(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

**DESCRIPTION**

This patent document is related to design patent application Ser. No. 29/395,507 and design patent application Ser. No. 29/395,510 filed on even date herewith.

A portion of the disclosure of this patent document contains material to which a claim for copyright and trademark is made. The copyright and trademark owner has no objection to the reproduction of the patent document or the patent disclosure, as it appears in the U.S. Patent Office records, but reserves all other copyright and trademark rights whatsoever. The single view is a front view of a display screen with graphical user interface.

The broken line perimeter represents the boundaries of the claim and forms no part thereof.
