(57) **CLAIM**

The ornamental design for an LED display module, as shown and described.

DESCRIPTION

FIG. **1** is a front perspective view of an LED display module showing my new design;, according to one embodiment of the present invention;
FIG. **2** is a front view thereof;
FIG. **3** is a rear view thereof;
FIG. **4** is a side view thereof;
FIG. **5** is a top view thereof; and,
FIG. **6** is a rear perspective view thereof.
The broken lines in the drawing are for the purpose of illustrating portions of the LED display module and form no part of the claimed design.
