(57) **CLAIM**

The ornamental design for a snow tire stud removing tool, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective front view of a snow tire stud removing tool, showing my new design; FIG. 2 is a perspective rear view thereof; FIG. 3 is a perspective front view thereof; FIG. 4 is a perspective rear view thereof; FIG. 5 is a front view thereof; FIG. 6 is a rear view thereof; and, FIG. 7 is a left side view thereof with a right side view being a mirror image.

A shaft of the snow tire stud removing tool is shown broken away in FIGS. 1 through 7 of the drawings to indicate indeterminate length, it being understood that the shaft has a uniform shape and appearance through out its length.
