(57) **CLAIM**

The ornamental design for a display panel or screen with a graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a first embodiment of a display panel or screen with a graphical user interface showing our new design.

FIG. 2 is a front elevational view of a second embodiment of a display panel or screen with a graphical user interface showing our new design.

FIG. 3 is a front elevational view of a third embodiment of a display panel or screen with a graphical user interface showing our new design.

FIG. 4 is a front elevational view of a fourth embodiment of a display panel or screen with a graphical user interface showing our new design.

FIG. 5 is a front elevational view of a fifth embodiment of a display panel or screen with a graphical user interface showing our new design.

FIG. 6 is a front elevational view of a sixth embodiment of a display panel or screen with graphical user interface showing our new design; and,

FIG. 7 is a front elevational view of a seventh embodiment of a display panel or screen with a graphical user interface showing our new design.

The broken line showing of a display panel or screen, and other elements forms no part of the claimed design.
