(57) **CLAIM**

The ornamental design for an electronic tablet with input device coupling, as shown and described.

DESCRIPTION

FIG. 1 is a top view of an electronic tablet with input device coupling showing our new design including an electronic tablet side coupling and an input device side coupling;

FIG. 2 is a front view of the electronic tablet side coupling showing the recessed coupling;

FIG. 3 is a front view of the electronic tablet side coupling showing the recessed coupling as in FIG. 2 but with the disclaimed broken line environment removed for clarity;

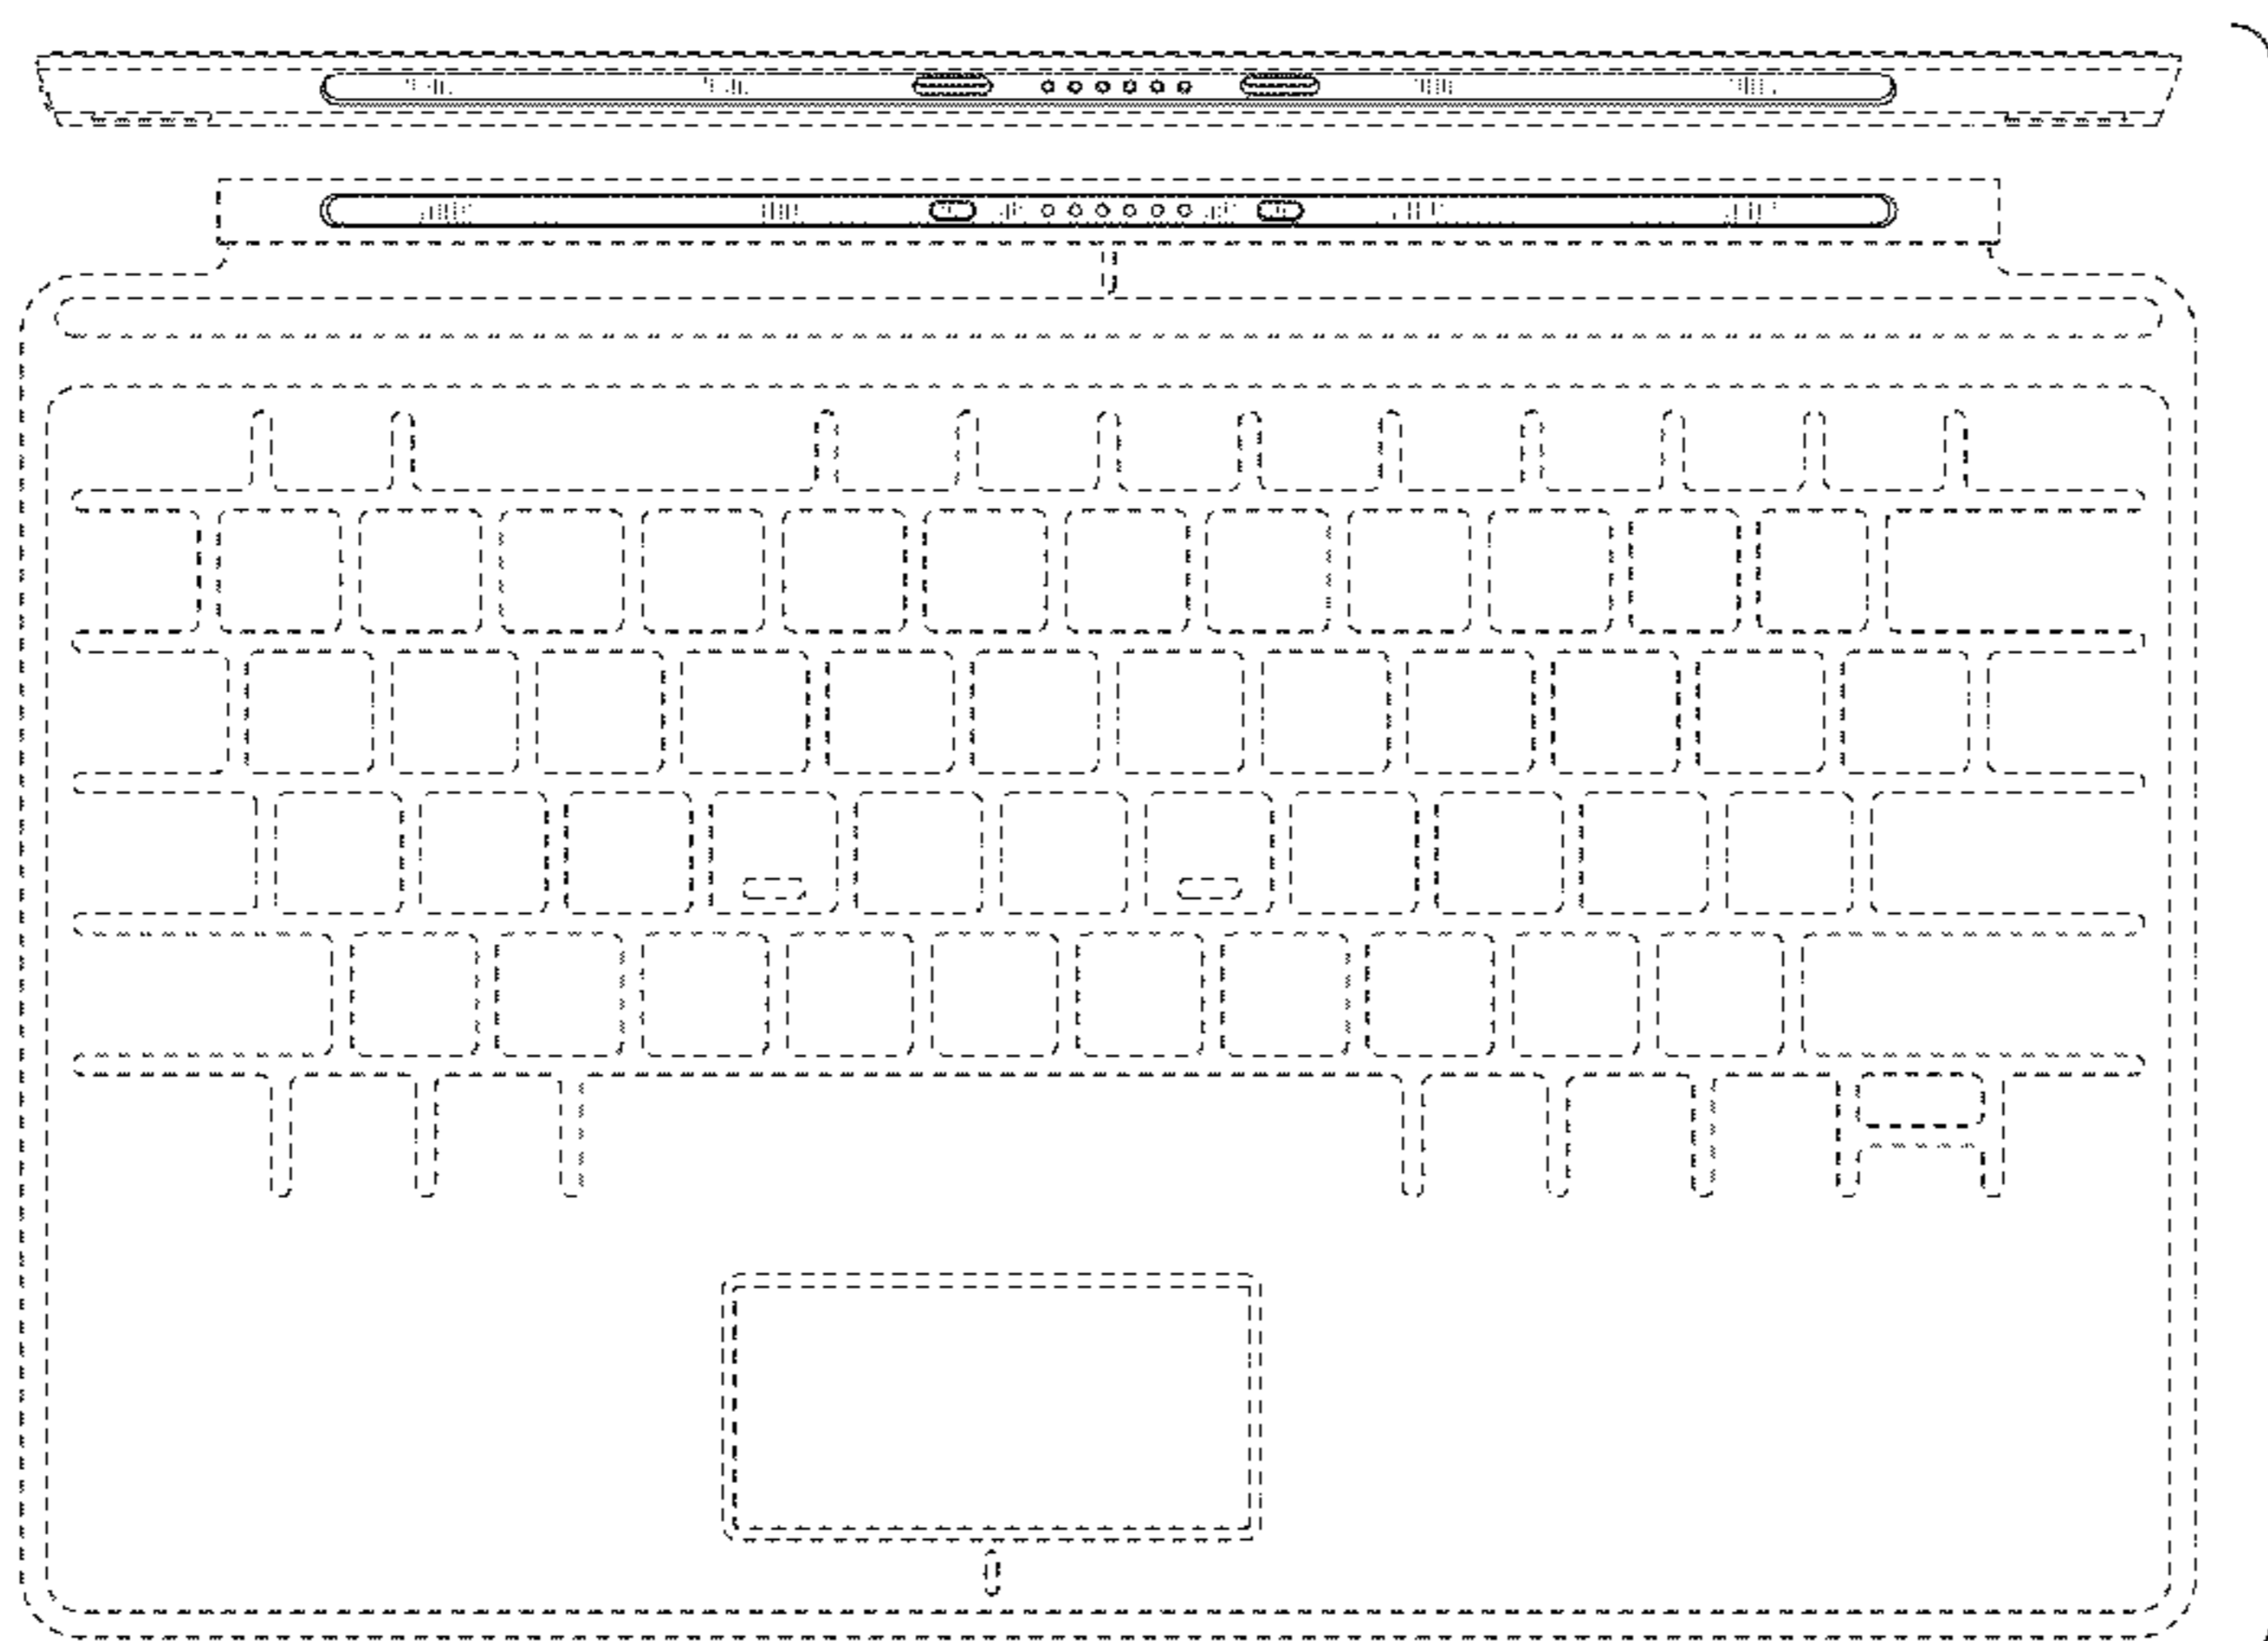

FIG. 4 is an enlarged center portion of FIG. 3;

FIG. 5 is a top isometric view of the input device side coupling showing the protruding elements which mate with recessed coupling of the electronic tablet side; and,

FIG. 6 is a top view thereof.

The broken lines showing the remainder of the electronic tablet and the remainder of the input device are for environmental purposes only and form no part of the claimed design.
