(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a view of a display screen with graphical user interface in accordance with one embodiment, with at least a portion of the user interface having a first appearance state; FIG. 2 is a view of the display screen with graphical user interface with at least the portion of the user interface having a second appearance state; FIG. 3 is a view of the display screen with graphical user interface with at least the portion of the user interface having a third appearance state; and, FIG. 4 is a view of the display screen with graphical user interface with at least the portion of the user interface having a fourth appearance state. The broken lines indicate elements for illustrative purposes only and form no part of the claimed design.
