(57) **CLAIM**

The ornamental design for a luminaire, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a luminaire, showing our new design;
FIG. 2 is a bottom plan view thereof;
FIG. 3 is a front-side elevation view thereof, with the rear-side elevation view being a mirror image of FIG. 3;
FIG. 4 is a right-side elevation view thereof, with the left-side elevation view being a mirror image of FIG. 4; and,
FIG. 5 is a cross-sectional view thereof taken along the line 5-5 in FIG. 2.

In the drawings, the dash-dot-dash broken lines indicate the boundary of the claimed invention while the broken lines shown adjacent the boundary line represent unclaimed subject matter and form no part of the claimed design. The broken lines shown bisecting the center of the luminaire indicate that the claimed design for a luminaire may be rectangular or square in shape and these lines represent unclaimed subject matter and form no part of the claimed design.
