(57) **CLAIM**

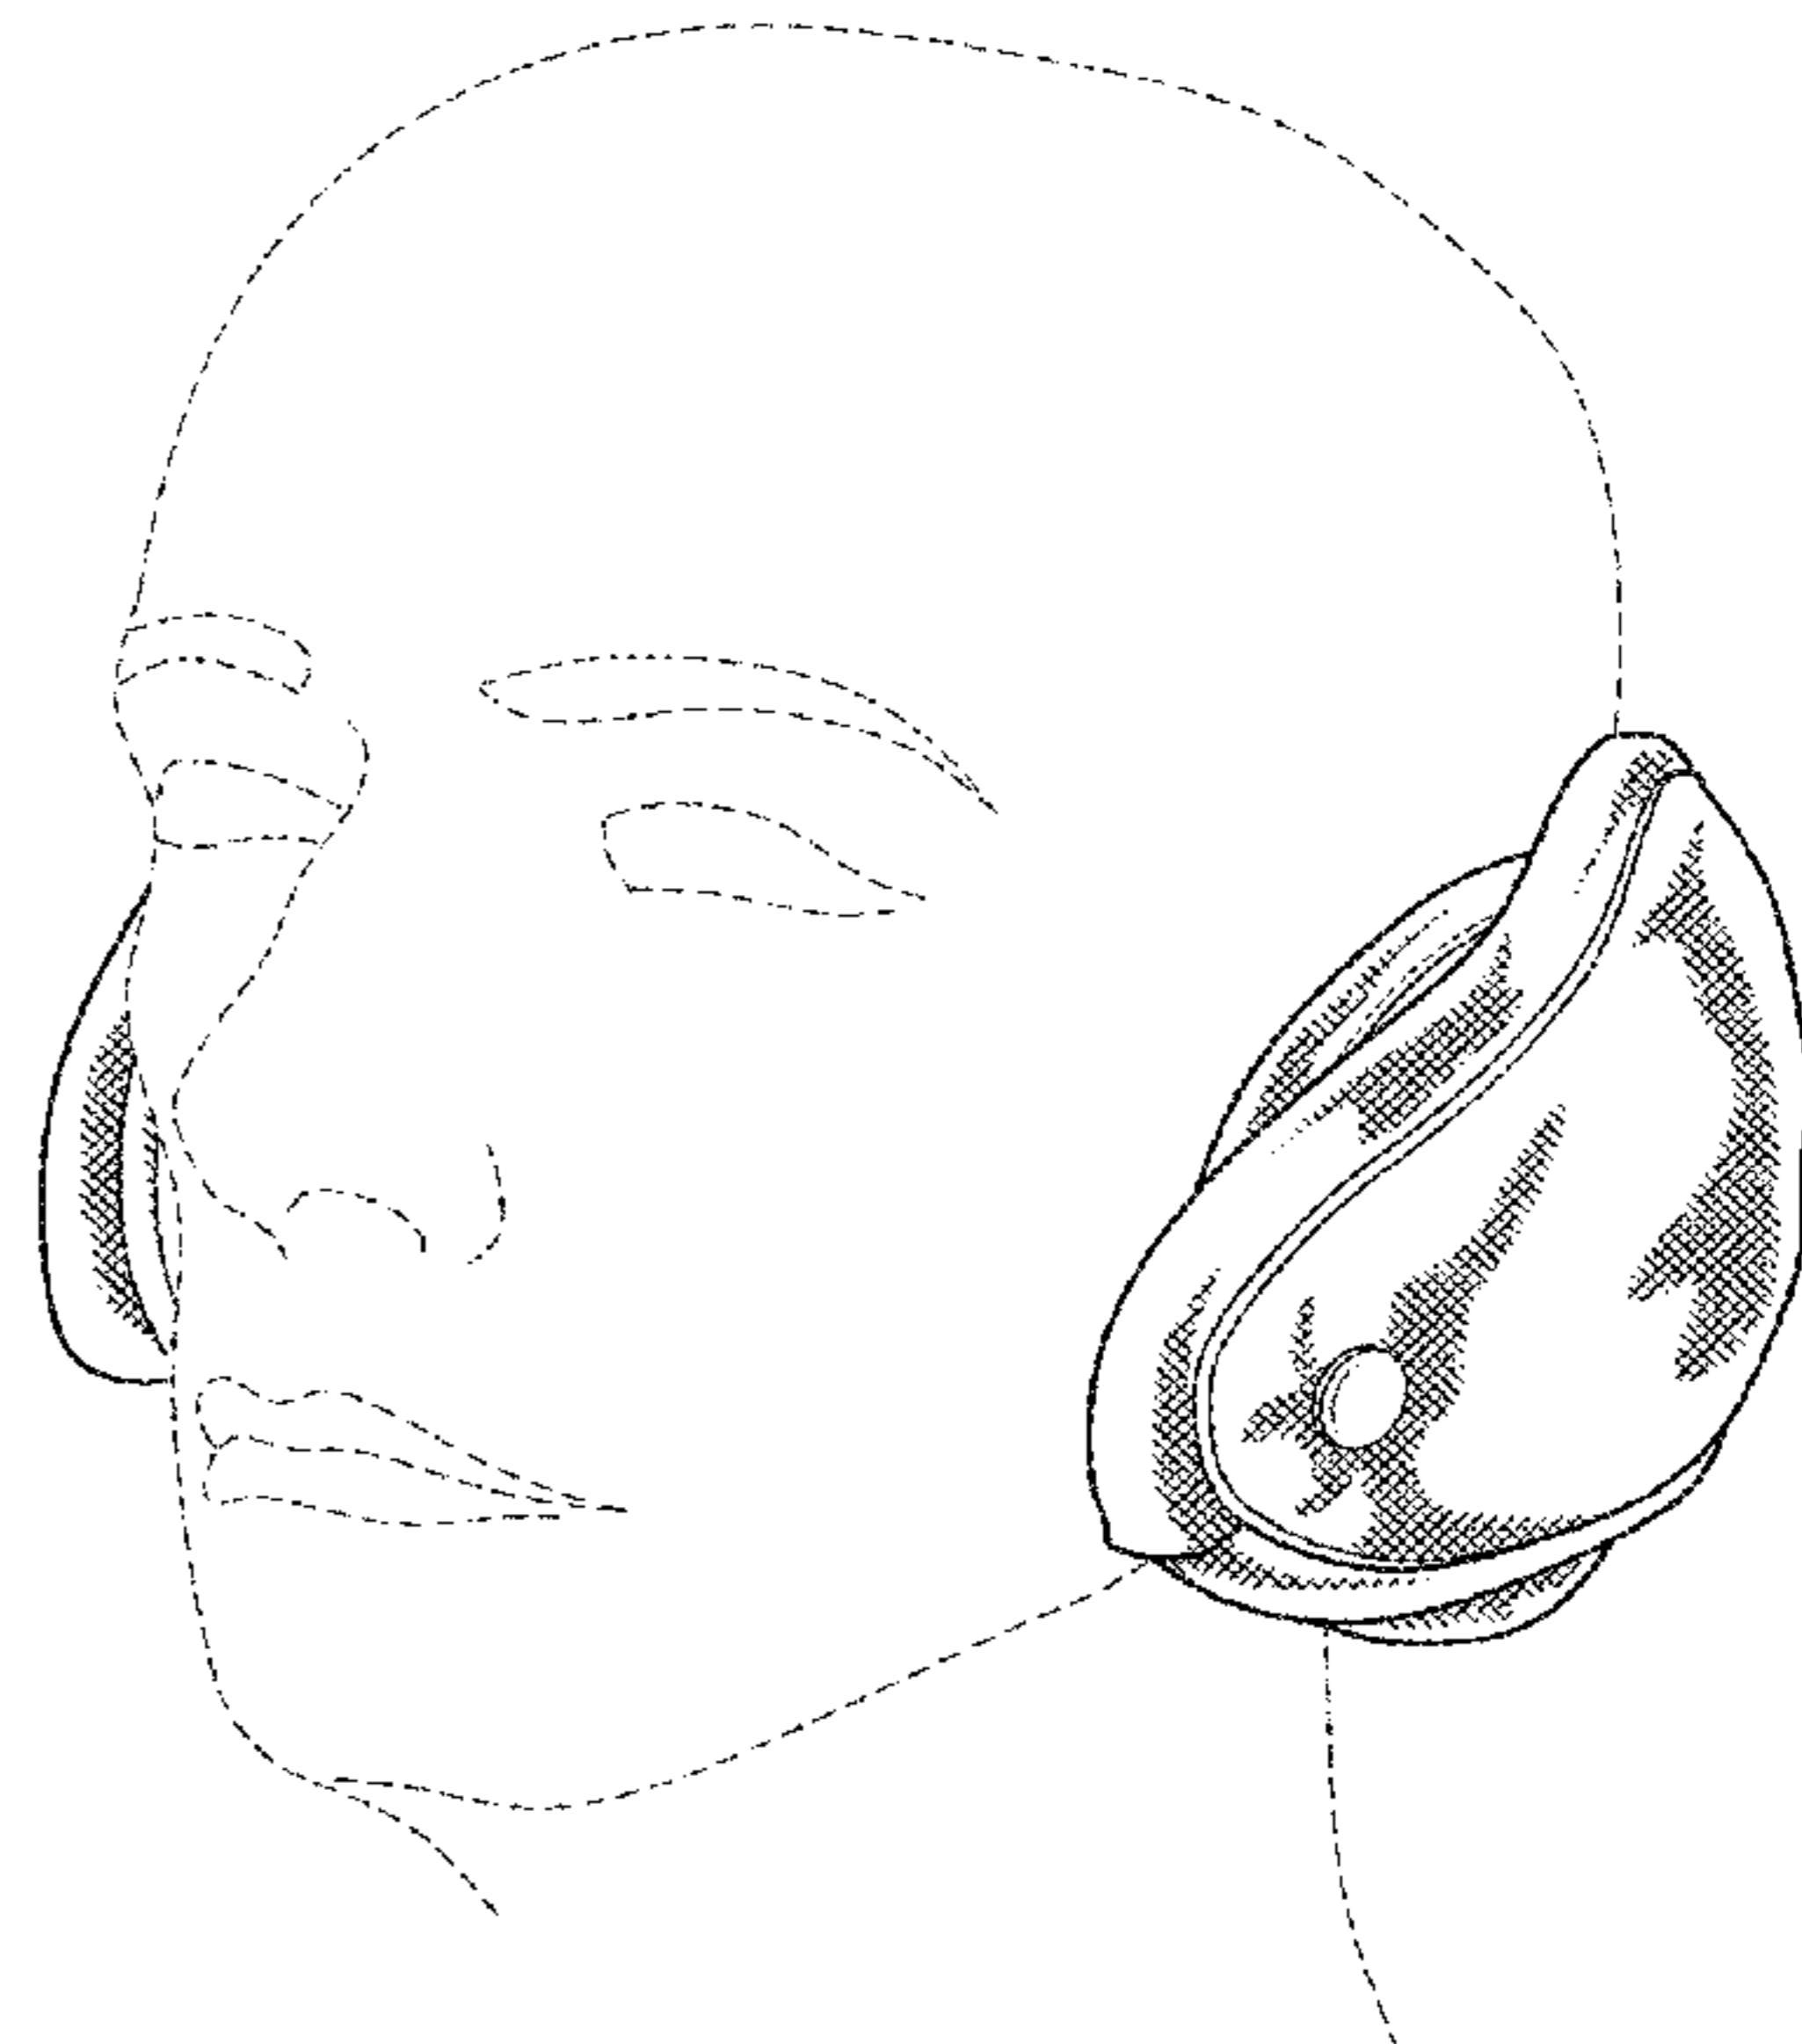

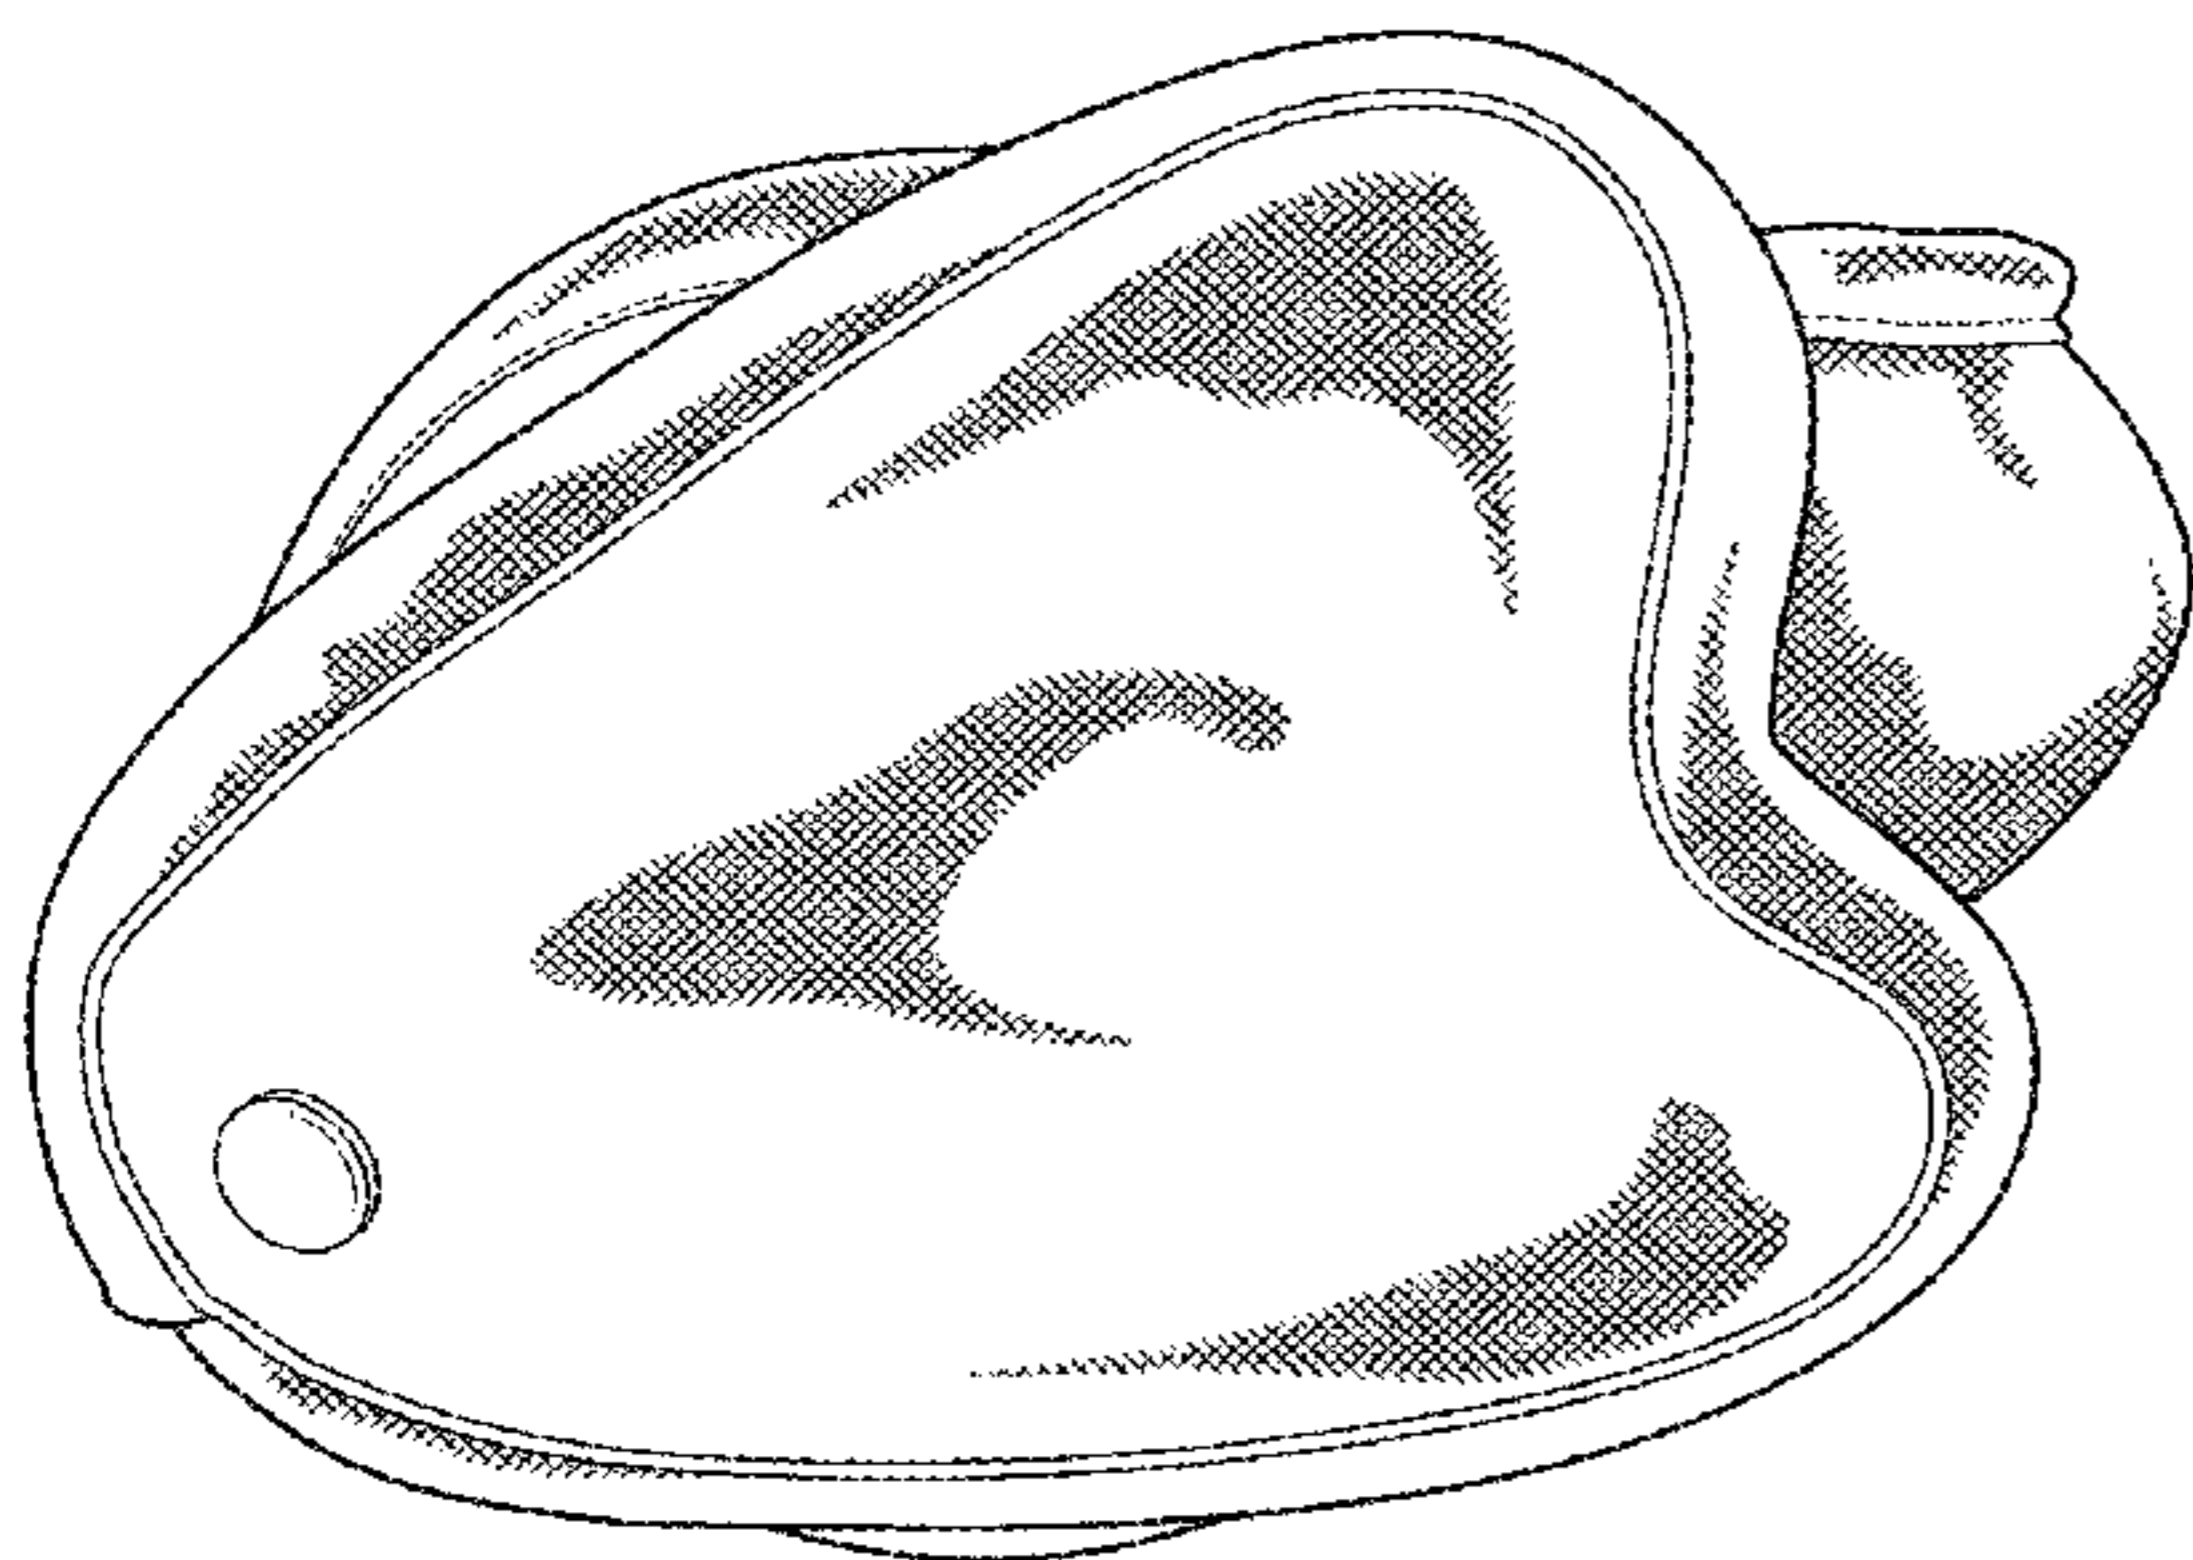

The ornamental design for a thermal ear and face covering, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a thermal ear and face covering showing our new design in a storage position; FIG. 2 is a side view thereof, with the cheek cover in a retracted and partial storage position; FIG. 3 is a side view thereof, with the cheek cover in a deployed position in use and the back contoured outwards around wearer's head; FIG. 4 is a front perspective view thereof, with the cheek cover in a retracted position; FIG. 5 is a front perspective view thereof, with the cheek cover in the deployed position; and, FIG. 6 is a side view thereof, shown in a partially folded position.

The broken lines shown on the thermal ear and face covering in FIGS. 1-6 represent thread stitching. The broken lines illustrating the human head in FIGS. 3-5 form no part of the claimed design. All sides not shown form no part of the claimed design.
