(57) **CLAIM**

The ornamental design for a electrosurgical generator display, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

FIG. 1 is a perspective view of the electrosurgical generator display showing the new design; and,

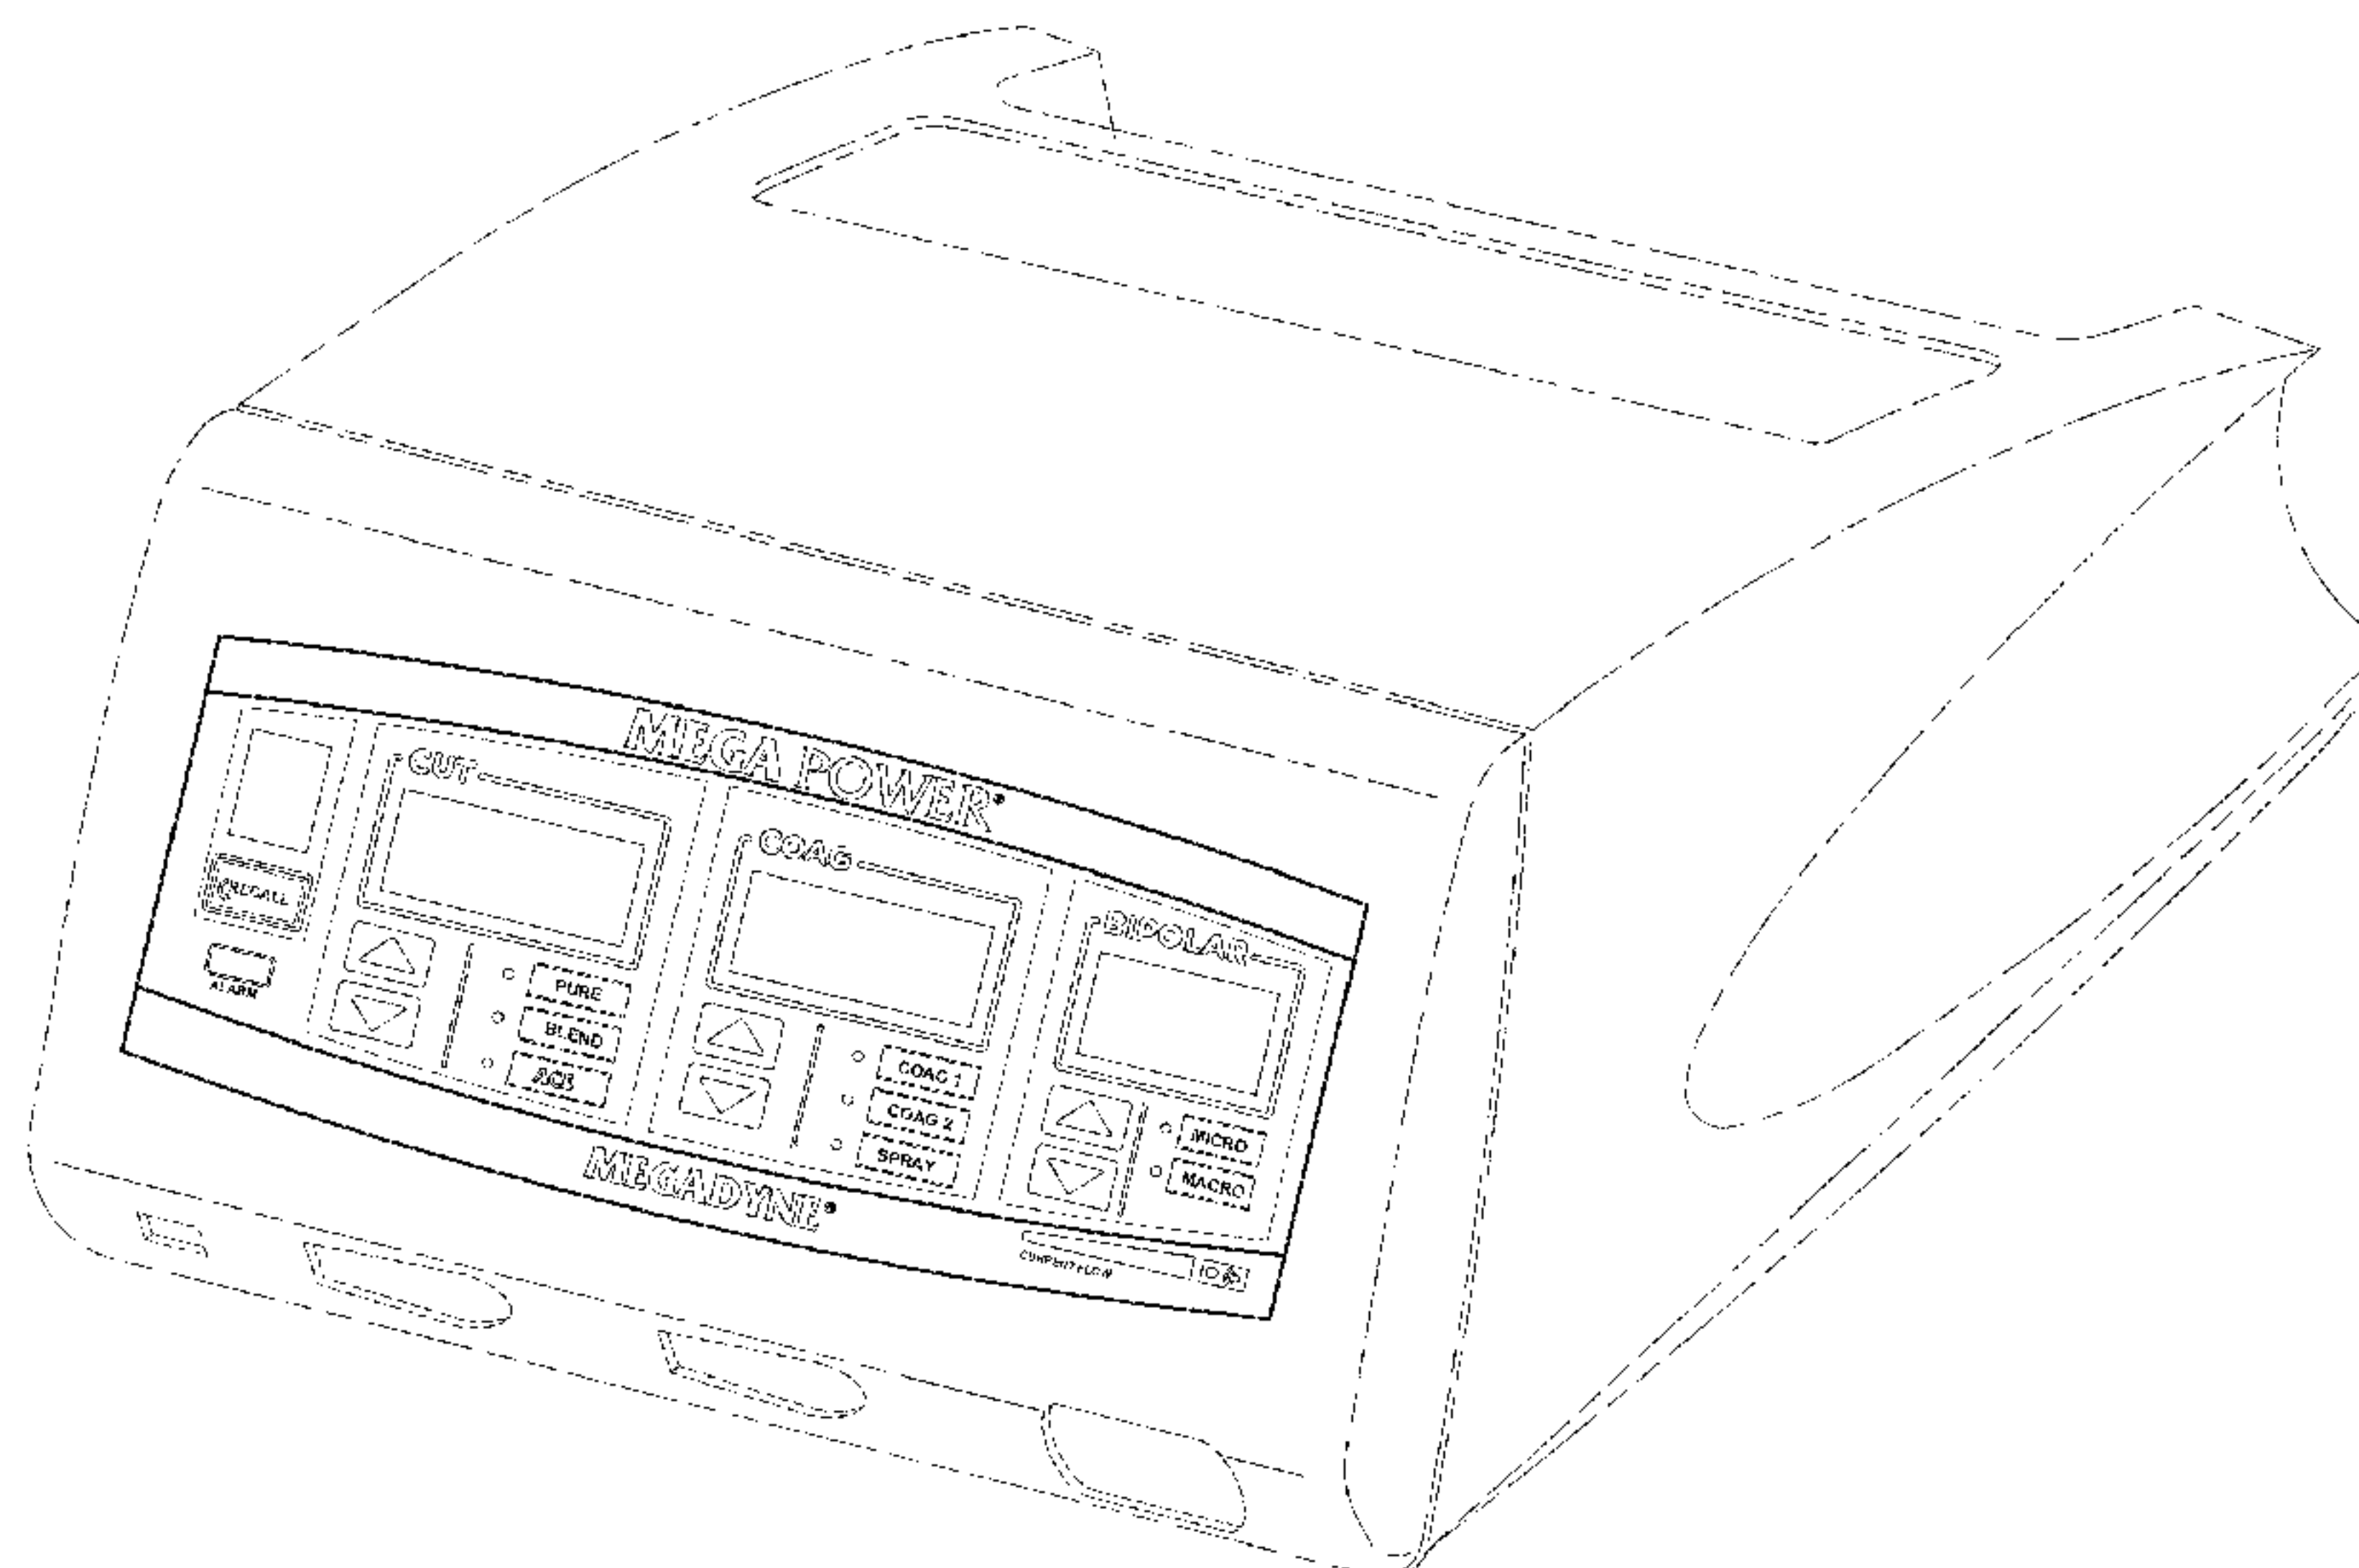

FIG. 2 is a front end view of the electrosurgical generator display.

The long dash-short dash and the even dash lines shown in the figures represent portions of the electrosurgical generator display that form no part of the claimed design.

Those portions shown in solid lines in the figures illustrate the claimed design and are also the subject of a claim of copyright. © 2011 Megadyne Medical Products, Inc.

The trademarks MEGA POWER® and MEGADYNE® form part of the claimed design and are federally registered trademarks owned by Megadyne Medical Products, Inc., the assignee of record of this application.
