(57) **CLAIM**

The ornamental design for product packaging, as shown and
described.

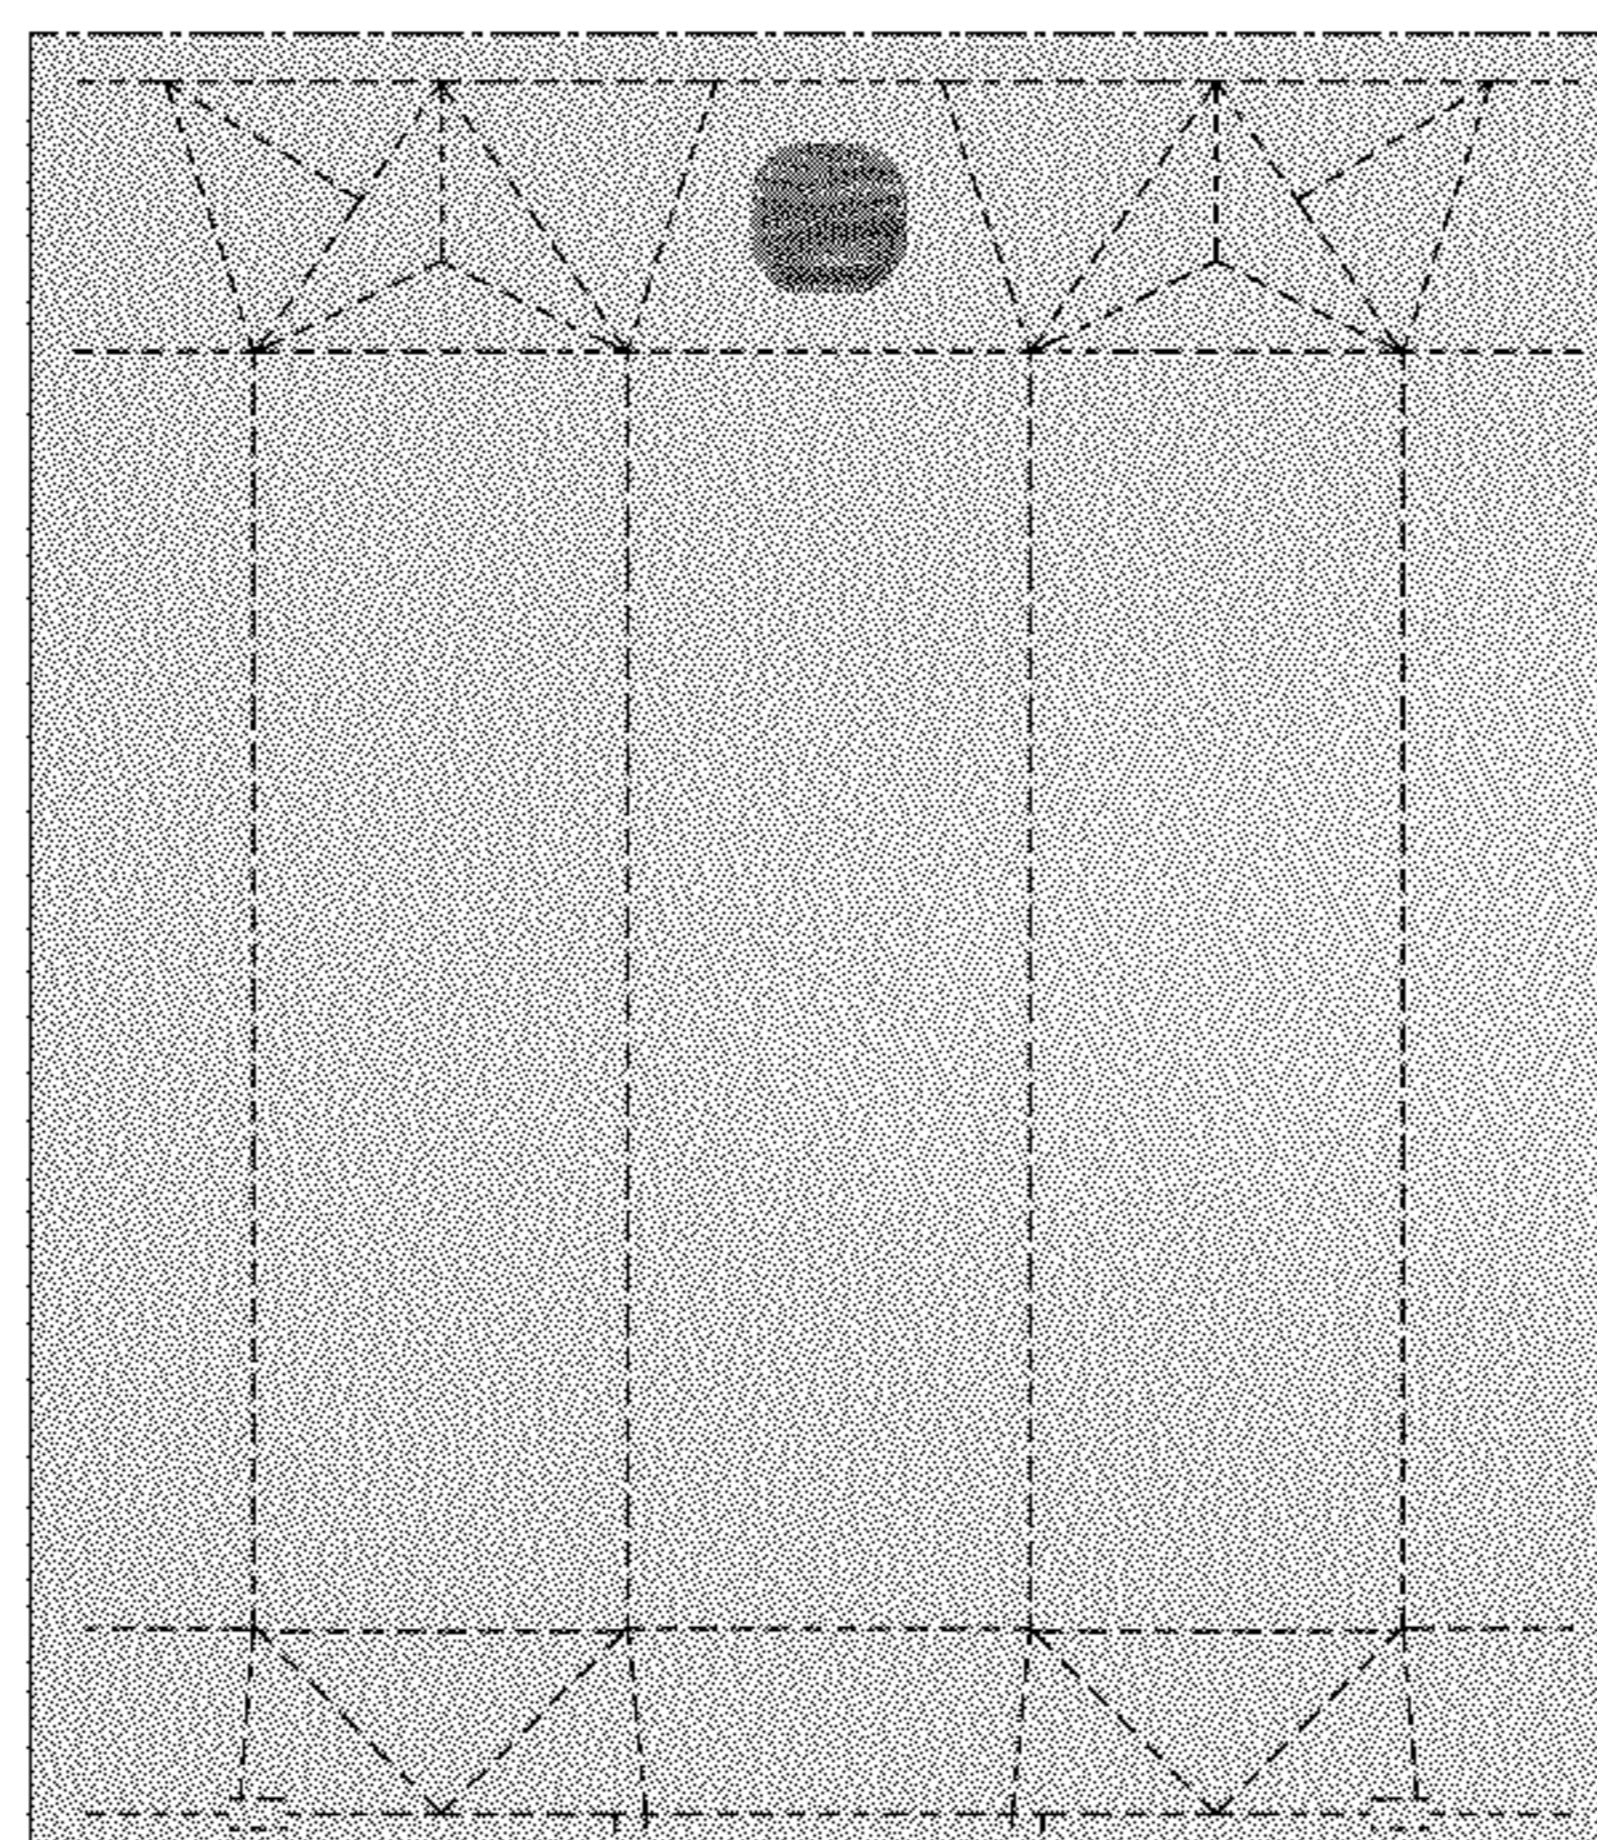

DESCRIPTION

FIG. 1 is a front view of product packaging showing my new
design; and,

FIG. 2 is a perspective view thereof.

The broken lines formed by segments of equal length depict
the claimed pre-weakened fold lines of the product packag-
ing. The dot-dash-dot broken lines at the top and bottom of the
design form the boundaries of the product packaging and
form no part thereof.
