(57) **CLAIM**

I claim the ornamental design for an electrical device enclosure lid having a reflective cover, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an electrical device enclosure lid having a reflective cover of the present disclosure.

FIG. 2 is a right side view of the electrical device enclosure lid having the reflective cover shown in FIG. 1. The left side of the electrical device lid is identical to the right side.

FIG. 3 is a front view of the electrical device enclosure lid having the reflective cover shown in FIG. 1.

FIG. 4 is a back view of the electrical device enclosure lid having the reflective cover shown in FIG. 1.

FIG. 5 is a top plan view of the electrical device enclosure lid having the reflective cover shown in FIG. 1; and,

FIG. 6 is a bottom plan view of the electrical device enclosure lid having the reflective cover shown in FIG. 1.

Shading with oblique lines indicates transparency. Shading with orthogonal lines indicates opaqueness. The broken lines shown are for illustrative purposes only and form no part of the claimed design.
