(57) **CLAIM**

The ornamental design for a pediatric mode key for an external defibrillator having an electrode pad placement overlay, as shown and described.

DESCRIPTION

FIG. **1** is a perspective view of a pediatric mode key for an external defibrillator having an electrode pad placement overlay showing our new design.
FIG. **2** is a front elevational view thereof;
FIG. **3** is a rear elevational view thereof;
FIG. **4** is a right side elevational view thereof;
FIG. **5** is a left side elevational view thereof;
FIG. **6** is a top plan view thereof; and,
FIG. **7** is a bottom plan view thereof.
The broken lines shown in FIG. **3** and FIG. **7** are included for the purpose of illustrating unclaimed portions of the pediatric mode key for an external defibrillator having an electrode pad placement overlay that form no part of the claimed design.
