(57) **CLAIM**

The ornamental design for a curved electrosurgical device, as shown and described.

**DESCRIPTION**

FIG. 1 is a front, left and top perspective view of a curved electrosurgical device, showing our new design;

FIG. 2 is a rear view of the curved electrosurgical device of FIG. 1;

FIG. 3 is a front view of the curved electrosurgical device of FIG. 1;

FIG. 4 is a top plan view of the curved electrosurgical device of FIG. 1;

FIG. 5 is a bottom view of the curved electrosurgical device of FIG. 1;

FIG. 6 is a left side view of the curved electrosurgical device of FIG. 1;

FIG. 7 is a right side view of the curved electrosurgical device of FIG. 1;

FIG. 8 is a front, left and top perspective view of an alternative embodiment of a curved electrosurgical device;

FIG. 9 is a rear view of the curved electrosurgical device of FIG. 8;

FIG. 10 is a front view of the curved electrosurgical device of FIG. 8;

FIG. 11 is a top plan view of the curved electrosurgical device of FIG. 8;

FIG. 12 is a bottom view of the curved electrosurgical device of FIG. 8;

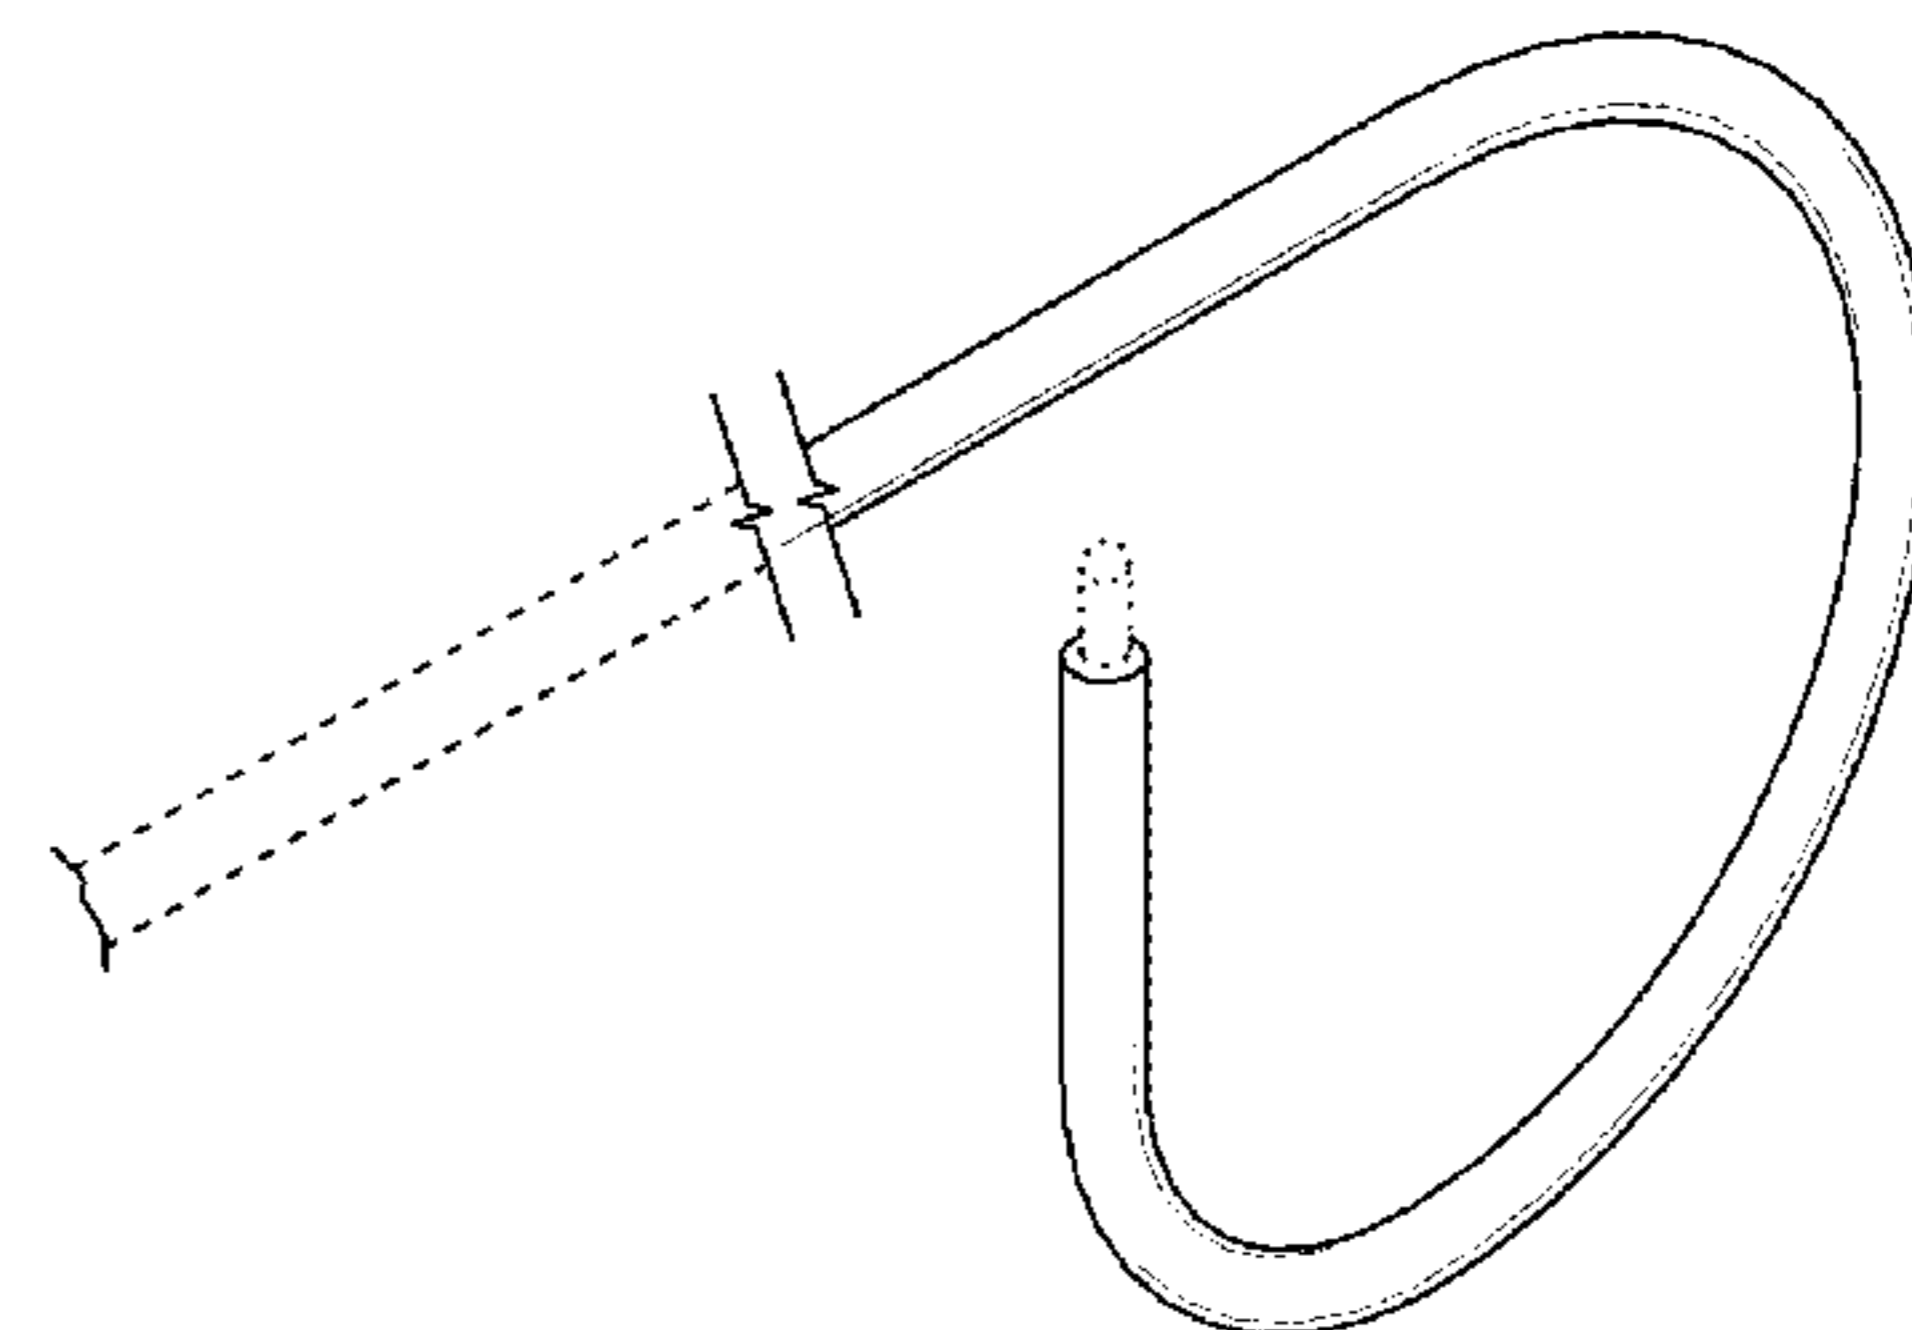

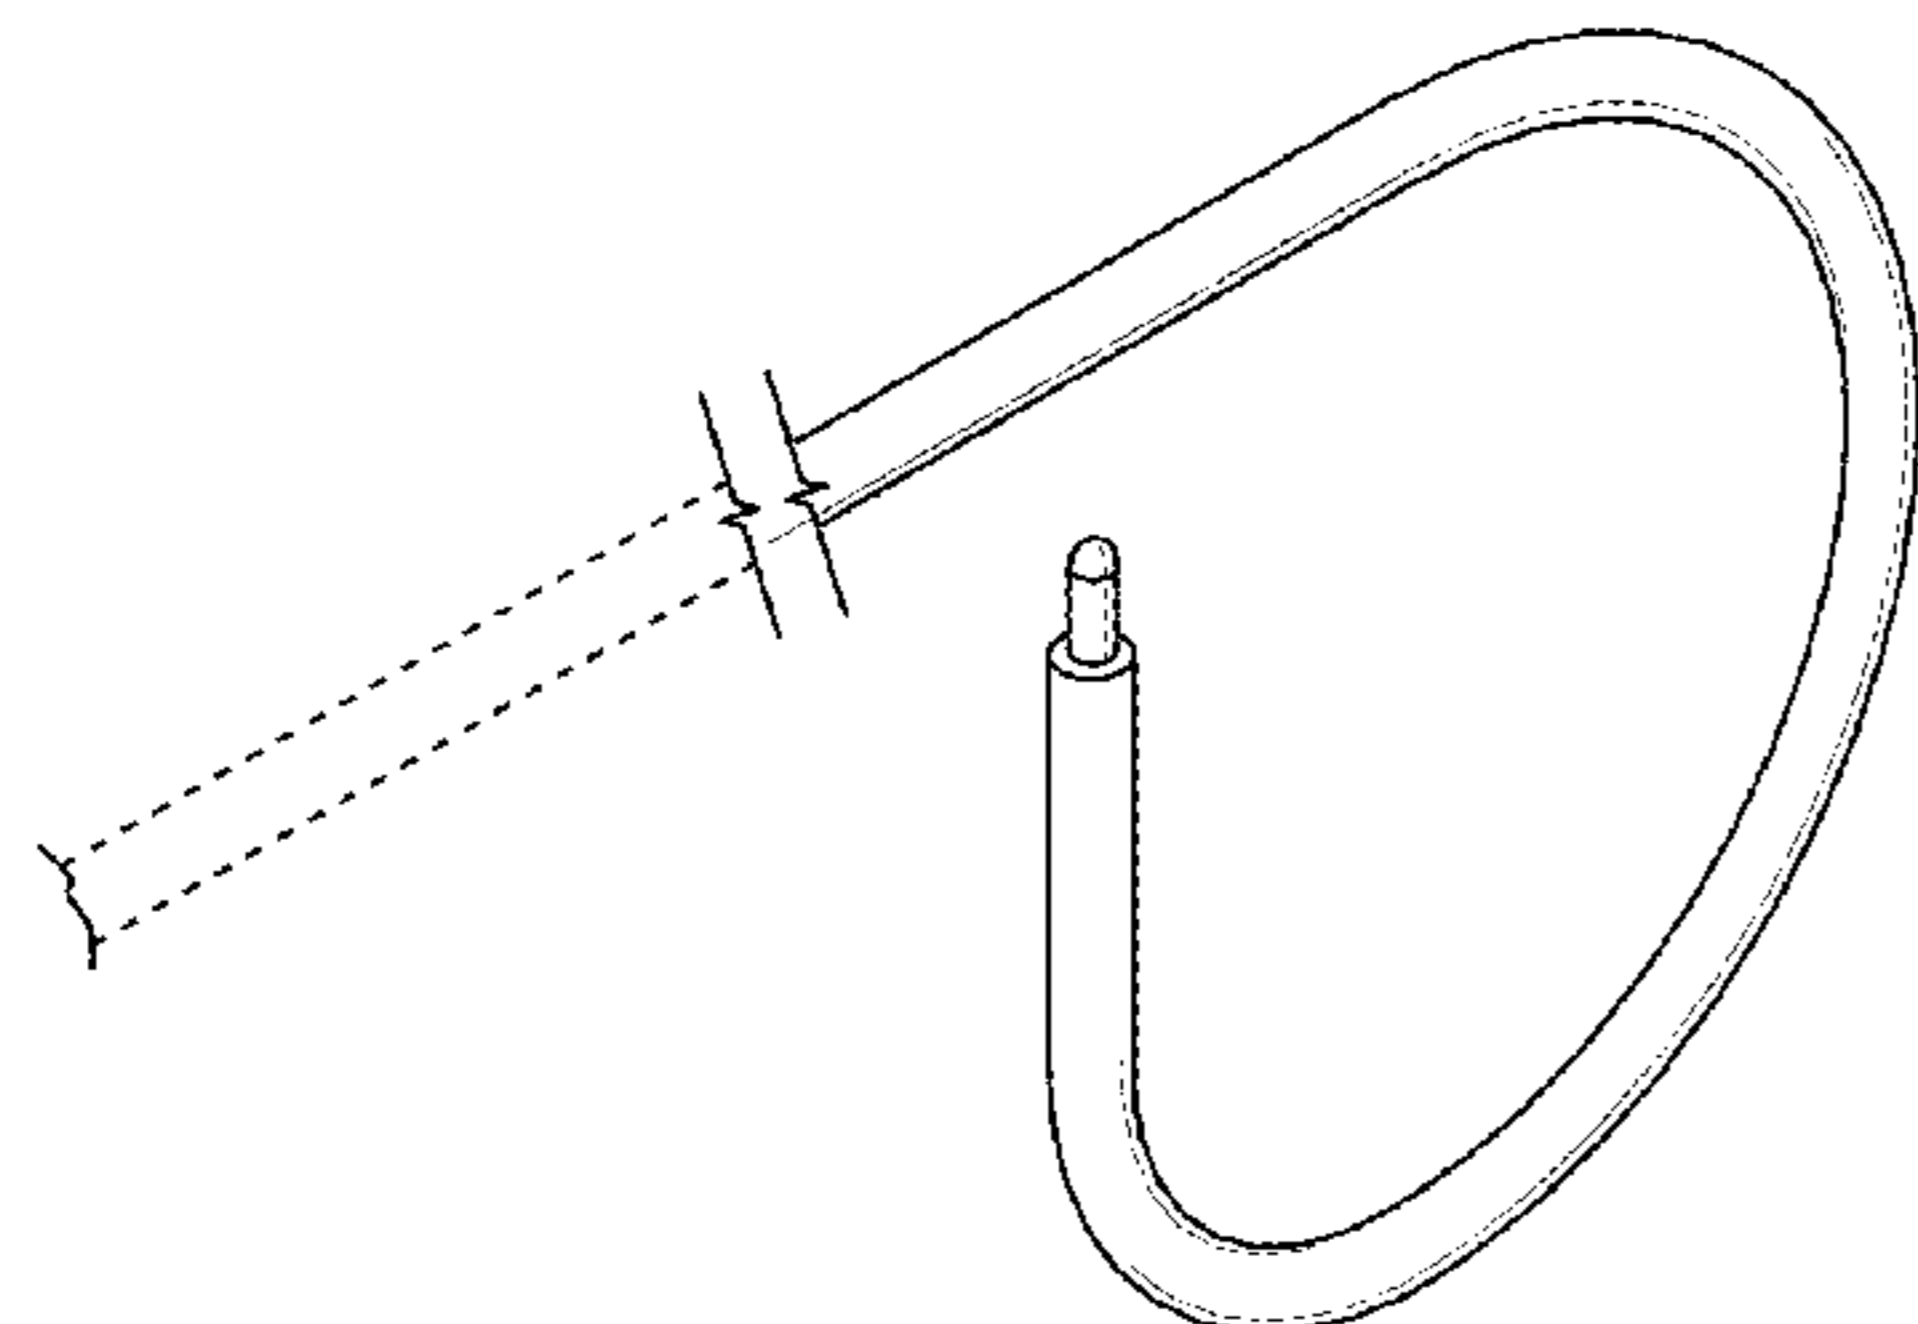

FIG. 13 is a left side view of the curved electrosurgical device of FIG. 8; and,

FIG. 14 is a right side view of the curved electrosurgical device of FIG. 8.

The broken lines immediately adjacent the shaded areas represent the bounds of the claimed design while all other broken lines are directed to environment and are for illustrative purposes only; the broken lines form no part of the claimed design.

The broken away symbols in FIGS. 1-5 and 8-12 indicate that any portion of the article beyond what is shown forms no part of the claimed design.
