(57) **CLAIM**

The ornamental design for a reticle for an optical aiming device, as shown and described.

DESCRIPTION

FIG. 1 is front plan view of a first embodiment of the reticle for an optical aiming device; and,

FIG. 2 is an isometric view of the reticle for an optical aiming device shown in FIG. 1.

The dashed lines form no part of the claimed invention in this application and are instead included to show an unclaimed boundary of the design.
