(57) **CLAIM**

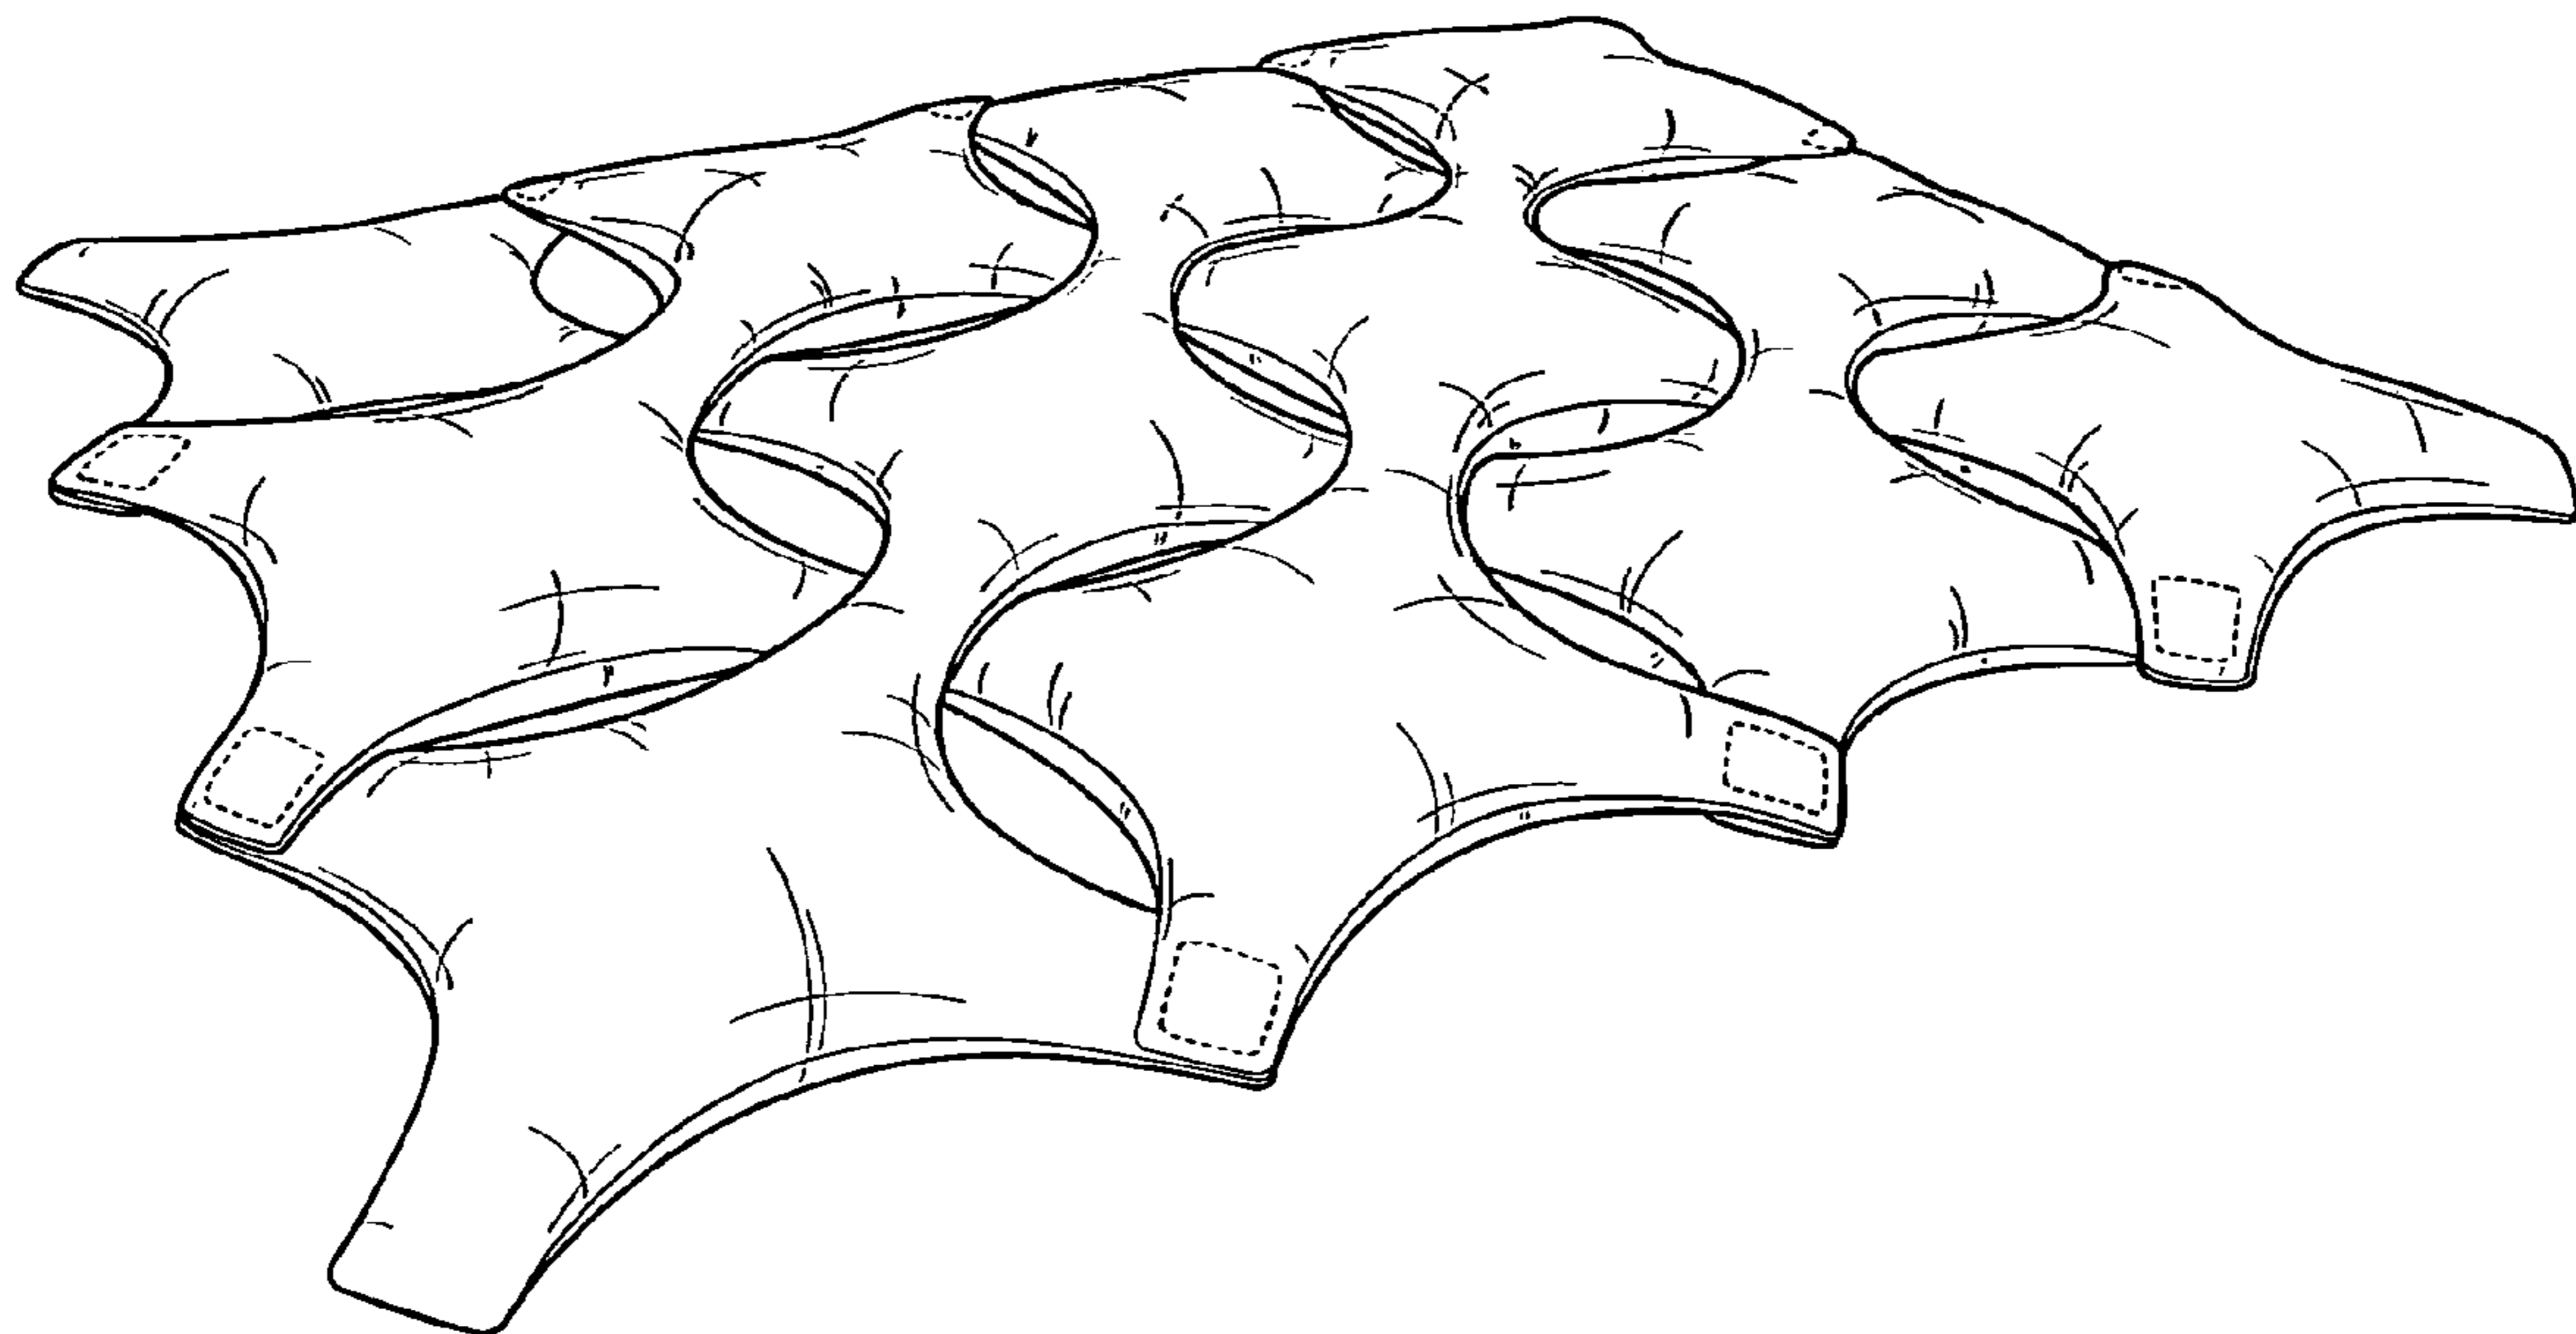

The ornamental design for a pillow, as shown and described.

DESCRIPTION

FIG. 1 is a top view of a pillow showing my new design;
FIG. 2 is a perspective view thereof;
FIG. 3 is a perspective view thereof, shown in an alternate
folded position.
FIG. 4 is a perspective thereof, shown in a second alternate
folded position.
FIG. 5 is a perspective thereof, shown in a third alternate
folded position.
FIG. 6 is a perspective thereof, shown in a fourth alternate
folded position; and,
FIG. 7 is a perspective thereof; and shown in a fifth alternate
folded position.

The bottom view is a mirror image of the top view.
In the drawings, the broken lines represent stitching.
It is a comfortable and multipurpose pillow with a unique and
versatile design and shape which allows it to be used in
different spaces, positioned in different ways according to
personal taste and comfort, and which can be used on various
surfaces. The pillow is composed of two two-sided fabric
filled, interwoven, and sewn together on their ends.
