(57) **CLAIM**

We claim the ornamental design for a transaction card with glowing indicator, as shown and described.

DESCRIPTION

All of the material from U.S. patent application Ser. No. 29/358,958 which is essential to the claimed design is included herein. Any material in U.S. patent application Ser. No. 29/358,958 which is not present herein forms no part of the claimed design.

FIG. 1 is a front view of an embodiment of a transaction card with a glowing indicator;

FIG. 2 is a right and left elevational view of FIG. 1; and,

FIG. 3 is a top and bottom elevational view of FIG. 1.

In FIG. 1 the rectangular broken line surrounding the broken line “DISCOVER” is the boundary of the illuminated portion. The radiating lines illustrate the glow of the illumination. The broken line spelling out the word “DISCOVER” forms no part of the claimed design.
