(57) **CLAIM**

The ornamental design for a garment, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the top and left side of a first embodiment of the garment;

FIG. 2 is an elevation view of the front of a first embodiment of the said garment;

FIG. 3 is an elevation view of the rear of a first embodiment of the said garment;

FIG. 4 is an elevation view of the left side of the first embodiment of the said garment;

FIG. 5 is an elevation view of the right side of the first embodiment of the said garment;

FIG. 6 is a top view of the first embodiment of the said garment;

FIG. 7 is a bottom view of the first embodiment of the said garment, illustrating a portion of its interior;

FIG. 8 is a perspective view of the top and left side of a second embodiment of the garment;

FIG. 9 is an elevation view of the front of a second embodiment of the said garment;

FIG. 10 is an elevation view of the rear of a second embodiment of the said garment;

FIG. 11 is an elevation view of the left side of the second embodiment of the said garment;

FIG. 12 is an elevation view of the right side of the second embodiment of the said garment;

FIG. 13 is a top view of the second embodiment of the said garment;

FIG. 14 is a bottom view of the second embodiment of the said garment, illustrating a portion of its interior;

FIG. 15 illustrates a plan view of the front of the first embodiment of the garment in its environment of use;

FIG. 16 illustrates a plan view of the rear of the first embodiment of the garment in its environment of use;

FIG. 17 illustrates a plan view of the left side of the first embodiment of the garment in its environment of use;

FIG. 18 illustrates in plan view the first embodiment of said garment in an alternate, generally planar, configuration illustrating the exterior sides;

FIG. 19 illustrates in plan view the first embodiment of said garment in an alternate, generally planar, configuration illustrating the interior sides;

FIG. 20 depicts a plan view of a side of said garment depicted on FIGS. 18 and 19;

FIG. 21 depicts a plan view of the top of said garment depicted on FIGS. 18 and 19; and,

FIG. 22 depicts a plan view of the bottom of said garment depicted on FIGS. 18 and 19.

The broken lines are for illustrative purposes only and form no part of embodiment 2.
