(57) **CLAIM**

The ornamental design for a can cooler, as shown and described.

**DESCRIPTION**

FIG. 1 is a top perspective view of our new design for a can cooler with the top attached to a can;

FIG. 2 is a right side elevation view of our invention with the top attached to a can;

FIG. 3 is a top plan view of our new invention with the top attached to a can;

FIG. 4 is a bottom plan view of our new invention with the top attached to a can;

FIG. 5 is a rear elevation view of our new invention with the top attached to a can;

FIG. 6 is a front elevation view of our new invention with the top attached to a can;

FIG. 7 is a top perspective view of our new invention with the top removed from the can;

FIG. 8 is a bottom plan view of our new invention with the top removed from the can;

FIG. 9 is a rear elevation view of our new invention with the top removed from the can;

FIG. 10 is a bottom perspective view of our new invention with the top removed from the can; and,

FIG. 11 is a top perspective view of our new invention with the top removed from the can.

The broken lines indicating a can are for purposes of illustrating a use and form no part of the claimed design.
