(57) **CLAIM**

The ornamental design for a monitor with graphic user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright may be made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyrights whatsoever. The patent or application file contains a least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

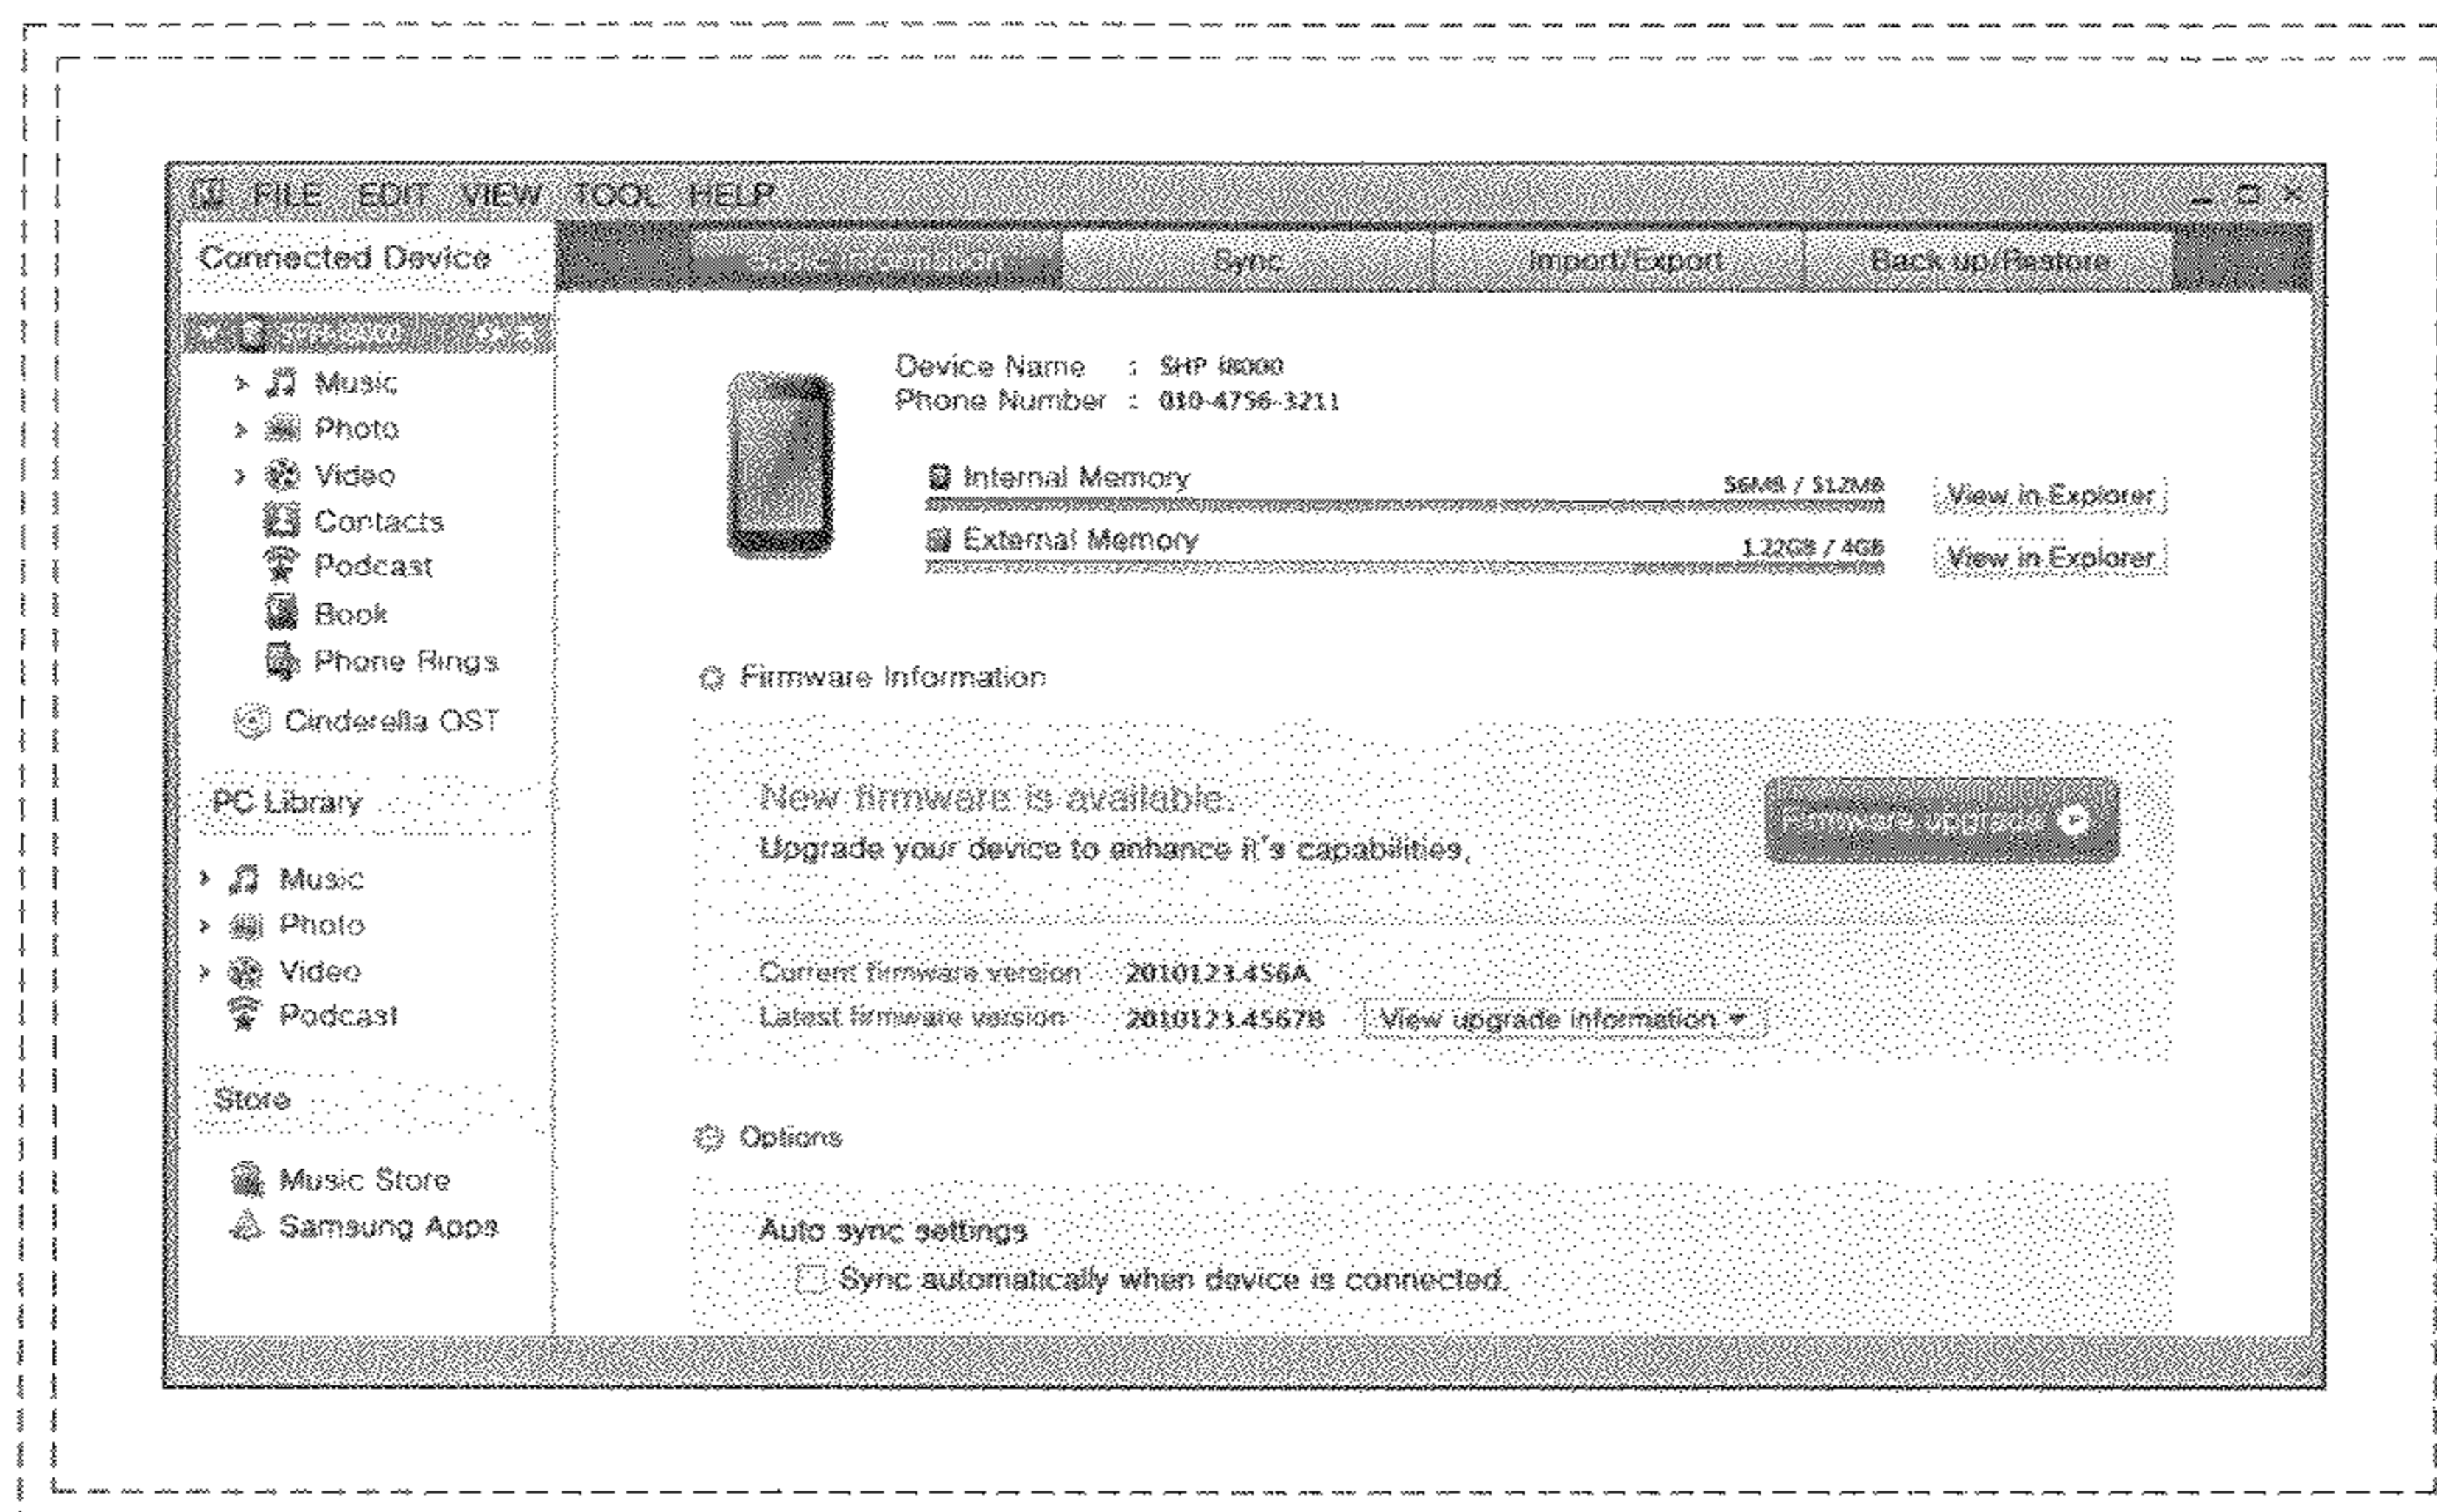

FIG. 1 is a front perspective view of a monitor with graphic user interface; and,

FIG. 2 is a front view of the monitor with graphic user interface of FIG. 1.

The broken line drawing of a monitor is for illustrative purpose only and forms no part of the claimed design.

The Samsung Apps trademark or mark in the left bottom portion of the Figures is a registered trademark or the property of Samsung Electronics Co., Ltd. Trademarks are the property of their respective owners.
