(57) **CLAIM**

The ornamental design for display screen with icon, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of display screen with icon. The screen shown in the drawings is an operation display screen for a machine, such as a copying machine. The icon shown in the drawings is used to make the machine read a manuscript and recognize characters on the manuscript. The broken line showing of the portion of the display screen is for the purpose of illustrating environmental structure and forms no part of the claimed design.
