secure bushing and connector for universal medical gas delivery.

FIG. 3 is a bottom elevation view of the secure bushing and connector for universal medical gas delivery.

FIG. 4 is a top perspective view of the secure bushing and connector for universal medical gas delivery.

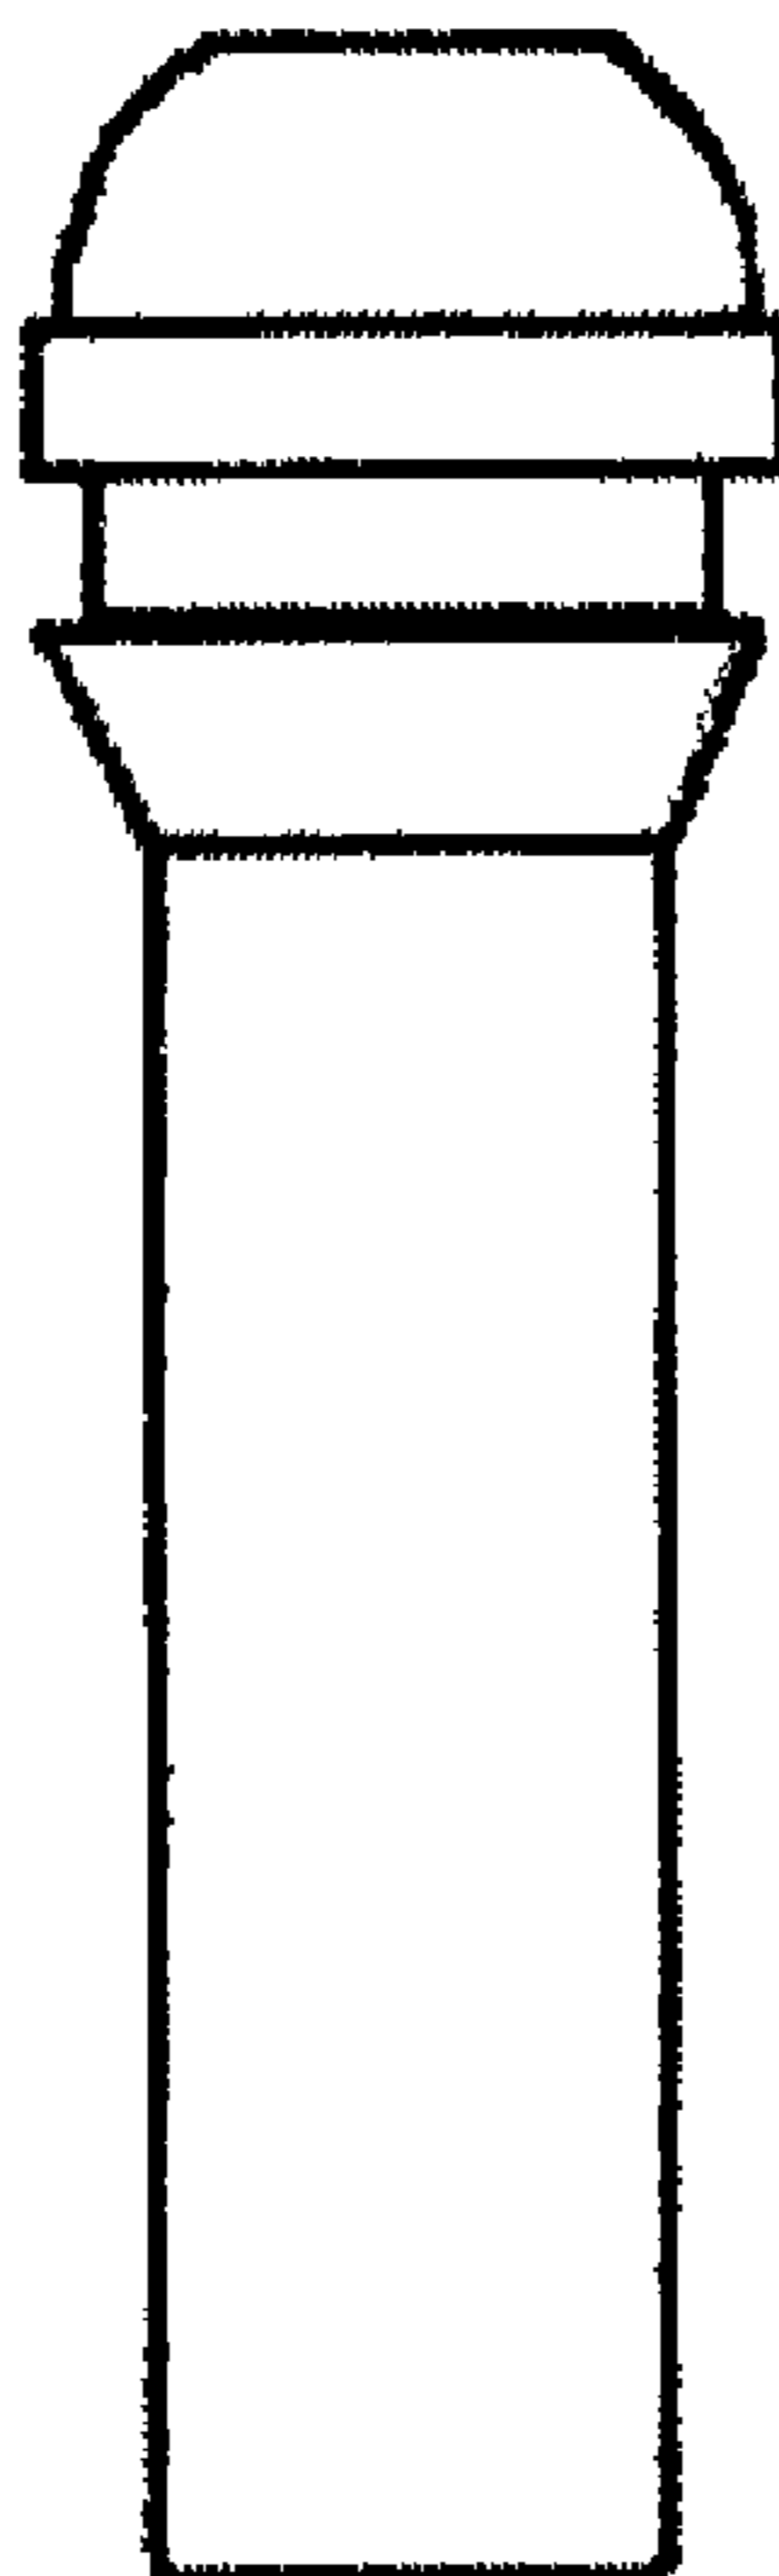

FIG. 5 is a bottom perspective view of the secure bushing and connector for universal medical gas delivery.

FIG. 6 is a side view of the secure bushing and connector for universal medical gas delivery; and,

FIG. 7 is a side view of the secure bushing and connector for universal medical gas delivery.

The broken line showing is included for the purpose of illustrating environment and forms no part of the claimed design.
