(57) **CLAIM**

The ornamental design for a vial with collar label, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a first embodiment of a vial with collar label showing my new design;

FIG. 2 is a top view of the first embodiment of the vial with collar label;

FIG. 3 is a bottom view of the first embodiment of the vial with collar label;

FIG. 4 is a first side view of the first embodiment of the vial with collar label;

FIG. 5 is a second side view of the first embodiment of the vial with collar label;

FIG. 6 is a third side view of the first embodiment of the vial with collar label;

FIG. 7 is a fourth side view of the first embodiment of the vial with collar label;

FIG. 8 is a perspective view of a second embodiment of a vial with a collar label showing my new design;

FIG. 9 is a top view of the second embodiment of the vial with collar label;

FIG. 10 is a bottom view of the second embodiment of the vial with collar label;

FIG. 11 is a perspective view of the first embodiment of the vial with collar label with the cap of the vial removed;

FIG. 12 is a top view of the first embodiment of the vial with collar label with the cap of the vial removed;

FIG. 13 is a perspective view of the second embodiment of the vial with collar label with the cap of the vial removed; and,

FIG. 14 is a top view of the second embodiment of the vial with collar label with the cap of the vial removed.
