(57) **CLAIM**

The ornamental design for the part for inhalation therapy
nebuliser, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a first embodiment of the part for inhalation therapy nebuliser; FIG. 2 is a left side elevational view of the first embodiment; FIG. 3 is a right side elevational view of the first embodiment; FIG. 4 is a rear elevational view of the first embodiment; FIG. 5 is a top plan view of the first embodiment; FIG. 6 is a bottom plan view of the first embodiment; FIG. 7 is a perspective view of a second embodiment of the part for inhalation therapy nebuliser; FIG. 8 is a front elevational view of the second embodiment; FIG. 9 is a left side elevational view of the second embodiment; FIG. 10 is a right side elevational view of the second embodiment; FIG. 11 is a rear elevational view of the second embodiment; FIG. 12 is a top plan view of the second embodiment; FIG. 13 is a bottom plan view of the second embodiment; FIG. 14 is a perspective view of a third embodiment of the part for inhalation therapy nebuliser; FIG. 15 is a front elevational view of the third embodiment; FIG. 16 is left side elevational view of the third embodiment; FIG. 17 is a right side elevational view of the third embodiment; FIG. 18 is a rear elevational view of the third embodiment; FIG. 19 is top plan view of the third embodiment; FIG. 20 is a bottom plan view of the third embodiment; FIG. 21 is a perspective view of a fourth embodiment of the part for inhalation therapy nebuliser; FIG. 22 is a front elevational view of the fourth embodiment; FIG. 23 is a left side elevational view of the fourth embodiment; FIG. 24 is a right side elevational view of the fourth embodiment; FIG. 25 is rear elevational view of the fourth embodiment; FIG. 26 is a top plan view of the fourth embodiment; and, FIG. 27 is a bottom plan view of the fourth embodiment. The first, second and third embodiments as illustrated in FIGS. 1-20 are lined for color to show a contrasting color on some portion of the part for inhalation therapy nebuliser, but the color lining is not otherwise a portion of the design. The broken lines in FIGS. 1-27 are included for the purpose of illustrating portions of the part for inhalation therapy nebuliser that form no part of the claimed design.
