(57) **CLAIM**

The ornamental design for a collapsible cart for transporting bags, as shown and described.

DESCRIPTION

FIG. 1 is a left side perspective view of the collapsible cart for transporting bags of the present invention showing the Applicant's new design, with the cart shown in its upright position; FIG. 2 is a left side elevation view of the collapsible cart for transporting bags of FIG. 1; FIG. 3 is a right side elevation view of the collapsible cart for transporting bags of FIG. 1; FIG. 4 is a front elevation view of the collapsible cart for transporting bags of FIG. 1; FIG. 5 is a back elevation view of the collapsible cart for transporting bags of FIG. 1; FIG. 6 is a top plan view of the collapsible cart for transporting bags of FIG. 1; FIG. 7 is a bottom plan view of the collapsible cart for transporting bags of FIG. 1; FIG. 8 is a left side perspective view of the collapsible cart for transporting bags of the present invention shown with bags hanging therefrom and with items in the bags; FIG. 9 is a right side elevation view of the collapsible cart for transporting bags of the present invention showing the Applicant's new design, with the cart shown in its collapsed position; and, FIG. 10 is a right side elevation view of the collapsible cart for transporting bags of FIG. 9, shown reduced in size with the cart shown being moved across a surface. The broken line showing of a plurality of bags hanging from the cart and a plurality of items in the bags in FIG. 8 and a surface in FIG. 10 are for illustrative purposes only and forms no part of the claimed design.
