(57) **CLAIM**

We claim the ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

A portion of the disclosure of this patent document contains material that is subject to copyright protection. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent files or records, but otherwise reserves all copyright rights whatsoever.

FIG. 1 is a front view of a first embodiment of a display screen with graphical user interface or portion thereof; and, FIG. 2 is a front view of a second embodiment of a user interface of a display screen with graphical user interface or portion thereof.

The broken lines in the drawing which show a display screen, text and other elements, represent portions of the display screen with graphical user interface that form no part of the claimed design.
