(57) **CLAIM**

The ornamental design for a constellation of chambers for
distributing pneumatic pressure, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a constellation of chambers for
distributing pneumatic pressure, viewed along one side of the
constellation.

FIG. 2 is a plan view of the constellation of chambers for
distributing pneumatic pressure, after having been rotated 90°
counter-clockwise from FIG. 1 to present, when viewing FIG.
2, a left side, a right side, a top side, and a bottom side.

FIG. 3 is a plan view of the constellation of chambers for
distributing pneumatic pressure, after having been turned
over from FIG. 2.

FIG. 4 is a side edge view the constellation of chambers for
distributing pneumatic pressure, viewed along the right side
presented in FIG. 2.

FIG. 5 is a side edge view the constellation of chambers for
distributing pneumatic pressure, viewed along the left side
presented in FIG. 2.

FIG. 6 is a side edge view the constellation of chambers for
distributing pneumatic pressure, viewed along the top side
presented in FIG. 2; and,

FIG. 7 is a side edge view the constellation of chambers for
distributing pneumatic pressure, viewed along the bottom
side presented in FIG. 2.

The broken lines in the Figures, which show the outline of a
representative garment that carries the constellation of cham-
bers for distributing pneumatic pressure, are included for the
purpose of illustrating environment and form no part of the
claimed design.
